

1. Text of the Proposed Rule Change

- (a) EDGA Exchange, Inc. (“EDGA” or the “Exchange”), proposes to establish a revenue sharing program with Correlix, Inc. (“Correlix”). There is no new proposed rule text.
- (b) The Exchange does not believe that the proposed rule change will have any direct effect, or any significant indirect effect, on any other Exchange rule in effect at the time of this filing.
- (c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the EDGA Exchange Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change. Therefore, the Exchange's internal procedures with respect to the proposed change are complete.

The persons on the Exchange staff prepared to respond to questions and comments on the proposed rule change are:

Eric W. Hess
General Counsel
EDGA Exchange
201-942-8239

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange is filing a proposed rule change to establish a revenue sharing program with Correlix effective upon filing with the Commission. Pursuant to an agreement with Correlix, Correlix will provide to users of the Exchange real-time analytical tools to measure the latency of orders to and from that System. Under the agreement, the Exchange will receive 30% of the total monthly subscription fees received by Correlix from parties who have contracted directly with Correlix to use their RaceTeam latency measurement service for the Exchange. The Exchange will not bill or contract with any Correlix RaceTeam customer directly.

Pricing for the Correlix RaceTeam product for the Exchange varies depending on the depth of latency information requested, the number of unique MPIDs subscribed by the customer, and the number of ports available for monitoring by Correlix. For

boundary-level Exchange latency information¹, the fee will be an initial \$1,500 monthly base fee for the first 25 ports associated in aggregate with any of the MPIDs selected by the Member for latency monitoring. For each additional 25 ports associated in aggregate with any of the MPIDs selected by the Member for latency monitoring, an additional monthly charge of \$750 will be assessed. For match-level Exchange latency information², the fee will be an initial \$2,000 monthly base fee for the first 25 ports associated in aggregate with any of the MPIDs selected for latency monitoring, and an additional \$1000 per month for each additional 25 ports associated in aggregate with any of the MPIDs selected for latency monitoring.

Under the program, Correlix will see an individualized unique Exchange-generated identifier that will allow Correlix RaceTeam to determine round trip order time,³ from the time the order reaches the Exchange extranet, through the Exchange matching engine, and back out of the Exchange extranet. The RaceTeam product offering does not measure latency outside of the Exchange extranet. The unique identifier serves as a technological information barrier so that the RaceTeam data collector will only be able to view data for Correlix RaceTeam subscriber firms related to latency. Correlix will not see subscriber's individual order detail such as security, price or size. Individual RaceTeam subscribers' logins will restrict access to only their own latency data. Correlix will see no specific information regarding the trading activity of non-subscribers.

The Exchange believes that above arrangement will provide users of the Exchange greater transparency into the processing of their trading activity and allow them to make more efficient trading decisions.

(b) Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Securities Exchange Act of 1934 (the "Act"),⁴ which requires the rules of an exchange to promote just and equitable principles of trade, to foster cooperation

¹ The time that elapses from an order message's receipt by an Exchange device until the time that a matching engine acknowledgement with respect to such order message is transmitted from the Exchange device back to the user. For market data, the time measurement will be from the time that the market data engine receives a market data update until the time that the market data update is transmitted from the Exchange device back to the user.

² In addition to the boundary-level Exchange latency information, match level information will also provide further elapsed time detail for messaging between Exchange internal systems.

³ The product measures latency of orders whether the orders are rejected, executed, or partially executed.

⁴ 15 U.S.C. 78f(b)(5).

and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the proposal will provide greater transparency into trade and information processing and thus allow market participants to make better-informed and more efficient trading decisions.

In addition, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(4) of the Act,⁶ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. In particular, the Exchange notes that it operates in a highly competitive market in which market participants can readily direct orders to competing venues and that use of the Correlix RaceTeam product is completely voluntary. Further, the Exchange makes the RaceTeam product uniformly available pursuant to a standard non-discriminatory pricing schedule offered by Correlix.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Not applicable.

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(4).

