(c) Inapplicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the EDGX Exchange Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change. Therefore, the Exchange's internal procedures with respect to the proposed change are complete.

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

In SR-EDGX-2010-10,² the Exchange filed for immediate effectiveness a rule filing to charge for legacy ISE³ Financial Information Exchange (“FIX”) sessions (“Sessions”) used to connect to EDGX and thereby, amended its fee schedule

¹ A Member is any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange.

² See Securities Exchange Act Release No. 62640 (August 4, 2010), 75 FR 48734 (August 11, 2010) (SR-EDGX-2010-10).

³ A wholly-owned subsidiary of Direct Edge Holdings, LLC (prior to July 16, 2010) previously operated the ISE Stock Exchange as a facility of ISE. These Session fees are identical to the fees filed previously filed by and billed for by the ISE. See Securities Exchange Act Release No. 56379 (September 10, 2007), 72 FR 52591 (September 14, 2007) (SR-ISE-2007-79).

accordingly.⁴ These Sessions are logical ports used to enter orders into the Exchange's trading system and to receive order messages from the Exchange. The Sessions are currently being used to send orders to EDGX by certain legacy Members of the ISE who became Members of EDGX. The amendment to the fee schedule enabled the Exchange to continue to bill Members for these Sessions until they are terminated.

The Exchange notes that all Members have transitioned their order entry to other ports and no firms currently send orders over ISE FIX sessions as of February 1, 2011. Therefore, effective February 1, 2011, the Exchange will be discontinuing the ISE FIX sessions as all Members of EDGX that previously used ISE FIX sessions have transitioned to their Direct EDGX Sessions.

In SR-EDGX-2011-01, the Exchange added the ROOC routing option in Rule 11.9(b)(3)(p) for orders that the entering firm wishes to designate for participation in the opening or closing process of a primary listing market (NYSE, Nasdaq, NYSE Amex, or NYSE Arca) if received before the opening/closing time of such market. If shares remain unexecuted after attempting to execute in the opening or closing process, they are either posted to the book, executed, or routed like a ROUT routing option, as described in Rule 11.9(b)(3)(h). In this filing, the Exchange proposes to add the corresponding flags for the use of the ROOC strategy to its fee schedule and assign corresponding fees. If the entering firm wishes the order to participate in the listing market close via the ROOC strategy, it will be assigned a flag of "CL" and a fee of \$0.0010 per share, except for NYSE Arca. This fee represents a blended rate of all four primary listing market fees for participation in the market close. For ease of administration, the Exchange uses this blended rate as it represents an average fee from the primary listing markets. However, a flag of "O" will be yielded and the associated fee for the "O" flag, \$0.0005 per share, will be assessed, if the order is routed to the NYSE Arca closing process. This is clarified in proposed footnote 9 to the fee schedule and represents a pass through of the NYSE Arca fee. If the entering firm wishes to designate that the order participate in the opening process of NYSE Amex and it adds liquidity, it will be assigned a flag of "8" and a rebate of \$0.0015 per share. This rebate represents a pass through of the NYSE Amex rebate. If the entering firm wishes to designate that the order participate in the opening process of NYSE Arca and it adds liquidity, it will be assigned a flag of "9" and a rebate of \$0.0021 per share. This rebate represents a pass through of the NYSE Arca rebate. The Exchange proposes to add these flags effective February 1, 2011 but not implement them until the ROOC strategy is effective, which is on or about February 14, 2011.

Currently, the "K" flag is yielded when an order is routed to BATS BZX Exchange using the ROBA order type. The Exchange proposes that this flag be yielded and its associated fee of \$0.0025 per share be assessed when an order is routed to Nasdaq

⁴ As stated in SR-ISE-2007-79, the ISE used the FIX protocol, which Members program to in order to develop applications that send trading commands and/or queries to and receive broadcasts and/or transactions from the trading system. The protocol processes quotes, receives orders from Members, tracks activity in the underlying markets, when applicable, executes trades in the matching engine, and broadcasts trade details to participating Members.

PSX using the ROUC order type, as defined in Rule 11.9(b)(3)(a).⁵ This fee of \$0.0025 per share represents a pass through of the Nasdaq PSX rate.

