

Information Circular 09-104

Date: April 29, 2009

Re: Safety First Trust Index-Linked Notes

Pursuant to Rule 14.1(c)(2) of the Rules of BATS Exchange, Inc. (the "Exchange"), this Information Circular is being issued to advise you that the following securities have been approved for trading on the Exchange as UTP Derivative Securities pursuant to Chapter XIV of the Exchange's Rules.

<u>Security ("Notes")</u>	<u>Symbol</u>
Safety First Trust Series 2008-1 Principal-Protected Certificates Linked to a U.S.-Europe-Japan Basket	ATA

Commencement of Trading on the Exchange: April 30, 2009

Issuer/Trust: Safety First Trust

Primary Listing Exchange: NYSE Arca

Primary Exchange Circular: RB-08-385-6 (December 17, 2008)

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in this new product on the Exchange, as well as to provide certain characteristics and features of the Notes.

Background Information on the Notes

The Issuer has issued Principal-Protected Certificates ("Notes") linked to a U.S.-Europe-Japan Basket (the "Index Basket"). The Notes were priced at \$10 each and mature on March 6, 2014.

The Index Basket includes the S&P 500 Index, the Dow Jones EURO STOXX 50 Index, and the Nikkei 225 Index.

At maturity for each Note, investors will receive the sum of (i) \$10.00 plus (ii) a Supplemental Distribution Amount calculated as follows:

- i) If the Final Index Basket Level is greater than the Starting Index Basket Level, the Supplemental Distribution Amount will equal the product of (i) \$10.00 times (ii) the Index Basket Return Percentage;
- ii) Otherwise the Supplemental Distribution Amount will equal zero.

The Index Basket Return Percentage is:

$$\frac{\text{Final Index Basket Level} - \text{Starting Index Basket Level}}{\text{Starting Index Basket Level}}$$

The Starting Index Basket Level equals: 100.00. The Final Index Basket Level will be determined near the maturity date. See the prospectus for more details.

The Notes are guaranteed by the creditworthiness of the Issuer.

It is expected that the market value of the Notes will depend substantially on the value of the Index Basket and may be affected by a number of other interrelated factors including, among other things: the general level of interest rates, the volatility of the Index Basket, the time remaining to maturity, the dividend yield of the stocks comprising the Index Basket, and the credit ratings of the Issuer.

The Trustee for the securities is The Bank of New York.

Exchange Rules Applicable to Trading in the Notes

Trading in the Notes on BATS is subject to BATS equity trading rules.

Trading Hours

The Notes will trade on BATS between 8:00 a.m. and 4:00 p.m. ET.

Please note that trading in the Notes during the Exchange's pre-opening session may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the pre-opening session, (2) the indicative value may not be updated during the pre-opening session, (3) lower liquidity in the pre-opening session may impact pricing, (4) higher volatility in the pre-opening session may impact pricing, (5) wider spreads may occur in the pre-opening session, and (6) because the indicative value is not calculated or widely disseminated during the pre-opening session, an investor who is unable to calculate an implied value for the Notes in that session may be at a disadvantage to market professionals.

Suitability

Trading in the securities on BATS will be subject to the provisions of Exchange Rule 3.7. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer. Members should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Commission.

Trading Halts

BATS will halt trading in the shares of a security in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the shares of a security if the primary market de-lists the security.

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a security and the security's website for relevant information.
