**Subject: RevenueShares ETF Trust**

### **Background Information on the Fund**

As more fully explained in the Registration Statement (Nos. 811-21993 and 333-139501) for the Trust, the Trust is an open-end management investment company registered under the Investment Company Act of 1940, as amended ("1940 Act"). The Fund one of a series of funds of the Trust and will operate as an exchange-traded "index funds."

The RevenueShares ADR Fund seeks to achieve its investment objective of outperforming the total return performance of the S&P ADR Index by investing in the constituent securities of the S&P ADR Index in the same proportions as the RevenueShares ADR Index. The RevenueShares ADR Index is constructed using a rules-driven methodology, which re-weights the constituent securities of the S&P ADR Index according to the revenue earned by the companies in that index, subject to certain tax diversification requirements. The resulting RevenueShares ADR Index contains the same securities as the S&P ADR Index, but in different proportions.

VTL Associates, LLC is the investment adviser to the Fund. BNY Investment Advisors serves as sub-adviser to the Fund. Foreside Fund Services, LLC ("Distributor") is the distributor for the Fund.

As described more fully in the Trust's prospectus ("Prospectus") and Statement of Additional Information ("SAI"), the Fund will issue and redeem shares on a continuous basis, at its net asset value ("NAV"), only in large blocks of 50,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed generally in exchange for cash or in kind securities, as the case may be. Except when aggregated in Creation Units, the Shares are not redeemable securities of a Fund.

The Depository Trust Company ("DTC") serves as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV per Share for the Fund will be determined each business day, normally at the close of regular trading (ordinarily, 4:00 p.m. Eastern Standard Time ("ET")) on the Exchange. NAV is calculated by dividing the value of the net assets of a Fund (i.e., the total value of its assets less all liabilities) by the number of Shares outstanding, rounded to the nearest cent. NAV will be available from the Distributor and will also available to National Securities Clearing Corporation ("NSCC") participants through data made available from NSCC.

The Trusts registration statement describes the various fees and expenses for the Fund's Shares. For a more complete description of the Funds and the underlying indexes, visit [www.revenusharesetfs.com](http://www.revenusharesetfs.com).

### **Purchases and Redemptions in Creation Unit Size**

Members are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust's Prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

### **Principal Risks**

Interested persons are referred to the discussion in the Trusts Prospectus of principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment approach risk, stock market risk, investment approach risk and Shares of the Fund may trade at prices other than NAV.

### **Exchange Rules Applicable to Trading in the Shares**

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

### **Trading Hours**

Trading in the shares on EDGA and EDGX Exchanges (the "Exchanges") is on a UTP basis and is subject to the Exchanges equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

### **Trading Halts**

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

### **Delivery of a Prospectus**

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Commission has issued letters ( the "No- Action Letters") granting exemptive, interpretive and no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 for exchange-traded funds listed and traded on a registered national securities exchange that meet certain criteria. The Funds qualify for the relief granted in the No- Action Letters, a description of which follows.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The Commission issued a No-Action Letter by which persons participating in a distribution of shares of a fund may engage in secondary market transactions in such shares during their participation in such a distribution, despite the requirements of from Rule 101 under Regulation M. In addition, the Commission has permitted persons who may be deemed to be participating in the distribution of shares of a fund (i) to purchase securities for the purpose of purchasing creation unit aggregations of fund shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the Commission has clarified that the tender of fund shares to the Fund for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The Commission has issued a No-Action Letter to paragraph (e) of Rule 102 under Regulation M which allow the redemption of fund shares in creation unit aggregations during the continuous offering of shares.

### **Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)**

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Units for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing creation unit aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

1. Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
2. Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
3. Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

### **SEC Rule 14e-5**

The Commission has permitted any person acting as a dealer-manager of a tender offer for a component security of fund (1) to redeem fund shares in creation unit aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase fund shares during such tender offer. In addition, a No-Action has been issued under Rule 14e-5 states that if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more creation unit aggregations of shares, it must be made in conformance with the following:

- i. such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- ii. purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- iii. such bids or purchases are not affected for the purpose of facilitating such tender offer.

### **Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 21, 2005 from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act states that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or

maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

**SEC Rule 15c1-5 and 15c1-6**

The Commission has issued a No-Action letter with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of fund shares and secondary market transactions therein.
