

**Regulatory Circular RG06-127**

**DATE:** December 14, 2006

**FROM:** Market Operations Department

**RE:** Restrictions on Transactions in  
Taro Pharmaceutical Industries, Ltd. (TARO/QTT)

The NASD has suspended trading in shares of Taro Pharmaceutical Industries, Ltd. (TARO/QTT), on the opening of business on December 14, 2006.

Trading on the CBOE in existing series of QTT options is subject to the following restrictions. Only closing transactions may be affected in any series of QTT options except for (i) opening transactions by market makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE member organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in QTT options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. Member organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class.

There are no restrictions in place with respect to the exercise of QTT options. The provisions of this circular apply to any options on QTT traded on CBOE.

Any questions regarding this circular may directed to Kerry Winters at (312) 786-7312 or Joanne Heenan-Hustad at (312) 786-7786.
