Subject: Cohen & Steers Global Realty Majors ETF

Background Information on the Fund

As more fully explained in the Registration Statement (Nos. 811-22175 and 333-148826) for the Trust, the Trust is an open-end management investment company registered under the Investment Company Act of 1940, as amended ("1940 Act"), and currently consists of one separate exchange traded index fund, including the Fund.

The Fund seeks investment results that correspond generally to the performance, before the Fund's fees and expenses, of an index called the Cohen & Steers Global Realty Majors Index (the "Index"). The Index consists of the largest and most liquid securities within the global real estate universe that the Index Provider believes are likely to lead the global securitization of real estate.

The methodology utilized by Cohen & Steers evaluates companies using quantitative and qualitative screens to target the most liquid global real estate companies. Companies that meet Cohen & Steers' quantitative requirements are then assessed for their qualitative strengths. The Index characteristics include the following: evaluating each company's management strength and track record, market position, governance and corporate structure, and the composition and quality of its real estate portfolio; and consideration of each country's percentage of global GDP and share of the world's public versus private real estate. The Index is free float and modified market-capitalization-weighted, with a limit of 3.5% on any security's weighting. Index constituents must have a free float adjusted market capitalization of \$1 billion or greater for initial inclusion in the Index. Cohen & Steers considers country weights relative to each country's GDP share representing the real estate securities universe and share of the private market for real estate. The Index is rebalanced quarterly.

The Fund generally will invest in all of the stocks comprising the Index in proportion to their weightings in the Index. However, under various circumstances, it may not be possible or practicable to purchase all of the stocks in the Index in those weightings.

ALPS Advisers, Inc is the investment adviser for the Fund. ALPS Distributors, Inc. is the distributor for the Fund ("Distributor"). ALPS Fund Services, Inc. is the administrator for the Fund. The Bank of New York Mellon is the custodian and fund accounting and transfer agent for the Fund.

As described more fully in the Trust's prospectus ("Prospectus") and Statement of Additional Information ("SAI"), the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 50,000 Shares (each a, "Creation Unit").

Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Dividends from net investment income, if any, will be distributed to shareholders annually. Net capital gains, if any, will be distributed to shareholders at least annually. Dividends may be declared and paid more frequently.

The Depository Trust Company (“DTC”) serves as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV per Share for the fund will be determined as of the close of trading (normally, 4:00 p.m. Eastern Standard Time (“ET”)) on each day that the Exchange is open for business (a “Business Day”). The NAV is calculated by dividing the value of the net assets of a Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding, rounded to the nearest cent. NAV will be available from the Distributor and will also be available to National Securities Clearing Corporation (“NSCC”) participants through data made available from NSCC.

The Trust’s registration statement describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the Index, visit www.alpsetfs.com.

Purchases and Redemptions in Creation Unit Size

Members are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust’s Prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the Prospectuses for a description of risks associated with an investment in the Shares. These risks include the risk that the Fund’s return may not match the return of the Index for a number of reasons including the incursion by the Fund of operating expenses and costs not applicable to the Index. In addition, as noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund’s holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Share.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities.

Trading Hours

Trading in the shares on EDGA and EDGX Exchanges (the “Exchanges”) is on a UTP basis and is subject to the Exchanges equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-

opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Commission has issued letters (together, the "No-Action Letters") granting exemptive, interpretive and no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 for exchange-traded funds listed and traded on a registered national securities exchange that meet certain criteria. The Fund qualifies for the relief granted in the No-Action Letters, a description of which follows.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The Commission issued a No-Action Letter by which persons participating in a distribution of shares of a fund may engage in secondary market transactions in such shares during their participation in such a distribution, despite the requirements of from Rule 101 under Regulation M. In addition, the SEC has permitted persons who may be deemed to be participating in the distribution of shares of a fund (i) to purchase securities for the purpose of purchasing creation unit aggregations of fund shares and (ii) to tender securities for redemption in Creation Unit

Aggregations. Further, the Commission has clarified that the tender of fund shares to the Fund for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The Commission has issued a No-Action Letter to paragraph (e) of Rule 102 under Regulation M which allow the redemption of fund shares in creation unit aggregations during the continuous offering of shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Units for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing creation unit aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

The Commission has permitted any person acting as a dealer-manager of a tender offer for a component security of fund (1) to redeem fund shares in creation unit aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase fund shares during such tender offer. In addition, a No-Action has been issued under Rule 14e-5 states that if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more creation unit aggregations of shares, it must be made in conformance with the following:

- i. such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- ii. purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- iii. such bids or purchases are not affected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has

clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 22, 2005 from Brian A Bussey, Assistant Chief Counsel, SEC Division of Market Regulation, to Barclays Global Investors, N.A., dated November 22, 2005. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act states that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The Commission has issued a No-Action letter with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of fund shares and secondary market transactions therein.
