**Subject: Claymore U.S. Capital Markets Bond ETF  
Claymore U.S. Capital Markets Micro-Term Fixed Income ETF**

### **Background Information on the Funds**

The Claymore Exchange-Traded Fund Trust (the "Trust") is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust consists of several exchange-traded funds (each, a "Fund" and collectively, the "Funds"). This circular refers only to the three Funds listed in the Appendix. The shares of each of the Funds listed above are referred to herein as "Shares." Claymore Advisors, LLC (the "Adviser") serves as the investment adviser for the Funds.

UBD, using a low cost "passive" or "indexing" investment approach, seeks investment results that correspond generally to the performance, before fees and expenses, of a fixed income securities index called CPMKTB - The Capital Markets Bond Index (the "CPMKTB Index"). The CPMKTB Index is a total return index comprised of approximately 6,146 long-term U.S. investment grade fixed income securities as of January 1, 2008. Securities eligible for inclusion in the CPMKTB Index, as determined by Dorchester Capital Management Company ("Dorchester") are long-term fixed income securities (defined as those with redemption dates greater than one year from the start of the month as determined by yield to worst calculation), including U.S. Treasury securities, U.S. federal agency and other government sponsored entities' fixed income securities, investment grade U.S. corporate fixed income securities and U.S. agency mortgage pass-through securities such as those issued by the Government National Mortgage Association ("GNMA"), the Federal National Mortgage Association ("FNMA"), and the Federal Home Loan Mortgage Corporation ("FHLMC") that are backed by pools of mortgages. The CPMKTB Index may also include U.S. registered, dollar-denominated bonds of foreign corporations, governments, agencies and supra-national agencies.

ULQ will normally invest at least 80% of its total assets in fixed income securities that comprise the CPMKTL Index. ULQ also will normally invest at least 80% of its net assets in U.S. fixed income securities. ULQ has adopted a policy that requires it to provide shareholders with at least 60 days notice prior to any material change in these policies or the CPMKTL Index. The Board of Trustees of the Trust may change ULQ's investment strategy and other policies without shareholder approval, except as otherwise indicated.

UEM, using a low cost "passive" or "indexing" investment approach, seeks investment results that correspond generally to the performance, before fees and expenses, of the CPMKTS - The Capital Markets Index (the "CPMKTS Index") which includes equity, fixed income and money market securities. The CPMKTS Index is a total return index that includes common stock equity securities, micro-term investment grade fixed income securities and money market instruments,

and long-term investment grade fixed income securities. The number of securities included in the CPMKTS Index has ranged from approximately 5,700 to 7,800 long-term U.S. investment grade fixed income securities selected monthly; approximately 1,000 to 2,350 micro-term U.S. investment grade fixed income securities and money market instruments selected monthly; and 2,000 equity securities selected quarterly, based on market capitalization of the common stock of actively-traded United States corporations, generally with market capitalizations between \$300 million and \$500 billion, for the previous ten year period. The CPMKTS Index may also include U.S. registered, dollar-denominated bonds of foreign corporations, governments, agencies and supra-national agencies. Dorchester defines “actively traded” as common stocks that are listed on a major U.S. exchange and have been traded within the past 45 days. During each quarter, the number of equity securities may decrease as the common stocks are either delisted or not actively traded for any reason including, but not limited to, mergers, acquisitions and bankruptcies. Once removed, an equity security will not be returned to or replaced in the Index for any reason before the start of the next quarter.

UEM will normally invest at least 80% of its total assets in equity, fixed income and money market securities that comprise the CPMKTS Index. UEM also will normally invest at least 80% of its net assets in U.S. securities. UEM has adopted a policy that requires it to provide shareholders with at least 60 days notice prior to any material change in these policies or the CPMKTS Index. The Board of Trustees of the Trust may change UEM's investment strategy and other policies without shareholder approval, except as otherwise indicated.

The Adviser seeks a correlation over time of 0.95 or better between each Fund's performance and the performance of the total return of the underlying indexes less any expenses or distributions. A figure of 1.00 would represent perfect correlation. For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information (“SAI”), the Funds issue and redeem Shares at net asset value (“NAV”) only in large blocks of 100,000 Shares for UBD and ULQ and 200,000 Shares for UEM (each block of Shares called a “Creation Unit”) or multiples thereof. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Income dividends, if any, are distributed to shareholders monthly for UBD and ULQ. Net capital gains are distributed at least annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or “ET”) of the Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Funds' website at [www.claymore.com](http://www.claymore.com).

### **Purchases and Redemptions in Creation Unit Size**

Members are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and SAI, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

### **Principal Risks**

Interested persons are referred to the discussion in the prospectus for the Funds of the principal risks of an investment in the Funds. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, derivatives risk, credit risk, call risk, interest rate risk, default risk, high-yield bond risk, bankruptcy risk and small and medium-sized company risk.

### **Exchange Rules Applicable to Trading in the Shares**

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

### **Trading Hours**

Trading in the shares on the Exchanges is on a UTP basis and is subject to the Exchanges' equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

### **Trading Halts**

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

### **Suitability**

Trading in the Shares on the Exchanges will be subject to the provisions of EDGA and EDGX Exchange Rules 3.7. Members recommending transactions in the Shares to customers should

make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the “know your customer” obligation that is embedded in Exchange Rules 3.7.

Members also should review FINRA Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

### **Delivery of a Prospectus**

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund’s website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust’s registration statement.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the “Act”) regarding trading in the above mentioned exchange-traded Fund.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds’ securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow

the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)**

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Units for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing creation unit aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

### **SEC Rule 14e-5**

The Commission has permitted any person acting as a dealer-manager of a tender offer for a component security of fund (1) to redeem fund shares in creation unit aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase fund shares during such tender offer. In addition, a No-Action has been issued under Rule 14e-5 states that if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more creation unit aggregations of shares, it must be made in conformance with the following:

- i. such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- ii. purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- iii. such bids or purchases are not affected for the purpose of facilitating such tender offer.

### **Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has

clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 22, 2005 from Brian A Bussey, Assistant Chief Counsel, Division of Market Regulation, to Barclays Global Investors, N.A., dated November 22, 2005. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act states that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

### **SEC Rule 15c1-5 and 15c1-6**

The SEC has taken a no-action position with respect to Rule15c1-5 and Rule15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund shares and secondary market transactions therein.

**This Regulatory Information Circular is not a statutory Prospectus. Members should consult the Trust's Registration Statement, SAI, Prospectus and the Fund's website for relevant information.**
