Commencement of Trading: December 21, 2009

Issuer/Trust: Direxion Shares ETF Trust

Issuer Website: www.direxionshares.com/

Primary Listing Exchange: NYSE Arca

Primary Exchange Circular: RB-09-186 and 187 (December 3, 2009)

Registration Statement: Nos. 333-150525 and 811-22201

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the "Issuer Disclosure Materials."

Background Information on the Fund

The Trust is a management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust consists of several exchange-traded funds (each, a "Fund" and collectively, the "Funds"). This circular refers only to the Funds listed above. The shares of each of the Funds listed above are referred to herein as "Shares." Rafferty Asset Management LLC (the "Adviser") serves as the investment adviser for the Funds.

The Funds seek to provide daily investment results that, before fees and expenses, correspond to the performance of a particular index or benchmark. Each of the Funds attempts to provide investment results that correlate positively to the return of an index or benchmark, meaning the Funds attempt to

move in the same direction as the target index/benchmark. Each Fund's investment objective is not a fundamental policy and may be changed by the Fund's Board of Trustees without shareholder approval.

The Direxion Daily China Bull 3X Shares seeks daily investment results, before fees and expenses, of 300% of the price performance of the FTSE Xinhua China 25 Index ("China Index"). The Direxion Daily China Bear 3X Shares seeks daily investment results, before fees and expenses, of 300% of the inverse (or opposite) of the price performance of the China Index.

The Direxion Daily China Bull 3X Shares, under normal circumstances, creates long positions by investing at least 80% of its net assets in the equity securities that comprise the China Index. The Direxion Daily China Bull 3X Shares also will invest in financial Instruments that, in combination, provide leveraged and unleveraged exposure to the China Index. The Direxion Daily China Bear 3X Shares does not invest in equity securities. Under normal circumstances, it creates short positions by investing at least 80% of its net assets in Financial Instruments that, in combination, provide leveraged and unleveraged exposure to the China Index, and the remainder in money market instruments. On a day-to-day basis, the Direxion Daily China Bull 3X Shares also holds money market instruments.

The China Index consists of 25 of the largest and most liquid companies available to international investors traded on the Hong Kong Stock Exchange. The China Index is weighted based on the total market value of each company so that companies with higher total market values generally have higher representation in the China Index.

The Direxion Daily Latin America Bull 3X Shares seeks daily investment results, before fees and expenses, of 300% of the price performance of the S&P Latin America Index ("Latin America Index"). The Direxion Daily Latin America Bear 3X Shares seeks daily investment results, before fees and expenses, of 300% of the inverse (or opposite) of the price performance of the Latin America Index.

The Direxion Daily Latin America Bull 3X Shares, under normal circumstances, creates long positions by investing at least 80% of its net assets in the equity securities that comprise the Latin America Index. The Direxion Daily Latin America Bull 3X Shares also will invest in financial Instruments that, in combination, provide leveraged and unleveraged exposure to the Latin America Index. The Direxion Daily Latin America Bear 3X Shares does not invest in equity securities. Under normal circumstances, it creates short positions by investing at least 80% of its net assets in Financial Instruments that, in combination, provide leveraged and unleveraged exposure to the Latin America Index, and the remainder in money market instruments. On a day-to-day basis, the Direxion Daily Latin America Bull 3X Shares also holds money market instruments.

The Latin America Index includes highly liquid securities from major economic sectors of the Mexican and South American equity markets. Companies from Mexico, Brazil, Argentina, and Chile are represented in this index. Representing approximately 70% of each country's market capitalization, this index provides coverage of the large cap, liquid constituents of each key country in Latin America.

For more information regarding each Fund's investment strategy, please read the prospectus for the Funds.

As described more fully in the Trust's prospectus and Statement of Additional Information ("SAI"), the Funds issue and redeem Shares at net asset value ("NAV") only in large blocks of 50,000 Shares (each block of Shares called a "Creation Unit") or multiples thereof. As a practical matter, only broker-dealers or large institutional investors with creation and redemption agreements (called Authorized Participants) can purchase or redeem these Creation Units. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Each Fund pays out dividends from its net investment income, and distributes any net capital gains, to its shareholders at least annually.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for each Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Issuer Website.

Principal Risks

Interested persons are referred to the prospectus for a description of risks associated with an investment in the Shares. These risks include the risk that a Fund's return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the prospectus, the Shares may trade at market prices that differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares on the Exchange.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on BATS is subject to BATS equity trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during Regular Trading Hours.

The Shares will trade on BATS between 8:00 a.m. and 5:00 p.m. ET. Please note that trading in the Shares during the Exchange's pre-opening session may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Pre-Opening and After Hours Trading Sessions, (2) the indicative value may not be updated during the pre-opening session, (3) lower liquidity in the pre-opening session may impact pricing, (4) higher volatility in the pre-opening session may impact pricing, (5) wider spreads may occur in the pre-opening session, and (6) because the indicative value is not calculated or widely disseminated during the pre-opening session, an investor who is unable to calculate an implied value for the Shares in that session may be at a disadvantage to market professionals.

Delivery of a Prospectus

BATS Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for a Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, BATS Rule 14.1(c)(3) requires that BATS Members provide to all

purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, BATS Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a BATS member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

A BATS member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BATS member under this rule.

Upon request of a customer, BATS Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on BATS will be subject to the provisions of Exchange Rule 3.7. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

BATS will halt trading in the Shares of a security in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a security and the security's website for relevant information.
