Pursuant to Rule 14.1(c)(2) of the Rules of BATS Exchange, Inc. ("BATS" or the "Exchange"), this Information Circular is being issued to advise you that the following security has been approved for trading on the Exchange as a UTP Derivative Security pursuant to Chapter XIV of the Exchange's Rules.

Security ("Shares")

Symbol

Claymore/BNY Mellon Frontier Markets ETF

FRN

Commencement of Trading: April 9, 2009

Issuer: Claymore ETF Trust 2

Issuer Website: www.claymore.com

Primary Listing Exchange: NYSE Arca

Primary Exchange Circular: RB-08-59(June 11, 2008)

Issuer Registration Statement: Nos. 811-21910 and 333-135105

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the "Issuer Disclosure Materials."

Background Information on the Funds

The Trust is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the Claymore/BNY Mellon Frontier Markets ETF (the "Fund"). The shares of the Fund are referred to herein as "Shares." Claymore Advisors, LLC (the "Adviser") is the investment adviser to the Fund.

The Fund, using a low cost "passive" or "indexing" investment approach, seeks investment results that correspond generally to the performance, before the Fund's fees and expenses, of The Bank of New York Mellon New Frontier DR Index (the "Index").

The Index is composed of all liquid (as defined by the criteria set forth below) American depositary receipts ("ADRs") and global depositary receipts ("GDRs") of certain countries that are represented in the Index. As of May 23, 2008 the Index was comprised of 42 constituents. The Index tracks the performance of depositary receipts, in ADR or GDR form, that trade on the London Stock Exchange, New York Stock Exchange, American Stock Exchange and Nasdaq Stock Market of companies from countries that are defined as the "Frontier Market." The Bank of New York Mellon, the Fund's index provider (the "Index

Provider”), defines Frontier Market countries based upon an evaluation of gross domestic product growth, per capita income growth, experienced and expected inflation rates, privatization of infrastructure and social inequalities. The countries currently are: Bahrain, Jordan, Kuwait, Lebanon, Oman, Qatar, United Arab Emirates, Egypt, Ghana, Kenya, Malawi, Mauritius, Morocco, Nigeria, Tunisia, Zimbabwe, Bulgaria, Croatia, Czech Republic, Estonia, Georgia, Kazakhstan, Latvia, Lithuania, Poland, Romania, Slovak Republic, Slovenia, Ukraine, Bangladesh, Pakistan, Papua New Guinea, Sri Lanka, Vietnam, Peru, Chile, Colombia, Ecuador, Jamaica, Panama and Trinidad & Tobago. The universe of potential Index constituents includes all liquid ADRs and GDRs which meet the criteria set forth in the Fund’s prospectus with respect to trading volume, market capitalization and price. As of May 23, 2008, potential Index constituents include securities with market capitalizations greater than \$100 million, which may include securities of all market capitalizations, as defined by the Index Provider.

The Fund will normally invest at least 80% of its total assets in ADRs and GDRs that comprise the Index. The Fund also will normally invest at least 80% of its total assets in securities of issuers from Frontier Market countries (whether directly or through ADRs or GDRs), as defined by the Index Provider from time to time in the manner set forth above. The Fund has adopted a policy that requires the Fund to provide shareholders with at least 60 days notice prior to any material change in these policies or the Index. The Board of Trustees of the Trust may change the Fund’s investment strategy and other policies without shareholder approval, except as otherwise indicated.

The Fund may invest directly in one or more underlying stocks represented by the ADRs or GDRs comprising the Index under the following limited circumstances: (a) when market conditions result in the underlying stock providing improved liquidity relative to the ADR or GDR; (b) when an ADR or GDR is trading at a significantly different price than its underlying stock; or (c) the timing of trade execution is improved due to the local market in which an underlying stock is traded being open at different times than the market in which the stock’s corresponding ADR or GDR is traded. The Fund will at all times invest at least 80% of its total assets in component securities that comprise the Index and investments that have characteristics that are substantially identical to the economic characteristics of the component securities that comprise the Index (including underlying stocks in respect of ADRs or GDRs that comprise the Index).

The Adviser seeks a correlation over time of 0.95 or better between the Fund’s performance and the performance of the Index. A figure of 1.00 would represent perfect correlation.

The Fund generally will invest in all of the stocks comprising the Index in proportion to their weightings in the Index. However, under various circumstances, it may not be possible or practicable to purchase all of the stocks in the Index in those weightings. In those circumstances, the Fund may purchase a sample of the stocks in the Index in proportions expected by the Adviser to replicate generally the performance of the Index as a whole. There may also be instances in which the Adviser may choose to overweight another stock in the Index, purchase (or sell) securities not in the Index which the Adviser believes are appropriate to substitute for one or more Index components, or utilize various combinations of other available investment techniques, in seeking to accurately track the Index. In addition, the Fund may sell stocks that are represented in the Index or purchase stocks that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

As described more fully in the Trust’s prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value (“NAV”) only in large blocks of 80,000 Shares (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Income dividends, if any, are distributed to shareholders annually. Net capital gains are distributed at least annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Issuer Website.

Principal Risks

Interested persons are referred to the prospectus for a description of risks associated with an investment in the Shares. These risks include the risk that a Fund's return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the prospectus, the Shares may trade at market prices that differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares on the Exchange.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the

Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on BATS is subject to BATS equity trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during Regular Trading Hours.

The Shares will trade on BATS between 8:00 a.m. and 4:00 p.m. ET. Please note that trading in the Shares during the Exchange's pre-opening session may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the pre-opening session, (2) the indicative value may not be updated during the pre-opening session, (3) lower liquidity in the pre-opening session may impact pricing, (4) higher volatility in the pre-opening session may impact pricing, (5) wider spreads may occur in the pre-opening session, and (6) because the indicative value is not calculated or widely disseminated during the pre-opening session, an investor who is unable to calculate an implied value for the Shares in that session may be at a disadvantage to market professionals.

Delivery of a Prospectus

BATS Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for a Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, BATS Rule 14.1(c)(3) requires that BATS Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, BATS Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a BATS member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

A BATS member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to

constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BATS member under this rule.

Upon request of a customer, BATS Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on BATS will be subject to the provisions of Exchange Rule 3.7. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

BATS will halt trading in the Shares of a security in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the Shares of a security if the primary market de-lists the security.

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a security and the security's website for relevant information.

Please contact Eric Swanson, 212.378.8523, eswanson@batstrading.com, with any inquiries regarding this Information Circular.
