

BZX Information Circular 10-082

Date: August 10, 2010

Re: **United States Commodity Index Fund**

Pursuant to Rule 14.1(c)(2) of the Rules of BATS Exchange, Inc. ("BATS" or the "Exchange"), this Information Circular is being issued to advise you that the following security has been approved for trading on the Exchange as a UTP Derivative Security pursuant to Chapter XIV of the Exchange's Rules.

Securities (the "Fund")

Symbol

United States Commodity Index Fund

USCI

Commencement of Trading on the Exchange: August 11, 2010

Issuer/Trust: United States Commodity Index Funds Trust

Issuer Website: <http://www.unitedstatescommodityindexfund.com>

Primary Listing Exchange: NYSE Arca

Primary Exchange Circular: RB-10-98 (August 10, 2010)

Registration Statement: No. 333-164024

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the "Issuer Disclosure Materials."

Background Information on the Fund

As more fully explained in the Registration Statement (No. 333-164024), the United States Commodity Index Fund (the "Fund" or "USCI"), is a commodity pool that is not registered as an investment company under the Investment Company Act of 1940. Each Unit of the Fund (the "Unit" or "Units" or "Shares") represents a fractional undivided beneficial interest in the net assets of the Fund. USCI is not a mutual fund registered under the Investment Company Act of 1940 and is not subject to regulation under such Act.

USCI is a commodity pool that will issue Units that may be purchased and sold on the NYSE Arca. USCI is a series of the United States Commodity Index Funds Trust ("Trust"), a Delaware statutory trust organized on December 21, 2009. Additional series of the Trust that will be separate commodity pools may be created in the future, but USCI is currently the Trust's only series. The Trust and USCI operate pursuant to the Trust's Amended and Restated Declaration of Trust and Trust Agreement (the "Trust Agreement"), dated April 1, 2010. Wilmington Trust Company, a Delaware banking corporation, is the Delaware trustee of the Trust. USCI and the Trust are managed and controlled by United States Commodity Funds LLC (the "Sponsor"). The Sponsor is a limited liability company formed in Delaware on May 10, 2005, that is registered as a commodity pool operator ("CPO") with the Commodity Futures

Trading Commission (“CFTC”) and is a member of the National Futures Association (“NFA”). USCI’s trading advisor is SummerHaven Investment Management, LLC (“SummerHaven”), a Delaware limited liability company that is registered as a commodity trading advisor (“CTA”) and CPO with the CFTC and is a member of the NFA. SummerHaven provides advisory services to the Sponsor with respect to the Index and the investment decisions of USCI. The Sponsor, SummerHaven Index Management, LLC, SummerHaven, and Bloomberg, L.P. are not affiliated with a broker-dealer and are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Index or USCI’s portfolio.

It is anticipated that the net assets of USCI will consist primarily of investments in futures contracts for commodities that are traded on the New York Mercantile Exchange (“NYMEX”), ICE Futures (“ICE Futures”), Chicago Board of Trade (“CBOT”), Chicago Mercantile Exchange (“CME”), London Metal Exchange (“LME”), Commodity Exchange, Inc. (“COMEX”) or on other foreign exchanges (such exchanges, collectively, the “Futures Exchanges”) (such futures contracts, collectively, “Futures Contracts”) and, to a lesser extent, in order to comply with regulatory requirements or in view of market conditions, other commodity-based contracts and instruments such as cash-settled options on Futures Contracts, forward contracts relating to commodities, cleared swap contracts and other over-the-counter transactions that are based on the price of commodities and Futures Contracts (collectively, “Other Commodity-Related Investments”). Market conditions that the Sponsor currently anticipates could cause USCI to invest in Other Commodity Related Investments would be those allowing USCI to obtain greater liquidity or to execute transactions with more favorable pricing. Futures Contracts and Other Commodity-Related Investments collectively are referred to as “Commodity Interests” in this prospectus. The Sponsor expects to manage USCI’s investments directly, using the trading advisory services of SummerHaven for guidance with respect to the Index and the Sponsor’s selection of investments on behalf of USCI. The Sponsor is also authorized to select futures commission merchants to execute USCI’s transactions in Futures Contracts and Other Commodity-Related Investments.

