

Regulatory Circular RG10-114

DATE: November 3, 2010

TO: Trading Permit Holders and TPH organizations

FROM: Market Operations Department

RE: Restrictions on Transactions in
Raser Tech, Inc. ("RZ/RZTI")

Effective today the NYSE has suspended trading in Raser Tech, Inc. ("RZ"). Trading in Raser Tech, Inc. has commenced on the Other OTC market under the symbol RZTI.

Trading on the CBOE in existing series of RZTI options will be subject to the following restrictions. Only closing transactions may be effected in any series of RZTI options except for (i) opening transactions by Market-Makers executed to accommodate closing transactions of other market participants and (ii) opening transactions by TPH organizations to facilitate the closing transactions of public customers executed as crosses pursuant to and in accordance with CBOE Rule 6.74(b) or (d).

The execution of opening transactions in RZTI options, except as permitted above, and/or the misrepresentation as to whether an order is opening or closing, will constitute a violation of CBOE rules, and may result in disciplinary action. TPH organizations should ensure that they have appropriate procedures in place to prevent their customers from entering opening orders in this restricted option class. In addition, transactions in contravention of this restriction may be subject to nullification pursuant to Exchange Rule 6.25.

There are no restrictions in place with respect to the exercise of RZTI options. The provisions of this circular apply to any options on RZTI traded on CBOE.

Any questions regarding this circular may be directed to Kerry Winters at (312) 786-7312 or Tanja Samardzija at (312) 786-7722.
