Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) EDGA Exchange, Inc. (“Exchange” or “EDGA”) proposes to amend its fees and rebates applicable to Members¹ of the Exchange pursuant to EDGA Rule 15.1(a) and (c). Text of the proposed rule change is attached as Exhibit 5.

(b) Inapplicable.

(c) Inapplicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the EDGA Exchange Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change. Therefore, the Exchange's internal procedures with respect to the proposed change are complete.

The persons on the Exchange staff prepared to respond to questions and comments on the proposed rule change are:

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

In SR-EDGA-2011-01², the Exchange filed for immediate effectiveness a rule filing to amend Rule 11.9 to add its routing strategies, which were contained in its fee schedule, to the rule and to introduce additional routing strategies to the rule. Two of those strategies that the Exchange added to Rules 11.9(b)(3)(q) and (r) were the SWPA/SWPB routing strategies. Under the SWPA strategy, an order would check the System for available shares and then would be sent to Protected Quotations and only for displayed size. Under this strategy, orders would not have to contain sufficient size to execute against all Protected Quotations (emphasis added). If any shares remain unexecuted, such remainder will be cancelled back to the User. Under the SWPB routing strategy, an order would check the System for available shares and then is sent to

¹ A Member is any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange.

² See SR-EDGA-2010-01 (January 21, 2011).

Protected Quotations and only for displayed size. Under this strategy, orders would have to contain sufficient size to execute against all Protected Quotations. The entire SWPB order will be cancelled back to the User immediately if at the time of entry there is insufficient quantity in the SWPB order to fulfill the displayed size of all Protected Quotations.

In this filing, the Exchange proposes to add the corresponding flag for the use of the SWPA/SWPB strategies, SW, to its fee schedule and assign it a fee of \$0.0031 per share for removal of liquidity from all market centers except from the New York Stock Exchange (NYSE). For any SWPA/SWPB orders that remove liquidity from the NYSE, the Exchange will continue to assign Flag D and charge a fee of \$0.0023 per share. This is clarified in proposed footnote 8 to the fee schedule. The lower fee charged for removing liquidity from the NYSE is consistent with the processing of similar routing strategies by EDGA's competitors. Secondly, of the major market centers, the NYSE fees for removing liquidity itself are lower, and EDGA is thus able to pass back such lower rates to its Members.

EDGA Exchange proposes to implement these amendments to the Exchange fee schedule on January 25, 2011.

(b) Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Exchange Act,³ in general, and furthers the objectives of Section 6(b)(4),⁴ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The fee of \$0.0031 per share is an equitable allocation of reasonable dues, fees, and other charges in that this order type is limited in its interaction with other Member orders as it only executes to the extent a Member order is at the Protected Quotation. As a result, compared to other routing strategies that always sweep the EDGA book before routing out, such as ROBA (fee of \$0.0025 per share), the SWPA/SWPB fees are higher. Secondly, the fee is equitable when compared to other similar type strategies of EDGA's competitors. As noted in SR-EDGA-2011-01, the SWPA/SWPB routing strategies are based on Nasdaq's MOPP strategy and BATS Parallel T routing strategy.⁵ Nasdaq charges \$0.0035 per share for MOPP orders and BATS charges \$0.0033 per share for such orders. EDGA's rate is even more competitive than these. The Exchange also notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members.

⁴ 15 U.S.C. 78f(b)(4).

⁵ See, e.g., NASDAQ Rule 4758 and BATS Rule 11.13.

The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

(a) This proposed rule change is filed pursuant to paragraph (A) of section 19(b)(3) of the Exchange Act.

(b) This proposed rule change establishes dues, fees or other charges among its members and, as such, may take effect upon filing with the Commission pursuant to Exchange Act Section 19(b)(3)(A).

(c) Inapplicable.

(d) Inapplicable.

8. Proposed Rule change Based on Rules of Another Self-Regulatory Organization or of the Commission

This proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 25, 2011, the EDGA Exchange, Inc. (the "Exchange" or the "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees and rebates applicable to Members³ of the Exchange pursuant to EDGA Rule 15.1(a) and (c). All of the changes described herein are applicable to EDGA Members. ³ A Member is any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Purpose

In SR-EDGA-2011-01⁴, the Exchange filed for immediate effectiveness a rule filing to amend Rule 11.9 to add its routing strategies, which were contained in its fee schedule, to the rule and to introduce additional routing strategies to the rule. Two of those strategies that the Exchange added to Rules 11.9(b)(3)(q) and (r) were the SWPA/SWPB routing strategies. Under the SWPA strategy, an order would check the System for available shares and then would be sent to Protected Quotations and only for displayed size. Under this strategy, orders would not have to contain sufficient size to execute against all Protected Quotations (emphasis added). If any shares remain unexecuted, such remainder will be cancelled back to the User. Under the SWPB routing strategy, an order would check the System for available shares and then is sent to Protected Quotations and only for displayed size. Under this strategy, orders would have to contain sufficient size to execute against all Protected Quotations. The entire SWPB order will be cancelled back to the User immediately if at the time of entry there is

⁴ See SR-EDGA-2010-01 (January 21, 2011).

insufficient quantity in the SWPB order to fulfill the displayed size of all Protected Quotations.

