1. Text of the Proposed Rule Change

(a) EDGA Exchange, Inc. (“Exchange” or “EDGA”) proposes to amend its fees and rebates applicable to Members¹ of the Exchange pursuant to EDGA Rule 15.1(a) and (c). Text of the proposed rule change is attached as Exhibit 5.

(c) Inapplicable.

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the EDGA Exchange Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change. 3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to add Flag DM to its fee schedule. Such flag will be yielded when Members add or remove liquidity in the discretionary (hidden) range using the Mid-Point Discretionary Order type (“MDO”).² The Exchange proposes to assess a charge of \$0.0005 per

¹ A Member is any registered broker or dealer, or any person associated with a registered broker or dealer that has been admitted to membership in the Exchange.

² See SR-EDGA-2012-22 (June 8, 2012) (As stated in the filing, MDOs to buy would be displayed at and pegged to the national best bid (the “NBB”), with discretion to execute at prices up to and including the mid-point of the National Best Bid and Offer (the “NBBO”). MDOs to sell would be displayed at and pegged to the national best offer (the “NBO”), with discretion to execute at prices down to and including the mid-point of the NBBO. The displayed prices of MDOs would move in tandem with changes in the NBB (for buy orders) or the NBO (for sell orders). Moreover, MDOs would not independently establish or maintain an NBB or NBO; rather, the displayed prices of MDOs would be

share. In addition, the Exchange proposes appending Footnote 18 to Flag DM that states that trading activity in Flag DM does not count towards volume tiers.

The Exchange proposes to implement this amendment to its fee schedule on June 19, 2012.

(b) Basis

The Exchange believes that the proposed rule changes are consistent with the objectives of Section 6 of the Securities and Exchange Act of 1934 (the “Act”),³ in general, and furthers the objectives of Section 6(b)(4),⁴ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

The Exchange believes that Flag DM is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other customers using the Exchange’s facilities. As stated in SR-EDGA-2012-22, MDOs represent a combination of two existing order types:

The MDO has two discrete components – a displayed portion that is pegged to the NBB or NBO, and a non-displayed portion which gives discretion to execute to the mid-point of the NBBO, subject to certain limits. The displayed, pegged portion of the MDO is conceptually similar to the Exchange’s Pegged Order.⁵ The non-displayed portion of the MDO is conceptually similar to the Exchange’s Mid-Point Peg Order⁶ (insofar as it would be eligible to execute in 1/2 cent increments at the mid-point of the NBBO). And the MDO as a whole is conceptually similar to the Exchange’s Discretionary Order⁷ (insofar as it would have displayed and undisplayed components, in both cases set to objectively determined parameters).

As such, the proposed rate for Flag DM is reflective of this concept. When the MDO adds liquidity like a displayed Pegged Order, the Exchange will continue to offer a rebate of \$0.0003 per share and the order will continue to receive Flags B, V, Y, 3, or 4. Where the MDO adds or removes liquidity, including upon entry, within the Member’s specified discretionary (hidden) range, then it behaves like a Non-Displayed or Discretionary Order, which

derived from the then current NBB or NBO).

is proposed to now be assessed a rate of \$0.0005 per share. Today, without the addition of Flag DM, such Non-Displayed or Discretionary Orders would yield Flags HA or HR and be assessed a rate of \$0.0010 per share or \$0.0030 per share if the conditions in the volume tier are not satisfied by the Member.⁸ Therefore, the Exchange believes that assessing a proposed charge of \$0.0005 per share for Flag DM is equitable because it represents a blended or hybrid rate between the rates the Exchange currently assesses for Pegged Orders (rebate of \$0.0003) and the rates for Non-Displayed Orders that add or remove liquidity (fee of \$0.0010). In addition, the Exchange believes the proposed reduced rate from \$0.0010 to \$0.0005 for the Non-Displayed or discretionary aspect of the order is also equitable because it reflects the value the Exchange attributes to the MDO's contribution to price discovery, displayed depth of liquidity at the national best bid/offer, and the added benefit that the Member makes the order transparent as compared to a traditional Non-Displayed Order, which is hidden on the order book.

The Exchange proposes to exclude the volume generated from Flag DM from counting towards the volume tiers because a Member can potentially receive Flag DM if the Member either adds or removes liquidity using the MDO; therefore, the Exchange believes it would be less confusing to exclude these executions from volume tiers (which are typically achieved by counting just the executions that add liquidity) and the footnote on the fee schedule would contribute towards more clarity and transparency for Members.

In addition, the Exchange believes that the proposed rate is non-discriminatory because the charge will apply uniformly to all Members.

The Exchange also notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable and non-discriminatory in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act.

⁸

The Exchange notes that the rate of \$0.0010 per share for Flags HA and HR are contingent upon a Member adding or removing greater than 1,000,000 shares hidden on a daily basis, measured monthly. Members that do not meet this minimum will be charged \$0.0030 per share.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

(a) This proposed rule change is filed pursuant to paragraph (A) of section 19(b)(3) of the Exchange Act.

