### Regulatory Information Circular

Circular Number:	2011-109	Contact:	Jeff Rosenstock
Date:	September 15, 2011	Telephone:	(201) 942-8295

**Subject: PowerShares Fundamental Investment Grade Corporate Bond Portfolio (ETF)**

### **Background Information on the Fund**

As more fully explained in the Registration Statement (No. 811-21977), the PowerShares Exchange-Traded Fund Trust II ("Trust") is registered under the Investment Company Act of 1940 (the "1940 Act") as an open-end management investment company that consists of separate exchange-traded funds (each, a "Fund" and collectively, the "Funds"). The Fund is registered investment companies and exchange-traded "index funds" ("ETFs"). The shares of the Fund are referred to herein as "Shares."

### **Description of the Fund**

The Fund seeks investment results that correspond (before fees and expenses) generally to the price and yield of RAFI<sup>®</sup> Investment Grade Bond Index (the "Underlying Index"). The Fund will invest at least 80% of its total assets in the component securities that comprise the Underlying Index. The Underlying Index represents the performance of a theoretical portfolio of investment grade corporate bonds that must be rated BBB/Baa or higher by both Moody's Investors Service, Inc. and Standard & Poor's, a division of The McGraw-Hill Companies, Inc. The Underlying Index is comprised of U.S. dollar-denominated bonds registered for sale in the United States whose issuers are public companies listed on a major U.S. stock exchange. The Underlying Index is comprised of bonds with weighted average maturities of 5.8 years and weighted average credit ratings of A3/A, as of June 30, 2011. Only securities with greater than one year to maturity qualify for inclusion in the Underlying Index. In determining each individual security's relative weight within the Underlying Index, Research Affiliates, LLC (the "Index Provider") utilizes four fundamental corporate accounting variables: book value of assets, gross sales, gross dividends and cash flow. A composite fundamental weight is calculated for each security by comparing its four fundamental variables against those of the other issuers in the Underlying Index universe. The Fund does not purchase all of the securities in the Underlying Index. Instead, the Fund utilizes a "sampling" methodology in seeking to achieve its investment objective. A significant percentage (i.e., approximately 35%) of the Underlying Index is comprised of companies in the manufacturing sector. The manufacturing sector includes companies that principally are engaged in the production of goods or products for commercial or consumer use. Sector allocation is not a factor in the construction of the Underlying Index and, accordingly, the Underlying Index's allocations to any particular sector may increase or decrease over time.

Invesco PowerShares Capital Management LLC, Inc. is the investment adviser to the Fund. Invesco Distributors, Inc. is the distributor for the Fund (“Distributor”). The Bank of New York Mellon is the custodian, administrator, fund accounting agent and transfer agent for the Fund. As described more fully in the Trust’s prospectus (“Prospectus”) and Statement of Additional Information (“SAI”), Authorized participants (“APs”) may acquire Shares directly from the Fund, and shareholders may tender their Shares for redemption directly to the Fund, at NAV per Share only in large blocks of 50,000 Shares (each block of shares called a “Creation Unit”) or multiple thereof (“Creation Unit Aggregations”), and in accordance with the procedures described in the SAI.

The Depository Trust Company (“DTC”) serves as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV per Share for the Fund will be determined each business day, normally at the close of regular trading (ordinarily, 4:00 p.m. Eastern Standard Time (“ET”)) on the Exchanges. NAV is calculated by dividing the value of the net assets of a Fund (i.e., the total value of its assets less all liabilities) by the number of Shares outstanding, rounded to the nearest cent. NAV will be available from the Distributor and will also be available to National Securities Clearing Corporation (“NSCC”) participants through data made available from NSCC.

The Trust’s registration statement describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the underlying index, visit [www.InvescoPowerShares.com](http://www.InvescoPowerShares.com).

### **Principal Risks**

Interested persons are referred to the Prospectus for a description of risks associated with an investment in the Shares. These risks include fixed-income securities risk; liquidity risk; call risk; sampling risk; index risk; manufacturing sector risk; concentration risk; non-correlation risk; non-diversified fund risk; and the risk that a Fund’s return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund’s holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares.

The Fund’s prospectus describing correlation and other risks is available at [www.InvescoPowerShares.com](http://www.InvescoPowerShares.com).

### **Exchange Rules Applicable to Trading in the Shares**

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities.

### **Trading Hours**

Trading in the Shares on EDGA and EDGX Exchanges (the “Exchanges”) is on a UTP basis and is subject to the Exchanges equity trading rules. The Shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the Shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or

dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

### **Trading Halts**

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

### **Suitability**

Trading in the Shares on the Exchanges will be subject to the provisions of EDGA and EDGX Exchange Rules 3.7. Members recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, Members must possess sufficient information to satisfy the "know your customer" obligation that is embedded in Exchange Rules 3.7.

Members also should review FINRA Notice to Members 03-71 for guidance on trading these products. The Notice reminds Members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

### **Delivery of a Prospectus**

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Commission has issued letters dated April 9, 2007, November 21, 2005 and August 21, 2001 ("each a No-Action Letter" and together with the "No-Action Letters") granting exemptive, interpretive and no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 for exchange-traded funds listed and traded on a registered national securities exchange that meet certain criteria. ETF Holders are referred to the No-Action

Letters, available at [www.sec.gov](http://www.sec.gov), for additional information.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The Commission issued a No-Action Letter by which persons participating in a distribution of shares of a fund may engage in secondary market transactions in such shares during their participation in such a distribution, despite the requirements of from Rule 101 under Regulation M. In addition, the SEC has permitted persons who may be deemed to be participating in the distribution of shares of a fund (i) to purchase securities for the purpose of purchasing creation unit aggregations of fund shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the Commission has clarified that the tender of fund shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The Commission has issued a No-Action Letter to paragraph (e) of Rule 102 under Regulation M which allow the redemption of fund shares in creation unit aggregations during the continuous offering of shares.

### **Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)**

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Units for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing creation unit aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

1. Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
2. Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
3. Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

### **SEC Rule 14e-5**

The Commission has permitted any person acting as a dealer-manager of a tender offer for a component security of fund (1) to redeem fund shares in creation unit aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase fund shares during such tender offer. In addition, a No-Action has been issued under Rule 14e-5 states

that if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more creation unit aggregations of shares, it must be made in conformance with the following:

- i. such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- ii. purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- iii. such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 22, 2005 from Brian A Bussey, Assistant Chief Counsel, SEC Division of Market Regulation, to Barclays Global Investors, N.A., dated November 22, 2005. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act stating that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

#### **SEC Rule 15c1-5 and 15c1-6**

The Commission has issued a No-Action letter with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of fund shares and secondary market transactions therein.
