Subject: ETFS Physical Precious Metals Basket Shares

Background Information on the Fund

The ETFS Precious Metals Basket Trust (the "Trust") will issue ETFS Physical PM Basket Shares ("Shares") which represent units of fractional undivided beneficial interest in and ownership of the Trust. The Trust is a common law trust, formed on October 18, 2010 under New York law pursuant to the Trust Agreement. The Trust holds Bullion and is expected from time to time to issue Baskets in exchange for deposits of Bullion and to distribute Bullion in connection with redemptions of Baskets. ETF Securities USA LLC is the sponsor of the Trust ("Sponsor"), The Bank of New York Mellon is the trustee of the Trust ("Trustee"), and JPMorgan Chase Bank, N.A. is the custodian of the Trust ("Custodian"). The Trust intends to issue additional Shares on a continuous basis.

The Shares may be purchased from the Trust only in one or more blocks of 50,000 Shares (a block of 50,000 Shares is called a "Basket"). The Trust will issue Shares in Baskets to certain authorized participants ("Authorized Participants") on an ongoing basis as described in the prospectus. Baskets will be offered continuously at the net asset value ("NAV") for 50,000 Shares on the day that an order to create a Basket is accepted by the Trustee. The Trust will not issue fractions of a Basket.

The investment objective of the Trust is for the Shares to reflect the performance of the price of physical gold, silver, platinum and palladium in the proportions held by the Trust, less the expenses of the Trust's operations. The Shares are designed for investors who want a cost-effective and convenient way to invest in a basket of Bullion with minimal credit risk.

The Trust is one of several exchange-traded products that seek to track the price of physical precious metals ("Bullion ETPs"). Some of the distinguishing features of the Trust and its Shares include holding of physical gold, silver, platinum and palladium bullion in the specified ratio, vaulting of Trust gold and silver in London and the vaulting of Trust platinum and palladium in London or Zurich, the track record of the Sponsor's management team, the use of JPMorgan Chase Bank, NA as Custodian, third-party vault inspection and the allocation of almost all of the Trust's Bullion.

The Trust expects to create and redeem the Shares from time to time, but only in one or more Baskets. The creation and redemption of Baskets requires the delivery to the Trust or the distribution by the Trust of the amount of Bullion and any cash represented by the Baskets being created or redeemed, the amount of which will be based on the combined NAV of the number of Shares included in the Baskets being created or redeemed. The initial amount of Bullion required for deposit with the Trust to create Shares is 1,500 ounces of gold, 55,000

ounces of silver, 200 ounces of platinum and 300 ounces of palladium per Basket. The number of ounces of Bullion required to create a Basket or to be delivered upon the redemption of a Basket will gradually decrease over time, due to the accrual of the Trust's expenses and the sale or delivery of the Trust's Bullion to pay the Trust's expenses. Baskets may be created or redeemed only by Authorized Participants, who will pay a transaction fee for each order to create or redeem Baskets and may sell the Shares included in the Baskets they create to other investors. The Trust will not issue fractional Baskets. See the prospectus for more details.

The NAV of the Trust is the aggregate value of the Trust's assets less its liabilities (which include estimated accrued but unpaid fees and expenses). In determining the NAV of the Trust, the Trustee will value the prices of Bullion as determined by the relevant London Fix. Gold held by the Trust will be valued on the basis of the price of an ounce of gold as set by the afternoon session of the twice daily fix of the price of an ounce of gold which starts at 3:00 PM London, England time and is performed in London by the five members of the London gold fix. Silver held by the Trust will be valued on the basis of the price of an ounce of silver as set at approximately 12:00 noon London time and performed in London by three market making members of the LBMA. Platinum held by the Trust will be valued on the basis of the price of an ounce of platinum as set by the afternoon session of the twice daily fix of the price of an ounce of platinum which starts at 2:00 PM London, England time and is performed in London by the four fixing members of the LPPM. See "Operation of the Bullion Markets" for a description of the operation of the London Fix for gold, silver, platinum and palladium. The Trustee will determine the NAV of the Trust on each day the NYSE Arca is open for regular trading, as promptly as practicable after 4:00 p.m. New York time. If no London Fix is made any gold, silver, platinum or palladium on a particular evaluation day or has not been announced by 4:00 p.m. New York time on a particular evaluation day, the next most recent London price fix for such metal or metals will be used in the determination of the NAV of the Trust, unless the Sponsor determines that such price is inappropriate to use as basis for such determination. The Trustee will also determine the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares.

The Trust's only ordinary recurring charge is expected to be the remuneration due to the Sponsor (Sponsor's Fee). In exchange for the Sponsor's Fee, the Sponsor has agreed to assume the ordinary administrative and marketing expenses that the Trust is expected to incur. The Sponsor will also pay the costs of the Trust's organization and the initial sale of the Shares, including the applicable SEC registration fees.

The Sponsor's Fee will be accrued daily and will be payable in-kind in Bullion monthly in arrears. Bullion used to pay the Sponsor's Fee shall be comprised of gold, silver, platinum and palladium in such proportion so as to ensure that the Bullion held by the Trust following such transfer is in the same ratio of metals as the Bullion delivered for the Seed Baskets. The Sponsor, from time to time, may waive all or a portion of the Sponsor's Fee at its discretion for stated periods of time. The Sponsor is under no obligation to continue a waiver after the end of such stated period, and, if such waiver is not continued, the Sponsor's Fee will thereafter be paid in full. Presently, the Sponsor does not intend to waive any of its fee. The Trustee will from time to time deliver Bullion in such quantity as may be necessary to permit payment of the Sponsor's Fee and sell Bullion in such quantity as may be necessary to permit payment in cash of Trust expenses not assumed by the Sponsor. The Trustee will endeavor to sell Bullion at such times and in the smallest amounts required to permit such cash payments as they become due, it being the intention to avoid or minimize the Trust's holdings of assets other than Bullion. Accordingly, the amount of Bullion to be sold will vary from time to time depending on the level of the Trust's expenses and the market price of gold, silver, platinum and palladium.

For more information regarding the Trust's investment strategy, please read the prospectus for the Trust.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The registration statement for the Trust describes the various fees and expenses for the Shares. For a more complete description of the Trust, feel free to visit the Trust's website at www.ETFSecurities.com.

Purchases and Redemptions in Creation Unit Size

Members are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust's Prospectus and SAI and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

The Trust's Prospectus and SAI describe additional procedures and requirements that apply to the creation and redemption of Shares.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, management risk and liquidity risk.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchanges' existing rules governing the trading of equity securities.

Trading Hours

Trading in the shares on EDGA and EDGX Exchanges (the "Exchanges") is on a UTP basis and is subject to the Exchanges' equity trading rules. The shares will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Members trading the shares during the Extended Market Sessions (Pre-opening and Post-closing sessions) are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

The Exchanges will halt trading in the Shares of a Trust in accordance with Exchange Rules 14.1(c)(4). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Shares and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, the Exchanges will stop trading the Shares of a Trust if the primary market de-lists the Shares.

Suitability

Trading in the Shares on the Exchanges will be subject to the provisions of EDGA and EDGX Exchange Rules 3.7. Members recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the "know your customer" obligation that is embedded in Exchange Rules 3.7.

Members also should review FINRA Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange traded fund.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities. The SEC has granted an exemption

from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

1. Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
2. Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
3. Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- I. such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- II. purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and

III. such bids or purchases are not affected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
