Effective Wednesday, March 4, 2009, NYSE has suspended trading in FirstFed Financial Corp. (FED/YYF/VZG).

Trading on the CBOE in existing series of FED, YYF and VZG options is subject to the following restrictions. Only closing transactions may be affected in any series of FED, YYF and VZG options except for (i) opening transactions by market makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by CBOE member organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).