(b) This proposed rule change establishes dues, fees or other charges among its members and, as such, may take effect upon filing with the Commission pursuant to Exchange Act Section 19(b)(3)(A)(ii)⁹ and paragraph (f)(2) of Rule 19b-4 thereunder.¹⁰

(c) Inapplicable.

(d) Inapplicable.

[Date]

Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to the EDGA Exchange, Inc. Fee Schedule

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 19, 2012 the EDGA Exchange, Inc. (the "Exchange" or the "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees and rebates applicable to Members³ of the Exchange pursuant to EDGA Rule 15.1(a) and (c). All of the changes described herein are applicable to EDGA Members. The text of the proposed rule change is

available on the Exchange's Internet website at <http://www.directedge.com>, at the Exchange's principal office, and at the Public Reference Room of the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Purpose

The Exchange proposes to add Flag DM to its fee schedule. Such flag will be yielded when Members add or remove liquidity in the discretionary (hidden) range using the Mid-Point Discretionary Order type ("MDO").⁴ The Exchange proposes to assess a charge of \$0.0005 per share. In addition, the Exchange proposes appending Footnote 18 to Flag DM that states that trading activity in Flag DM does not count towards volume tiers.

⁴ See SR-EDGA-2012-22 (June 8, 2012) (As stated in the filing, MDOs to buy would be displayed at and pegged to the national best bid (the "NBB"), with discretion to execute at prices up to and including the mid-point of the National Best Bid and Offer (the "NBBO"). MDOs to sell would be displayed at and pegged to the national best offer (the "NBO"), with discretion to execute at prices down to and including the mid-point of the NBBO. The displayed prices of MDOs would move in tandem with changes in the NBB (for buy orders) or the NBO (for sell orders). Moreover, MDOs would not independently establish or maintain an NBB or NBO; rather, the displayed prices of MDOs would be derived from the then current NBB or NBO).

The Exchange proposes to implement this amendment to its fee schedule on June 19, 2012.

Basis

The Exchange believes that the proposed rule changes are consistent with the objectives of Section 6 of the Act,⁵ in general, and furthers the objectives of Section 6(b)(4),⁶ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities.

The Exchange believes that Flag DM is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other customers using the Exchange's facilities. As stated in SR-EDGA-2012-22, MDOs represent a combination of two existing order types:

The MDO has two discrete components – a displayed portion that is pegged to the NBB or NBO, and a non-displayed portion which gives discretion to execute to the mid-point of the NBBO, subject to certain limits. The displayed, pegged portion of the MDO is conceptually similar to the Exchange's Pegged Order.⁷

The non-displayed portion of the MDO is conceptually similar to the Exchange's Mid-Point Peg Order⁸ (insofar as it would be eligible to execute in 1/2 cent increments at the mid-point of the NBBO). And the MDO as a whole

⁷ As defined in Exchange Rule 11.5(c)(6).

⁸ As defined in Exchange Rule 11.5(c)(7).

is conceptually similar to the Exchange's Discretionary Order⁹ (insofar as it would have displayed and undisplayed components, in both cases set to objectively determined parameters).

As such, the proposed rate for Flag DM is reflective of this concept. When the MDO adds liquidity like a displayed Pegged Order, the Exchange will continue to offer a rebate of \$0.0003 per share and the order will continue to receive Flags B, V, Y, 3, or 4. Where the MDO adds or removes liquidity, including upon entry, within the Member's specified discretionary (hidden) range, then it behaves like a Non-Displayed or Discretionary Order, which is proposed to now be assessed a rate of \$0.0005 per share. Today, without the addition of Flag DM, such Non-Displayed or Discretionary Orders would yield Flags HA or HR and be assessed a rate of \$0.0010 per share or \$0.0030 per share if the conditions in the volume tier are not satisfied by the Member.¹⁰ Therefore, the Exchange believes that assessing a proposed charge of \$0.0005 per share for Flag DM is equitable because it represents a blended or hybrid rate between the rates the Exchange currently assesses for Pegged Orders (rebate of \$0.0003) and the rates for Non-Displayed Orders that add or remove liquidity (fee of \$0.0010). In addition, the Exchange believes the proposed reduced rate from \$0.0010 to \$0.0005 for the Non-Displayed or discretionary aspect of the order is also equitable because it reflects the value the Exchange attributes to the MDO's contribution to price discovery, displayed depth of liquidity at the national best bid/offer, and the added benefit that the

⁹ As defined in Exchange Rule 11.5(c)(13).

¹⁰ The Exchange notes that the rate of \$0.0010 per share for Flags HA and HR are contingent upon a Member adding or removing greater than 1,000,000 shares hidden on a daily basis, measured monthly. Members that do not meet this minimum will be charged \$0.0030 per share.

Member makes the order transparent as compared to a traditional Non-Displayed Order, which is hidden on the order book.

The Exchange proposes to exclude the volume generated from Flag DM from counting towards the volume tiers because a Member can potentially receive Flag DM if the Member either adds or removes liquidity using the MDO; therefore, the Exchange believes it would be less confusing to exclude these executions from volume tiers (which are typically achieved by counting just the executions that add liquidity) and the footnote on the fee schedule would contribute towards more clarity and transparency for Members.

