RE: Restrictions on Transactions in
Seahawk Drilling, Inc. ("HAWK")

Effective February 24, 2011 the NASDAQ has suspended trading in Seahawk Drilling, Inc ("HAWK"). Trading in Seahawk Drilling, Inc. has commenced on the Other OTC market under the symbol HAWKQ.

Trading on the CBOE in existing series of HAWKQ options will be subject to the following restrictions. Only closing transactions may be affected in any series of HAWKQ options except for (i) opening transactions by Market-Makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE member organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in HAWKQ options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. Member organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25.

There are no restrictions in place with respect to the exercise of HAWKQ options. The provisions of this circular apply to any options on HAWKQ traded on CBOE.