The investment objective of USCI is for the daily changes in percentage terms of its Units’ net asset value (“NAV”) to reflect the daily changes in percentage terms of the Index, less USCI’s expenses. The Index is comprised of 14 Futures Contracts that will be selected on a monthly basis from a list of 27 possible Futures Contracts. The Futures Contracts that at any given time make up the Index are referred to herein as “Benchmark Component Futures Contracts.” USCI anticipates that to meet its investment objective it will invest first, in the current Benchmark Component Futures Contracts and other Futures Contracts intended to replicate the return on the current Benchmark Component Futures Contracts and, thereafter, to comply with regulatory requirements or in view of market conditions, in Other Commodity-Related Investments intended to replicate the return on the Benchmark Component Futures Contracts, including cleared swap contracts and other over-the-counter transactions, and in other Futures Contracts. For more information on the composition of the Index and selection of the Benchmark Component Futures Contracts, see the section of this prospectus entitled “What is the Index?”

USCI seeks to achieve its investment objective by investing in Futures Contracts and Other Commodity-Related Investments such that daily changes in USCI’s NAV will closely track the daily changes in the Index. USCI’s positions in Commodity Interests will be rebalanced on a monthly basis in order to track the changing nature of the Index. If Futures Contracts relating to a particular commodity remain in the Index from one month to the next, such Futures Contracts will be rebalanced to the 7.14% target weight, as described below. Specifically, on a specified day near the end of each month called the Selection Date, it will be determined if a current Benchmark Component Futures Contract will be replaced by a new Futures Contract in either the same or different underlying commodity as a Benchmark Component Futures Contract for the following month, in which case USCI’s investments would have to be changed accordingly. In order that USCI’s trading does not unduly cause extraordinary market movements, and to make it more difficult for third parties to profit by trading based on market movements that could be expected from changes in the Benchmark Component Futures Contracts, USCI’s investments typically will not be rebalanced entirely on a single day, but rather will typically be rebalanced over a period of four days. After fulfilling the margin and collateral requirements with respect to its Commodity Interests, the Sponsor will invest the remainder of USCI’s proceeds from the sale of baskets in short-term obligations of the United States government

("Treasury Securities" or "Treasuries") or cash equivalents, and/or merely hold such assets in cash (generally in interest-bearing accounts).

The Sponsor endeavors to place USCI's trades in Commodity Interests and otherwise manage USCI's investments so that A will be within plus/minus 10 percent of B, where:

- A is the average daily percentage change in USCI's NAV for any period of 30 successive valuation days, i.e., any NYSE Arca trading day as of which USCI calculates its NAV, and
- B is the average daily percentage change in the Index over the same period.

The Sponsor believes that market arbitrage opportunities will cause USCI's Unit price on the NYSE Arca to closely track USCI's NAV per Unit. The Sponsor believes that the net effect of this expected relationship and the expected relationship described above between USCI's NAV and the Index will be that the changes in the price of USCI's Units on the NYSE Arca will closely track, in percentage terms, changes in the Index, less USCI's expenses.

USCI will invest in Commodity Interests to the fullest extent possible without being leveraged or unable to satisfy its expected current or potential margin or collateral obligations with respect to its investments in Commodity Interests. The primary focus of the Sponsor is the investment in Commodity Interests and the management of USCI's investments in Treasury Securities, cash and/or cash equivalents.

The Sponsor will employ a "neutral" investment strategy intended to track the changes in the Index regardless of whether the Index goes up or goes down. USCI's "neutral" investment strategy is designed to permit investors generally to purchase and sell USCI's Units for the purpose of investing indirectly in the commodities market in a cost-effective manner, and/or to permit participants in the commodities or other industries to hedge the risk of losses in their commodity-related transactions. Accordingly, depending on the investment objective of an individual investor, the risks generally associated with investing in the commodities market and/or the risks involved in hedging may exist. In addition, an investment in USCI involves the risks that the changes in the price of USCI's Units will not accurately track the changes in the Index, and that changes in the Index will not closely correlate with changes in the spot prices of the commodities underlying the Index. Furthermore, USCI also invests in short-term Treasury Securities, cash and/or cash equivalents to meet its current or potential margin or collateral requirements with respect to its investments in Commodity Interests and to invest cash not required to be used as margin or collateral. USCI does not expect there to be any meaningful correlation between the performance of USCI's investments in Treasury Securities/cash/cash equivalents and the changes in the price of the Index or Commodity Interests. While the level of interest earned on or the market price of these investments may in some respect correlate to changes in the price of the Index, this correlation is not anticipated as part of USCI's efforts to meet its objective. This and certain risk factors discussed in this prospectus may cause a lack of correlation between changes in USCI's NAV and changes in the price of the Index. The Sponsor does not intend to operate USCI in a fashion such that its per Unit NAV will equal, in dollar terms, the spot prices of the commodities comprising the Index or the prices of any particular group of Futures Contracts.

