Subject: WisdomTree Dreyfus New Zealand Dollar Trust

Background on the Fund

As more fully explained in the Registration Statement (No. 333-132380 and 811-21864), the Trust is registered under the Investment Company Act of 1940 (the “1940 Act”) as an open-end management investment company. The Trust is organized as a series funds, currently consisting of separate investment portfolios. The Funds are an “exchange-traded fund” (“ETFs”) However, in contrast to traditional ETFs, the Funds will not seek to replicate the performance of an underlying benchmark securities index, but will instead, be “actively-managed” so that the portfolio manager is able to choose securities for the Fund’s portfolio consistent with the Fund’s investment objective and its prospectus.

WisdomTree Dreyfus New Zealand Dollar Fund (“New Zealand Dollar Fund “) seeks to earn current income reflective of money market rates in New Zealand available to foreign investors and to provide exposure to changes in the value of the New Zealand Dollar relative to the U.S. dollar. The New Zealand Dollar Fund seeks to achieve its investment objective by investing in short term securities designed to provide exposure to New Zealand currency and money market rates. Because the market for money market securities in New Zealand is relatively small and less liquid than corresponding markets in other countries, the New Zealand Dollar Fund intends to achieve exposure to currency markets in New Zealand by investing primarily in short term U.S. money market securities and also in forward currency contracts and swaps. The combination of U.S. money market securities with forward currency contracts and currency swaps is designed to create a position economically similar to a money market security denominated in New Zealand Dollars.

WisdomTree Asset Management, Inc. (“WTA” or “Advisor”) is the investment advisor to the Funds. The Advisor is registered under the Investment Advisers Act of 1940. The Advisor’s parent corporation is WisdomTree Investments, Inc. (“WTI”). The Funds will be advised by WTA. WTA has entered into a Sub-advisory Agreement with Dreyfus Corporation (“Dreyfus”). Dreyfus is wholly owned subsidiary of BNY Mellon. The Bank of New York is the administrator, custodian and transfer agent for each Fund.

As described more fully in the Trust’s Prospectus and Statement of Additional Information (“SAI”), the Funds issues and redeems Shares at their net asset value (“NAV”) only in large blocks of 200,000 Shares (each block of 200,000 Shares called a “Creation Unit”), in exchange for a basket of money market securities and/or cash. Each International Currency Income Fund

also may issue and redeem Creation Units in exchange for a designated basket of non-U.S. currency and an amount of U.S. cash. Shares of the Fund will trade at market prices that may differ from the NAV. Shares of the Fund are redeemable only in Creation Units in exchange for cash. Except when aggregated in Creation Units, the Shares may not be redeemed with the Trust.

The Trusts registration statement describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying index, visit www.wisdomtree.com.

Disclosure of Portfolio Holdings

Unlike traditional ETFs that are not required to provide daily portfolio disclosure, the Funds will prior to the opening each business day, make publicly available on their website, www.wisdomtree.com, a file of all the portfolio securities and other assets held by each Fund and the quantities thereof, as of the close of business on the prior business day, reflecting all securities bought and sold on such prior business day. This information will be available to investors and market participants accessing the Funds' website and will form the basis for each Funds calculation of NAV as of the close of regular trading on the Exchange's Core Trading Session (normally 4:00 p.m. Eastern Time).

Portfolio Indicative Value

The NYSE Arca will disseminate, at least every 15 seconds, through the facilities of the Consolidated Tape Association, an estimated value for the Fund's on a per-Share basis (the "Portfolio Indicative Value"). The Portfolio Indicative Value is designed to provide investors with a reference value which can be used in connection with other related market information.

The Exchange does not guarantee the accuracy or completeness of the Portfolio Indicative Value. The Portfolio Indicative Value is determined by dividing the "Estimated Fund Value" as of the time of the calculation by the total Shares outstanding. "Estimated Fund Value" is the sum of the estimated amount of cash held in the Fund's portfolio, the estimated value of the securities held in the Fund's portfolio and the estimated amount of accrued interest, minus the estimated amount of liabilities.

The Portfolio Indicative Value on a per-Share basis disseminated should not be viewed as a real time update of the NAV, which is calculated only once a day.

Other Information about the Fund

Each of the Brazilian Real Fund, Chinese Yuan Fund and the Indian Rupee Fund intend to pay out dividends, if any, annually. The Euro Fund intends to pay out dividends, if any, quarterly.

The Depository Trust Company ("DTC") will serve as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV of each Fund's shares is calculated once daily each day the Exchange is open for business (a "Business Day") as of the close of regular trading, generally 4:00 p.m. Eastern time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. In calculating a Fund's NAV, Fund investments generally are valued using market valuations. Short-term debt securities with remaining maturities of 60 days or less generally are valued on the basis of amortized cost. U.S. fixed income assets may be valued as of the announced closing time for such securities on any day that the Securities Industry and Financial Markets Association announces an early closing time. The value of any assets or liabilities denominated in a currency other than the U.S. dollar are converted into U.S. dollars using an exchange rate deemed appropriate by the Fund.

Purchases and Redemptions in Creation Unit Size

Members are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust's Prospectus and SAI and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

The Trust's Prospectus and SAI describe additional procedures and requirements that apply to the creation and redemption of Shares.

Principal Risks

Interested persons are referred to the Trust's Prospectus for a completed description of risks associated with an investment in the Shares. As noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

Trading in the shares on EDGA and EDGX Exchanges (the "Exchanges") is on a UTP basis and is subject to the Exchanges equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

Suitability

Trading in the Shares on the Exchanges will be subject to the provisions of EDGA and EDGX Exchange Rules 3.7. Members recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the “know your customer” obligation that is embedded in Exchange Rules 3.7.

Members also should review FINRA Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund’s website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust’s registration statement.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Commission has issued a letter dated May 9, 2008 (the “No-Action Letter”) granting exemptive or no-action relief from certain rules under the Securities Exchange Act of 1934 for the Shares.

Regulation M Exemptions

Under the No-Action Letter, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 15c1-5 and 15c1-6 (Disclosure of Control and Interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

Members are referred to the full text of the No-Action Letter for additional information.

This Regulatory Information Circular is not a statutory Prospectus. Members should consult the Trust's Registration Statement, SAI, Prospectus and the Fund's website for relevant information.
