Date: April 1, 2013

From: Market Operations Department
RE: Restrictions on Transactions in GMX Resources, Inc. (GMXR)

Effective April 2, 2013, GMX Resources, Inc. (GMXR) will be delisted from the NYSE MKT LLC. Trading in GMXR will commence on the Other-OTC market under the symbol GMXRQ.

Trading on CBOE in existing series of GMXRQ options will be subject to the following restrictions. Only closing transactions may be affected in any series of GMXRQ options except for (i) opening transactions by Market-Makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE TPH organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in GMXRQ options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. TPH organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25.

Options overlying the adjusted symbol GMXR1 will also be subject to the same restrictions as GMXRQ.

There are no restrictions in place with respect to the exercise of GMXRQ options.