USCI creates and redeems Units only in blocks of 100,000 Units called Creation Baskets and Redemption Baskets, respectively. Only Authorized Purchasers may purchase or redeem Creation Baskets or Redemption Baskets. An Authorized Purchaser is under no obligation to create or redeem baskets, and an Authorized Purchaser is under no obligation to offer to the public Units of any baskets it does create. Baskets are generally created when there is a demand for Units, including, but not limited to, when the market price per Unit is at a premium to the NAV per Unit. Authorized Purchasers will then sell such Units, which will be listed on the NYSE Arca, to the public at per Unit offering prices that are expected to reflect, among other factors, the trading price of the Units on the NYSE Arca, the NAV of USCI at the time the Authorized Purchaser purchased the Creation Baskets and the NAV at the time of the offer of the Units to the public, the supply of and demand for Units at the time of sale, and the liquidity of the Futures Contracts market and the market for Other Commodity-Related Investments. The prices of Units offered by Authorized Purchasers are expected to fall between USCI's NAV and the trading price of the Units on the NYSE Arca at the time of sale. Similarly, baskets are generally redeemed when the

market price per Unit is at a discount to the NAV per Unit. Retail investors seeking to purchase or sell Units on any day will effect such transactions in the secondary market, on the NYSE Arca, at the market price per Unit, rather than in connection with the creation or redemption of baskets.

All proceeds from the sale of Creation Baskets will be invested as quickly as practicable in the investments described in this prospectus. Investments and related margin or collateral are held through USCI's custodian, Brown Brothers Harriman & Co. ("Custodian"), in accounts with USCI's commodity futures brokers or, in some instances when agreed to by USCI, in collateral accounts held by third parties with respect to its non-exchange traded or cleared over-the-counter Commodity Interests. There is no stated maximum time period for USCI's operations and USCI will continue until all Units are redeemed or USCI is liquidated pursuant to the terms of the Trust Agreement.

There is no specified limit on the maximum amount of Creation Baskets that can be sold. At some point, position limits on Futures Contracts or Other Commodity-Related Investments may practically limit the number of Creation Baskets that will be sold if the Sponsor determines that the other investment alternatives available to USCI at that time will not enable it to meet its stated investment objective.

Units may also be purchased and sold by individuals and entities that are not Authorized Purchasers in smaller increments than Creation Baskets on the NYSE Arca. However, these transactions are effected at bid and ask prices established by specialist firm(s). Like any listed security, Units of USCI can be purchased and sold at any time a secondary market is open.

Other than to address monthly changes in the Benchmark Component Futures Contracts, in managing USCI's assets, the Sponsor does not use a technical trading system that automatically issues buy and sell orders. Instead, each time one or more baskets are purchased or redeemed, the Sponsor will purchase or sell Commodity Interests with an aggregate market value that approximates the amount of cash received or paid upon the purchase or redemption of the basket(s).

Note to Secondary Market Investors: The Units can be directly purchased from or redeemed by USCI only in Creation Baskets or Redemption Baskets, respectively, and only by Authorized Purchasers. Each Creation Basket and Redemption Basket consists of 100,000 Units and is expected to be worth millions of dollars. Individual investors, therefore, will not be able to directly purchase Units from or redeem Units with USCI. Some of the information contained in this prospectus, including information about buying and redeeming Units directly from and to USCI is only relevant to Authorized Purchasers. Units will be listed and traded on the NYSE Arca under the ticker symbol "USCI" and may be purchased and sold as individual Units. Individuals interested in purchasing Units in the secondary market should contact their broker. Units purchased or sold through a broker may be subject to commissions.

The Fund will pay the Sponsor a management fee of 0.95% of NAV on its average net assets. Brokerage fees are estimated to be 0.19% and will be paid to unaffiliated brokers.

