C2 Regulatory Circular RG16-027

Date: May 17, 2016

To: CBOE and C2 Trading Permit Holders

From: Regulatory Division

RE: Elimination of Continuing Education Delivery at Testing Centers

As announced in CBOE Regulatory Circular [RG15-153](#) and C2 Regulatory Circular [RG15-041](#), as part of the transition to CE Online, test center delivery of the Regulatory Element of Continuing Education ("CE") is being eliminated. Effective July 1, 2016, the CE Regulatory Element Program will no longer be available at the Pearson VUE and Prometric testing centers. Participants will be required to exclusively satisfy their CE Regulatory Element requirement via CE Online.

Participants who need an accommodation, pursuant to the ADA, to complete their session via the FINRA CE Online system due to a disability should review the FINRA's CE Online Delivery Accommodation Web page or contact FINRA's Special Accommodations team at (800) 999-6647, option 2 for further assistance.
