

CBOE Regulatory Circular RG17-091

Date: June 26, 2017

To: CBOE Trading Permit Holders

From: Business Development Division

RE: Velocity-Related Risk Controls

Updates and Replaces CBOE Regulatory Circular RG17-086

The Chicago Board Options Exchange, Incorporated ("Exchange") previously announced the activation of velocity-related risk controls beginning on Monday June 26, 2017. These velocity-related risk controls were not activated, and will not be available until further notice. The Exchange will announce via Regulatory Circular any future activation of the velocity-related risk controls.
