The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the "Issuer Disclosure Materials."

Background Information on the Fund

The Trust is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"), consisting of several investment portfolios. This circular relates only to the Fund. The shares of the Fund are referred to herein as "Shares." ALPS Advisors, Inc. (the "Adviser") is the investment adviser to the Fund.

The Fund seeks to achieve its investment objective of total return by investing in the constituent securities of the Dow Jones Emerging Markets Composite Titans 100 Index (the "index" or "Underlying Index"). The Index is a stock market index comprised of a representative sample of 100 Emerging Markets companies that Dow Jones Indexes deems to be the 10 leading companies in each of the 10 industrial sectors, as defined by the ICB, across the developing world.

Under normal circumstances, the Fund will invest at least 80% of its net assets in companies included in the Index and generally expects to be substantially invested at such times, with at least 95% of its net

assets invested in these securities. The Fund will provide shareholders with at least 60 days' notice prior to any change in this policy.

From time to time, the Fund will purchase or sell certain of its portfolio securities to reflect changes to the constituent securities of the Underlying Index. The Fund will also rebalance its portfolio securities promptly following the annual rebalancing of the Underlying Index. The Fund does not seek temporary defensive positions when equity markets decline or appear to be overvalued.

The Fund's intention is to replicate the constituent securities of the corresponding Underlying Index as closely as possible using ADRs, GDRs or ordinary local shares. In certain circumstances, when it may not be possible or practicable to fully implement a replication strategy, the Fund may utilize a "representative sampling" strategy whereby the Fund would hold a significant number of the component securities of its Underlying Index, but may not track that index with the same degree of accuracy as would an investment vehicle replicating the entire index. When securities are deleted from an Underlying Index, the Fund will typically remove these securities from the Fund's portfolio. However, the Fund may, at the Adviser's discretion, remain invested in securities that were deleted from the Fund's Underlying Index until the next rebalancing of the Fund.

Please see the Fund's prospectus for additional information concerning the Fund and its investment objectives.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of Shares (each block of Shares called a "Creation Unit") or multiples thereof. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Each Fund expects to declare and pay all of its net investment income, if any, to shareholders as dividends annually. Each Fund will also declare and pay net realized capital gains, if any, at least annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Issuer Website.

Principal Risks

Interested persons are referred to the prospectus for a description of risks associated with an investment in the Shares. These risks include the risk that a Fund's return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the prospectus, the Shares may trade at market prices that differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares on the Exchange.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on BATS is subject to BATS equity trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during Regular Trading Hours.

The Shares will trade on BATS between 8:00 a.m. and 5:00 p.m. ET. Please note that trading in the Shares during the Exchange's pre-opening session may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Pre-Opening and After Hours Trading Sessions, (2) the indicative value may not be updated during the pre-opening session, (3) lower liquidity in the pre-opening session may impact pricing, (4) higher volatility in the pre-opening session may impact pricing, (5) wider spreads may occur in the pre-opening session, and (6) because the indicative value is not calculated or widely disseminated during the pre-opening session, an investor who is unable to calculate an implied value for the Shares in that session may be at a disadvantage to market professionals.

Delivery of a Prospectus

BATS Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for a Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, BATS Rule 14.1(c)(3) requires that BATS Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, BATS Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a BATS member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

A BATS member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BATS member under this rule.

Upon request of a customer, BATS Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on BATS will be subject to the provisions of Exchange Rule 3.7. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

BATS will halt trading in the Shares of a security in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a security and the security's website for relevant information.