In this filing, the Exchange proposes to add the corresponding flag for the use of the SWPA/SWPB strategies, SW, to its fee schedule and assign it a fee of \$0.0031 per share for removal of liquidity from all market centers except from the New York Stock Exchange (NYSE). For any SWPA/SWPB orders that remove liquidity from the NYSE, the Exchange will continue to assign Flag D and charge a fee of \$0.0023 per share. This is clarified in proposed footnote 8 to the fee schedule. The lower fee charged for removing liquidity from the NYSE is consistent with the processing of similar routing strategies by EDGA's competitors. Secondly, of the major market centers, the NYSE fees for removing liquidity itself are lower, and EDGA is thus able to pass back such lower rates to its Members.

EDGA Exchange proposes to implement these amendments to the Exchange fee schedule on January 25, 2011.

Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁵ in general, and furthers the objectives of Section 6(b)(4),⁶ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The fee of \$0.0031 per share is an equitable allocation of reasonable dues, fees, and other charges in that this order type is limited in its interaction with other Member orders as it only executes to the extent a Member order is at the Protected Quotation. a result, compared to other routing strategies that always sweep the EDGA book before routing out, such as ROBA (fee of \$0.0025 per share), the SWPA/SWPB fees are higher. Secondly, the fee is equitable when compared to other similar type strategies of EDGA's competitors. As noted in SR-EDGA-2011-01, the SWPA/SWPB routing strategies are based on Nasdaq's MOPP strategy and BATS Parallel T routing strategy.⁷ Nasdaq charges \$0.0035 per share for MOPP orders and BATS charges \$0.0033 per share for such orders. EDGA's rate is even more competitive than these. The Exchange also notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

⁷ See, e.g., NASDAQ Rule 4758 and BATS Rule 11.13.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act⁸ and Rule 19b-4(f)(2)⁹ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

¹ The removal rate on EDGA is contingent on the attributed MPID adding (including hidden) and/or routing a minimum average daily share volume, measured monthly, of 50,000 shares on EDGA. Any attributed MPID not meeting the aforementioned minimum will be

charged \$0.0030 per share for removing liquidity from EDGA for securities priced \$1.00 and over and 0.20% of dollar value for securities priced less than \$1.00.

² Rate contingent upon Member adding greater than 1,000,000 shares hidden on a daily basis (yielding Flag H), measured monthly or Member posting greater than 8,000,000 shares on a daily basis, measured monthly (yielding Flags B,V, Y, 3 or 4). Members not meeting either minimum will be charged \$0.0030 per share. For executions in stocks priced \$1.00 and over, if the average daily volume (“ADV”) of Flag H executions for a non-aggregated MPID is increased such that its ADV is 1,000,000 greater than its ADV of Flag H executions averaged across the month of October 2010, then the non-aggregated MPID would qualify for a rate of \$0.00025 per share. For executions in stocks priced below \$1.00, if the ADV of Flag H executions for a non-aggregated MPID is increased such that its ADV is 1,000,000 greater than its ADV of Flag H executions averaged across the month of October 2010, then the non-aggregated MPID would qualify for a rate of .025% of the total dollar volume of the Flag H executions.

³ Stocks priced below \$1.00 on the NYSE are charged \$0.0021 per share when removing liquidity. Stocks priced below \$1.00 are charged 0.10% of the dollar value of the transaction when routed to Nasdaq BX and removing liquidity in Tapes A, B, & C securities. Stocks priced below \$1.00 are charged 0.20% of the dollar value of the transaction when routed to Nasdaq and removing liquidity in securities on all Tapes.

⁴ Intentionally omitted.

⁵ Capped at \$10,000 per month per Member.

⁶ If Member posts an average of 100,000 shares or more per day using strategy ROLF (yielding Flag M), then said Member’s fee when removing liquidity from LavaFlow decreases to \$0.0023 per share (yielding Flag U).

⁷ Members routing an average daily volume (“ADV”): (i) less than 5,000,000 shares will be charged \$0.0030 per share, as described in the schedule; (ii) equal to or greater than 5,000,000 shares but less than 20,000,000 shares will be charged Nasdaq’s best removal tier rate per share; (iii) equal to or greater than 20,000,000 shares but less than 30,000,001 shares will be charged Nasdaq’s best removal tier rate - \$0.0001 per share; and (iv) equal to or greater than 30,000,001 shares will be charged Nasdaq’s best removal tier rate - \$0.0002 per share. The rates, in all cases, are calculated for shares removed from Nasdaq.

⁸ Flag D is assigned and a fee of \$0.0023 per share is assessed if either an SWPA or SWPB order type removes liquidity from NYSE.

^a Upon a Member’s request, EDGA will aggregate share volume calculations for wholly owned affiliates on a prospective basis.
