

Information Circular 08-112

Date: November 3, 2008

Re: SPDR Series Trust

BATS Exchange, Inc. ("BATS") commenced operating as a national securities exchange for trading non-BATS listed securities on October 24, 2008. As a result, in the near future SPDR Lehman Municipal Bond ETF (TFI) (CUSIP No. 78464A458) will be traded by BATS as an exchange on an unlisted trading privileges (UTP) basis for the first time:

Background Information on the Funds

The SPDR Series Trust (the "Trust") is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several separate investment portfolios. This circular relates to the SPDR Lehman Municipal Bond ETF (the "Fund"). The shares of the Fund are referred to herein as "Shares." SSgA Funds Management, Inc. (the "Adviser") is the investment adviser to the Fund.

The Fund's investment objective is to provide investment results that, before fees and expenses, correspond generally to the price and yield performance of an index that tracks the United States municipal bond market and provides income that is exempt from Federal income taxes. The Fund uses a passive management strategy designed to track the price and yield performance of the Lehman Brothers Municipal Managed Money Index (the "Index"). There is no assurance that the Fund will achieve its investment objective.

The Index tracks the U.S. long term tax-exempt bond market and includes general obligation, revenue, pre-refunded and insured issues. The Index is comprised of tax exempt municipal securities issued by states, cities, counties districts and their respective agencies. A general obligation bond is secured by the full faith and credit of its issuer. A revenue bond is payable from a specific source of revenue. A pre-refunded bond is a revenue bond that the issuer has allocated funds to fully retire. An insured bond is protected from issuer default or rating downgrade by an insurance company. As of July 31, 2007, there were approximately 22,235 issues included in the Index.

The Adviser will utilize a sampling methodology in seeking to achieve the Fund's investment objective. This means that the Adviser uses quantitative analysis to select municipal bonds and other securities that represent a sample of securities in the Index that have a similar investment profile as the relevant Index in terms of key risk factors, performance attributes and other characteristics. The quantity of holdings in the Fund will be based on a number of factors, including asset size of the Fund. The Adviser generally expects the Fund to hold less than the total number of securities in its Index, but reserves the right to hold as many securities as it believes necessary to achieve the Fund's investment objective. In addition, from time to time, securities are added to or removed from the Index. The Fund may sell securities that are represented in the Index, or purchase securities that are not yet represented in the Index, in anticipation of their removal from or addition to the Index. Further, the Adviser may choose to overweight securities, purchase or sell securities not in the Index, or utilize various combinations of other available investment techniques, in seeking to track the Index.

The Fund will normally invest at least 80% of its total assets in securities that comprise its benchmark Index. The Fund will provide shareholders with at least 60 days notice prior to any material change in this 80% investment policy or its Index. The Fund may also invest its other assets in securities not included in

the Index, but which the Adviser believes will help the Fund track the Index, as well as in certain futures, options, swap contracts and other derivatives, cash and cash equivalents or money market instruments, such as repurchase agreements and money market funds (including affiliated money market funds). The Fund will generally concentrate its investments (i.e., hold 25% or more of its total assets) in a particular state or sector to approximately the same extent that the Index is so concentrated. For purposes of this limitation, however, securities of state or municipal governments and their political subdivisions, as well as securities of the U.S. government (including its agencies and instrumentalities), and repurchase agreements collateralized by U.S. government securities, are not considered to be issued by members of any industry or sector. The Fund is non-diversified and, as a result, may invest a larger percentage of its assets in securities of a single issuer than that of a diversified fund.

State Street Bank and Trust Company is the administrator, custodian and transfer agent for the Fund.

As described more fully in the Trust's prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 200,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Income dividend distributions, if any, are distributed to shareholders monthly. Net capital gains are distributed at least annually.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at www.spdretfs.com.

Purchases and Redemptions in Creation Unit Size

Members of BATS Exchange, Inc. ("Members") are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the prospectus and SAI for a Fund, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing the Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, concentration risk, non-diversification risk, issuer-specific risk, management risk, liquidity risk, interest rate risk, call risk, credit risk, tax risk and the risk of investing in municipal securities. Please note that trading in the Fund's Shares during the pre-opening session may result in additional trading risks which include: (1) lower liquidity in the pre-opening session may impact pricing, (2) higher volatility in the pre-opening session may impact pricing, (3) wider spreads may occur in the pre-opening session.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on BATS is subject to BATS equity trading rules.

Trading Hours

The values of the indexes underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on BATS between 8:00 a.m. and 4:00 p.m. ET

Suitability

Trading in the Shares on BATS will be subject to applicable suitability rules.

Trading Halts

BATS will halt trading in the Shares of a Fund in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative value of the Fund and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the Shares of a Fund if the primary market de-lists the Fund.

Delivery of a Prospectus

BATS Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Funds. Prospectuses may be obtained through the Funds' website. The prospectus for a Fund does not contain all of the information set forth in the Fund's registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). For further information about a Fund, please refer to its registration statement.

In the event that the Funds rely upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, BATS Rule 14.1(c)(3) requires that BATS Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, BATS Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a BATS member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

A BATS member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BATS member under this rule.

Upon request of a customer, BATS Members also shall provide a copy of the Prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded funds.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and to (ii) tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- (1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- (2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- (3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Funds to (1) redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- (1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- (2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- (3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not "Authorized Participants" (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Funds in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the ETF to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Funds, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a Fund and the Funds' website at www.spdretfs.com for relevant information.
