From: Trade Processing Department

Re: Trade Match Input Cutoff Changes

The Clearing Procedure Committee has approved, and asked the Trade Processing Department to implement, changes to the evening trade processing input schedule. The revised input cutoff times listed below will be effective beginning Monday, August 3, 1998.

**CBOE TRADE PROCESSING SCHEDULE EFFECTIVE AUGUST 3, 1998**

| Reported<br>Volume<br>(000's) | 1 <sup>st</sup> Pass<br>Input<br>Due | Unmatched<br>Info<br>Available | 2 <sup>nd</sup> Pass<br>Input<br>Due | Transmission<br>to the<br>OCC |
|-------------------------------|--------------------------------------|--------------------------------|--------------------------------------|-------------------------------|
| <600                          | 4:45                                 | 5:15                           | 6:30                                 | 6:45                          |
| <800                          | 5:15                                 | 5:45                           | 7:15                                 | 7:35                          |
| <1,000                        | 5:45                                 | 6:15                           | 7:45                                 | 8:05                          |
| < 1,400                       | 6:30                                 | 7:00                           | 9:00                                 | 9:20                          |
| over 1,400                    | 6:45                                 | 7:15                           | 9:15                                 | 9:35                          |

**Please note the second pass orbit times are shortened by 15 minutes. The 4:30 high volume reporting will be run when volume is 800,000 contracts or higher.**

Please notify your systems and operation staff of the revised schedule. Questions regarding this memo may be directed to Charlie Hullihan at 786-7176 or Hugh O'Neill at 786-7952.