Currently, stocks priced below \$1.00 are charged 0.20% of the dollar value of the transaction when routed to Nasdaq and removing liquidity in securities on all Tapes, as noted in footnote 3 of the fee schedule and as indicated on corresponding flag J. The Exchange proposes to increase this fee to 0.30% of the dollar value of the transaction to reflect an increase in rate provided by Nasdaq, effective January 3, 2011.

EDGX Exchange proposes to implement these amendments to the Exchange fee schedule on February 1, 2011.

(b) Basis – The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Exchange Act,⁶ in general, and furthers the objectives of Section 6(b)(4),⁷ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities.

The Exchange believes that the fees associated with the new flags described above represent an equitable allocation of reasonable dues, fees, and other charges. The fee associated with the “CL” flag (\$0.0010) (except for NYSE Arca) represents a blended rate of all four primary listing market fees for participation in the market close. However, a flag of “O” will be yielded and the associated fee for the “O” flag, \$0.0005 per share, will be assessed, if the order is routed to the NYSE Arca closing process. This represents a pass through of the NYSE Arca fee. If the entering firm wishes to designate that the order participate in the opening process of NYSE Amex and it adds liquidity, it will be assigned a flag of “8” and a rebate of \$0.0015 per share. This rebate represents a pass through of the NYSE Amex rebate. If the entering firm wishes to designate that the order participate in the opening process of NYSE Arca and it adds liquidity, it will be assigned a flag of “9” and a rebate of \$0.0021 per share. This rebate also represents a pass through of the NYSE Arca rebate. The fee associated with the K flag (\$0.0025 per share) also represents a pass through of the Nasdaq PSX rate. In addition, as discussed above, stocks priced below \$1.00 are now proposed to be charged 0.30% of the dollar value of the transaction when routed to Nasdaq and removing liquidity in securities on all Tapes, as noted in proposed footnote 3 of the fee schedule. This increase in fee (from 0.20% of the dollar value of the transaction) reflects a pass through of the Nasdaq’s increased rate, effective January 3, 2011.

⁵ Rule 11.9(b)(3)(a) defines the ROUC order type as a routing option under which an order checks the System for available shares, and then is sent sequentially to destinations on the System routing table, Nasdaq OMX BX, and NYSE. If shares remain unexecuted after routing, they are posted on the Exchange’s book.

⁶ 15 U.S.C. 78f.

⁷ 15 U.S.C. 78f(b)(4).

The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

(a) This proposed rule change is filed pursuant to paragraph (A) of section 19(b)(3) of the Exchange Act.

(b) This proposed rule change establishes dues, fees or other charges among its members and, as such, may take effect upon filing with the Commission pursuant to Exchange Act Section 19(b)(3)(A).

(c) Inapplicable.

(d) Inapplicable.

8. Proposed Rule change Based on Rules of Another Self-Regulatory Organization or of the Commission

This proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

(the "Exchange" or the "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

³ A Member is any registered broker or dealer, or any person associated with a registered broker or dealer, that has been admitted to membership in the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Purpose

In SR-EDGX-2010-10,⁴ the Exchange filed for immediate effectiveness a rule filing to charge for legacy ISE⁵ Financial Information Exchange (“FIX”) sessions (“Sessions”) used to connect to EDGX and thereby, amended its fee schedule accordingly.⁶ These Sessions are logical ports used to enter orders into the Exchange’s trading system and to receive order messages from the Exchange. The Sessions are currently being used to send orders to EDGX by certain legacy Members of the ISE who

⁴ See Securities Exchange Act Release No. 62640 (August 4, 2010), 75 FR 48734 (August 11, 2010) (SR-EDGX-2010-10).

⁵ A wholly-owned subsidiary of Direct Edge Holdings, LLC (prior to July 16, 2010) previously operated the ISE Stock Exchange as a facility of ISE. These Session fees are identical to the fees filed previously filed by and billed for by the ISE. See Securities Exchange Act Release No. 56379 (September 10, 2007), 72 FR 52591 (September 14, 2007) (SR-ISE-2007-79).

⁶ As stated in SR-ISE-2007-79, the ISE used the FIX protocol, which Members program to in order to develop applications that send trading commands and/or queries to and receive broadcasts and/or transactions from the trading system. The protocol processes quotes, receives orders from Members, tracks activity in the underlying markets, when applicable, executes trades in the matching engine, and broadcasts trade details to participating Members.

became Members of EDGX. The amendment to the fee schedule enabled the Exchange to continue to bill Members for these Sessions until they are terminated.

