RE: Format Change to Market-Maker Equity Trade (MMET) and Market-Maker Stock Position (MMSTK) Files

The Exchange is updating Regulatory Circular RG13-050 to note that the June 28, 2013 deadline to submit the data files in the new format is extended to July 26, 2013. This extension is to afford firms additional time to complete necessary changes and in recognition that the original deadline coincided with the Russell Rebalance. The Exchange also intends to submit a proposed rule change filing that will, among other things, clarify the accounts for which the "Proprietary Trading" firm reporting requirement is intended to apply. As a result, the deadline for the Proprietary Trading firm reporting requirement will be the later of July 26, 2013 or the date provided through the rule change filing.
