

Cboe C2 Options Exchange Fee Schedule Changes Effective June 1, 2018

Reference ID: C2018053103

Overview

As previously announced, effective **Friday, June 1, 2018**, the Cboe Global Markets Fee Schedule will be amended for C2 Physical Connectivity and C2 Market Data Connectivity, subject to regulatory review.

Please review the [previous notice](#) for detail regarding the changes.

Update to C2 Logical Port Fees

In addition to the previously noticed changes, the maximum average orders per day per logical port for BOE and FIX Logical Port Usage will be increased from 20,000 orders per trading day to 70,000 orders per trading day per logical port, effective June 1, subject to regulatory review.

Additional Information

We appreciate your continued support and will work hard every day to keep earning your business by powering your potential to stay ahead of an evolving market. As always, we are committed to our customers and to making markets better as your partner in trading.