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

Exhibit 1 – Form of Notice of Proposed Rule Change for Federal Register

EXHIBIT 1

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-EDGA-2010-09)

[Date]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by EDGA Exchange, Inc. Relating to a Revenue Sharing Program with Correlix, Inc.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 28, 2010, EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

EDGA proposes to establish a revenue sharing program with Correlix, Inc. ("Correlix"). There is no new proposed rule text.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is filing a proposed rule change to establish a revenue sharing program with Correlix effective upon filing with the Commission. Pursuant to an agreement with Correlix, Correlix will provide to users of the Exchange real-time analytical tools to measure the latency of orders to and from that System. Under the agreement, the Exchange will receive 30% of the total monthly subscription fees received by Correlix from parties who have contracted directly with Correlix to use their RaceTeam latency measurement service for the Exchange. The Exchange will not bill or contract with any Correlix RaceTeam customer directly.

Pricing for the Correlix RaceTeam product for the Exchange varies depending on the depth of latency information requested, the number of unique MPIDs subscribed by the customer, and the number of ports available for monitoring by Correlix. For boundary-level Exchange latency information,³ the fee will be an initial \$1,500 monthly base fee for the first

³ The time that elapses from an order message's receipt by an Exchange device until the time that a matching engine acknowledgement with respect to such

25 ports associated in aggregate with any of the MPIDs selected by the Member for latency monitoring. For each additional 25 ports associated in aggregate with any of the MPIDs selected by the Member for latency monitoring, an additional monthly charge of \$750 will be assessed. For match-level Exchange latency information,⁴ the fee will be an initial \$2,000 monthly base fee for the first 25 ports associated in aggregate with any of the MPIDs selected for latency monitoring, and an additional \$1000 per month for each additional 25 ports associated in aggregate with any of the MPIDs selected for latency monitoring.

Under the program, Correlix will see an individualized unique Exchange-generated identifier that will allow Correlix RaceTeam to determine round trip order time,⁵ from the time the order reaches the Exchange extranet, through the Exchange matching engine, and back out of the Exchange extranet. The RaceTeam product offering does not measure latency outside of the Exchange extranet. The unique identifier serves as a technological information barrier so that the RaceTeam data collector will only be able to view data for Correlix RaceTeam subscriber firms related to latency. Correlix will not see subscriber's individual order detail such as security, price or size. Individual RaceTeam subscribers' logins will restrict access to only their own latency data. Correlix will see no specific information regarding the trading activity of non-subscribers.

order message is transmitted from the Exchange device back to the user. For market data, the time measurement will be from the time that the market data engine receives a market data update until the time that the market data update is transmitted from the Exchange device back to the user.

⁴ In addition to the boundary-level Exchange latency information, match level information will also provide further elapsed time detail for messaging between Exchange internal systems.

⁵ The product measures latency of orders whether the orders are rejected, executed, or partially executed.

The Exchange believes that above arrangement will provide users of the Exchange greater transparency into the processing of their trading activity and allow them to make more efficient trading decisions.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Act,⁶ which requires the rules of an exchange to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the proposal will provide greater transparency into trade and information processing and thus allow market participants to make better-informed and more efficient trading decisions.

In addition, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(4) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. In particular, the Exchange notes that it operates in a highly competitive market in which market participants can readily direct orders to competing venues and that use of the Correlix RaceTeam product is completely

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

voluntary. Further, the Exchange makes the RaceTeam product uniformly available pursuant to a standard non-discriminatory pricing schedule offered by Correlix.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

II. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the *Federal Register* or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(a) by order approve such proposed rule change; or

(b) institute proceedings to determine whether the proposed rule change should be disapproved.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form <http://www.sec.gov/rules/sro.shtml>; or
- Send an E-mail to rule-comments@sec.gov. Please include File No. SR-EDGA-2010-09 on the subject line.

Paper comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-EDGA-2010-09. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commissions Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-EDGA-2010-09 and should be submitted by [insert date 21 days from the date of publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to
delegated authority.⁹

Secretary
