RE: Discontinuation of Floor Broker Workstation 2

Effective March 1, 2017, the Chicago Board Options Exchange, Incorporated ("CBOE") will conclude its contract with Convergenx for the Floor Broker Workstation 1 ("FBW2") application and deactivate all Trading Permit Holder ("TPH") FBW2 logins on the trading floor.

The Convergenx Blaze technology and BrokerPoint workflow and connectivity remain unchanged, thus providing TPH users the means to smoothly transition from FBW2. Current FBW2 users may contact Convergenx to convert to the Blaze application and discuss pricing. The Convergenx contact information is noted below. Additionally, CBOE staff will contact each FBW2 user group to offer assistance through the transition.
