Subject: ProShares Short Euro

Background Information on the Fund

As more fully explained in the [Registration Statement](#) (No. 333-178707) for the ProShares Trust (the “Trust”), the Trust is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), and consists of multiple series, including the ProShares Short Euro (the “Fund”).

ProShare Capital Management LLC serves as the Trust’s sponsor, commodity pool operator and commodity trading advisor. Brown Brothers Harriman & Co. serves as the custodian and transfer agent. SEI Investments Distribution Co. is the distributor for the Fund (“Distributor”). Brown Brothers Harriman & Co. is the administrator, index receipt agent, and fund accounting agent.

Description of the Fund

ProShares Short Euro is designed to track the inverse (-1x) of the daily performance of the euro spot price versus the U.S. dollar. The Fund seeks to return a multiple (-1x) times the performance of its benchmark daily, not for any other period. The Fund uses the 4:00 p.m. (Eastern Time) euro/dollar exchange rate as provided by Bloomberg, expressed in terms of U.S. dollars per unit of foreign currency, as the basis for the underlying benchmark.

Daily rebalancing and the compounding of each day’s return over time means that the return of the Fund for a period longer than a single day will be the result of each day’s returns compounded over the period, which will very likely differ from the inverse (-1x) of the return of the Fund’s benchmark for the period. The Fund’s benchmark is the U.S. dollar price of the euro.

The Fund will continuously offer and redeem its Shares in blocks of 50,000 Shares (each such block, a “Creation Unit”). Only Authorized Participants may purchase and redeem Shares from a Fund and then only in Creation Units. An Authorized Participant is an entity that has entered into an Authorized Participant Agreement with the Trust and ProShare Capital Management LLC.

The Depository Trust Company (“DTC”) will serve as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV per Share of the Fund will be determined as of the close of trading (normally, 4:00 p.m. Eastern Time (“ET”)) on each day that EDGA Exchange, Inc. and EDGX Exchange, Inc. (the “Exchanges”) are open for business (a “Business Day”). NAV will be available from the Distributor and is also available to National Securities Clearing Corporation (“NSCC”) participants through data made available from NSCC.

The Fund’s [Registration Statement](#) describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the Index, visit www.proshares.com.

Principal Risks

Interested persons are referred to the prospectus (the “[Prospectus](#)”) for a description of risks associated with an investment in the Shares. These risks include: market risk; currency risk; concentration risk; short exposure risk; credit and liquidity risks; and illiquid markets risk.

In addition, as noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund’s holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares.

Exchange Rules Applicable to Trading in the Shares

The shares are considered equity securities, thus rendering trading in the shares subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

Trading in the shares on the Exchanges is on a UTP basis and is subject to the Exchanges’ equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value (“IIV”). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

The Exchanges will halt trading in the shares in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because

it stops trading the shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the shares if the primary market de-lists the shares.

Suitability

Trading in the shares on the Exchanges will be subject to the provisions of EDGA and EDGX Exchange Rules 3.7. Members recommending transactions in the shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the “know your customer” obligation that is embedded in Exchange Rules 3.7.

Members also should review FINRA Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund’s [website](#). The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust’s registration statement.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Commission has issued letters dated October 24, 2006, November 21, 2005 and August 17, 2001 (together, the “No- Action Letters”) granting exemptive, interpretive and no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 for exchange-traded funds listed and traded on a registered national securities exchange that meet certain criteria. Members are referred to the No-Action Letters, available at www.sec.gov, for additional information.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid

for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The Commission issued a No-Action Letter by which persons participating in a distribution of shares of a fund may engage in secondary market transactions in such shares during their participation in such a distribution, despite the requirements of from Rule 101 under Regulation M. In addition, the SEC has permitted persons who may be deemed to be participating in the distribution of shares of a fund (i) to purchase securities for the purpose of purchasing creation unit aggregations of fund shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the Commission has clarified that the tender of fund shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The Commission has issued a No-Action Letter relating to paragraph (e) of Rule 102 under Regulation M which allow the redemption of fund shares in creation unit aggregations during the continuous offering of shares.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD (now FINRA) Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 22, 2005 from Brian A Bussey, Assistant Chief Counsel, SEC Division of Market Regulation, to Barclays Global Investors, N.A., dated November 22, 2005. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act now states that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.
