**DATE:** December 2, 2008

**FROM:** Market Operations Department

**RE:** Restrictions on Transactions in  
Pilgrim's Pride, Inc. ("PPC")

On Monday, December 1, 2008, the NYSE suspended trading in Pilgrim's Pride, Inc.

Trading on the CBOE in existing series of PPC/KIB options is subject to the following restrictions. Only closing transactions may be affected in any series of PPC/KIB options except for (i) opening transactions by market makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE member organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in PPC/KIB options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. Member organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25 or 24.16.

There are no restrictions in place with respect to the exercise of PPC/KIB options. The provisions of this circular apply to any options on PPC/KIB traded on CBOE.