The Exchange notes that all Members have transitioned their order entry to other ports and no firms currently send orders over ISE FIX sessions as of February 1, 2011. Therefore, effective February 1, 2011, the Exchange will be discontinuing the ISE FIX sessions as all Members of EDGX that previously used ISE FIX sessions have transitioned to their Direct EDGX Sessions.

In SR-EDGX-2011-01, the Exchange added the ROOC routing option in Rule 11.9(b)(3)(p) for orders that the entering firm wishes to designate for participation in the opening or closing process of a primary listing market (NYSE, Nasdaq, NYSE Amex, or NYSE Arca) if received before the opening/closing time of such market. If shares remain unexecuted after attempting to execute in the opening or closing process, they are either posted to the book, executed, or routed like a ROUT routing option, as described in Rule 11.9(b)(3)(h). In this filing, the Exchange proposes to add the corresponding flags for the use of the ROOC strategy to its fee schedule and assign corresponding fees. If the entering firm wishes the order to participate in the listing market close via the ROOC strategy, it will be assigned a flag of "CL" and a fee of \$0.0010 per share, except for NYSE Arca. This fee represents a blended rate of all four primary listing market fees for participation in the market close. For ease of administration, the Exchange uses this blended rate as it represents an average fee from the primary listing markets. However, a flag of "O" will be yielded and the associated fee for the "O" flag, \$0.0005 per share, will be assessed, if the order is routed to the NYSE Arca closing process. This is clarified in proposed footnote 9 to the fee schedule and represents a pass through of the NYSE Arca fee. If the entering firm wishes to designate that the order participate in the opening

process of NYSE Amex and it adds liquidity, it will be assigned a flag of “8” and a rebate of \$0.0015 per share. This rebate represents a pass through of the NYSE Amex rebate. If the entering firm wishes to designate that the order participate in the opening process of NYSE Arca and it adds liquidity, it will be assigned a flag of “9” and a rebate of \$0.0021 per share. This rebate represents a pass through of the NYSE Arca rebate. The Exchange proposes to add these flags effective February 1, 2011 but not implement them until the ROOC strategy is effective, which is on or about February 14, 2011.

Currently, the “K” flag is yielded when an order is routed to BATS BZX Exchange using the ROBA order type. The Exchange proposes that this flag be yielded and its associated fee of \$0.0025 per share be assessed when an order is routed to Nasdaq PSX using the ROUC order type, as defined in Rule 11.9(b)(3)(a).⁷ This fee of \$0.0025 per share represents a pass through of the Nasdaq PSX rate.

Currently, stocks priced below \$1.00 are charged 0.20% of the dollar value of the transaction when routed to Nasdaq and removing liquidity in securities on all Tapes, as noted in footnote 3 of the fee schedule and as indicated on corresponding flag J. The Exchange proposes to increase this fee to 0.30% of the dollar value of the transaction to reflect an increase in rate provided by Nasdaq, effective January 3, 2011.

EDGX Exchange proposes to implement these amendments to the Exchange fee schedule on February 1, 2011.

⁷ Rule 11.9(b)(3)(a) defines the ROUC order type as a routing option under which an order checks the System for available shares, and then is sent sequentially to destinations on the System routing table, Nasdaq OMX BX, and NYSE. If shares remain unexecuted after routing, they are posted on the Exchange’s book.

Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,⁸ in general, and furthers the objectives of Section 6(b)(4),⁹ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities.

The Exchange believes that the fees associated with the new flags described above represent an equitable allocation of reasonable dues, fees, and other charges. This represents a pass through of the NYSE Arca fee. In addition, as discussed above, stocks priced below \$1.00 are now proposed to be charged 0.30% of the dollar value of the transaction when routed to Nasdaq and removing liquidity in securities on all

Tapes, as noted in proposed footnote 3 of the fee schedule. This increase in fee (from 0.20% of the dollar value of the transaction) reflects a pass through of the Nasdaq's increased rate, effective January 3, 2011.

The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act¹⁰ and Rule 19b-4(f)(2)¹¹ thereunder. At any time within 60 days of the filing of

such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

A Member can only receive reimbursement with respect to two consecutive calendar months. With respect to the second calendar month's reimbursement, the relevant period in determining whether criteria (iii) is satisfied is the period three calendar months prior to the first of the two consecutive calendar months the Member meets the above-described criteria in (i) and (ii).