Individual certificates will not be issued for the Units. Instead, Units will be represented by one or more global certificates, which will be deposited by the Administrator with the Depository Trust Company ("DTC") and registered in the name of Cede & Co., as nominee for DTC.

The NAV will be calculated by taking the current market value of USCI's total assets and subtracting any liabilities. Under USCI's current operational procedures, the Administrator will calculate the NAV of USCI's Units once each NYSE Arca trading day. The NAV for a particular trading day is released after 4:00 p.m. New York time. Trading during the core trading session of the NYSE Arca typically closes at 4:00 p.m. New York time. NYSE Arca will calculate an approximate net asset value every 15 seconds throughout each day that USCI's Units are traded on the NYSE Arca for as long as the main pricing mechanisms are open for the Futures Exchanges upon which the Benchmark Component Futures Contracts are traded.

For more information regarding the Fund's investment strategy, please read the prospectus for the Fund.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

Indicative Fund Value

In order to provide updated information relating to USCI for use by investors and market professionals, the NYSE Arca will calculate and disseminate throughout the core trading session on each trading day an updated indicative fund value. The indicative fund value will be calculated by using the prior day's closing NAV per unit of USCI as a base and updating that value throughout the trading day to reflect changes in the most recently reported price level of the Index as reported by Bloomberg or other reporting service.

The indicative fund value unit basis disseminated during NYSE Arca core trading session hours should not be viewed as an actual real time update of the NAV, because NAV is calculated only once at the end of each trading day based upon the relevant end of day values of USCI's investments.

The indicative fund value will be disseminated on a per unit basis every 15 seconds during regular NYSE Arca core trading session hours of 9:30 a.m. New York time to 4:00 p.m. New York time. The normal trading hours of the Futures Exchanges vary, with some Futures Exchanges ending their trading hours before the close of the core trading session on NYSE Arca (for example, the normal trading hours of the NYMEX are 10:00 a.m. New York time to 2:30 p.m. New York time). When USCI holds Benchmark Component Futures Contracts from Futures Exchanges with different trading hours than the NYSE Arca there will be a gap in time at the beginning and/or the end of each day during which USCI's units will be traded on the NYSE Arca, but real-time Futures Exchange trading prices for Benchmark Component Futures Contracts traded on such Futures Exchanges will not be available. As a result, during those gaps there will be no update to the indicative fund value.

The NYSE Arca will disseminate the indicative fund value through the facilities of CTA/CQ High Speed Lines. In addition, the indicative fund value will be published on the NYSE Arca's website and will be available through on-line information services such as Bloomberg and Reuters.

The registration statement for the Funds describes the various fees and expenses for the Funds' Shares. For a more complete description of the Funds and the underlying indexes, visit the Issuer Website.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Trust of the principal risks of an investment in the Shares. These include tracking error risk (factors causing the Trust's performance to not match the performance of its underlying security), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, management risk and liquidity risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on BATS is subject to BATS equity trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during Regular Trading Hours.

The Shares will trade on BATS between 8:00 a.m. and 5:00 p.m. ET. Please note that trading in the Shares during the Exchange's Pre-Opening and After Hours Trading Sessions may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Pre-Opening and After Hours Trading Sessions, (2) lower liquidity in the Pre-Opening and After Hours Trading Sessions may impact pricing, (3) higher volatility in the Pre-Opening and After Hours Trading Sessions may impact pricing, (4) wider spreads may occur in the Pre-Opening and After Hours Trading

Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Pre-Opening or After Hours Trading Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol

Delivery of a Prospectus

BATS Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Funds' website. The prospectus for the Fund does not contain all of the information set forth in the Funds' Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, BATS Rule 14.1(c)(3) requires that BATS Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, BATS Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a BATS member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

A BATS member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BATS member under this rule.

Upon request of a customer, BATS Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on BATS will be subject to the provisions of Exchange Rule 3.7. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

BATS will halt trading in the Shares of a security in accordance with BATS Rule 14.1(c)(4). The grounds for a halt under BATS Rule 14.1(c)(4) include a halt by the primary market because the intraday indicative

value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, BATS will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

This Information Circular is not a statutory prospectus. BATS Members should consult the prospectus for a security and the security's website for relevant information.