In addition, the Exchange believes that the proposed rate is non-discriminatory because the charge will apply uniformly to all Members.

The Exchange also notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed rates are equitable and non-discriminatory in that they apply uniformly to all Members. The Exchange believes the fees and credits remain competitive with those charged by other venues and therefore continue to be reasonable and equitably allocated to Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act¹¹ and Rule 19b-4(f)(2)¹² thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

³ Stocks priced below \$1.00 on the NYSE are charged \$0.0023 per share when removing liquidity. Stocks priced below \$1.00 are charged 0.10% of the dollar value of the transaction when routed to BX and removing liquidity in Tapes A, B, & C securities. Stocks priced below \$1.00 are charged 0.30% of the dollar value of the transaction when routed to NASDAQ and removing liquidity in securities on all Tapes.

⁴ If a Member, on a daily basis, measured monthly, posts more than 1% of the Total Consolidated Volume (“TCV”) in average daily volume on EDGA, including non-displayed orders that add liquidity, then the Member will receive a rebate of \$0.0004 per share. TCV is defined as volume reported by all exchanges and trade reporting facilities to the consolidated transaction reporting plans for Tapes A, B and C securities for the month prior to the month in which the fees are calculated.

If a Member, on a daily basis, measured monthly, posts more than .25% of the TCV on EDGA, including non-displayed orders that add liquidity, and removes more than .25% of TCV in average daily volume, then the Member will receive a rebate of \$0.0004 per share.

⁵ Capped at \$10,000 per month per Member.

⁶ If Member posts an average of 100,000 shares or more per day using strategy ROLF (yielding Flag M), then said Member's fee when removing liquidity from LavaFlow decreases to \$0.0023 per share (yielding Flag U).

⁷ Intentionally omitted.

⁸ Flag D is assigned and a fee of \$0.0023 per share is assessed if an SWPA, SWPB, or SWPC routing strategy removes liquidity from NYSE.

⁹ A Flag "O" will be yielded and a fee of \$0.0005 per share will be assessed if an order is routed to NYSE Arca & BATS BZX's closing process.

¹⁰ A Flag "RX" will be yielded and a fee of \$0.0027 per share will be assessed when an order is routed to EDGX Exchange using the ROUT routing strategy.

¹¹ A Flag "T" will be yielded and a fee of \$0.0030 per share will be assessed when an order is routed to EDGX Exchange.

¹² Stocks priced below \$1.00 are charged \$0.0010 per share.

¹³ The eligible routing strategies for Flag CR are ROUT, RDOT, ROUE, ROUC, ROOC, ROCO, IOCT, or ICMT.

¹⁴ The eligible routing strategies for Flag XR are ROUX, RDOX, ROPA, INET, ROBB, ROBY, ROBX, ROBA, SWPA, SWPB, SWPC, ROLF, IOCX, or IOCM.

¹⁵ The eligible routing strategies for Flag PR are ROUZ, ROUD, or ROUQ.

¹⁶ If a Member posts greater than or equal to 0.30% of the TCV in ADV on EDGA and routes 2.5 million shares through the use of Flag Q, then the Member's rate for Flag Q decreases to \$0.0015 per share. If a Member posts greater than or equal to 0.30% of the TCV in ADV on EDGA and routes 5 million shares through the use of Flag Q, then the Member's rate for Flag Q decreases to \$0.0010 per share.

¹⁷ If a Member executes greater than 2 million shares per day, measured monthly, using routing strategy RMPT (*i.e.*, receiving flags PA, PT and PX), then the Member's rates for PT and PX are reduced to \$0.0008 per share.

¹⁸ Trading activity in Flag DM does not count towards volume tiers.

^a Upon a Member's request, EDGA will aggregate share volume calculations for wholly owned affiliates on a prospective basis.

^b Trading activity on days when the market closes early does not count toward volume tiers.

^c Receipt of the maximum rebate for which a Member is eligible depends upon an average inbound message-to-trade ratio being equal to or less than 100:1, measured monthly, where the message-to-trade ratio equals total messages (orders, cancels, and cancel/replaces) divided by executions. The Exchange counts all fills against an order as one trade for purposes of executions. Where a Member exceeds the 100:1 message-to-trade ratio, measured monthly, the Exchange will reduce its rebates by \$0.0001 per share, without regard to the rebate tier for which the Member qualifies.

The following Members are exempt from this reduction in rebate: (i) All Members that send less than 1,000,000 messages/day to the Exchange; and (ii) Registered Market Makers provided that they are registered in at least 100 securities over the course of a month and are meeting their continuous, two-sided quoting obligations under Rule 11.21(d) on at least 10 consecutive trading days in the month. With respect to (ii) above, the Exchange notes that all MPIDs that are wholly-owned affiliates of the Member are exempt from MEIP as long as one MPID satisfies the above criteria for an exemption from the reduction in rebate.

The Exchange may exclude one or more days of data for purposes of calculating the message-to-trade ratio for a Member if the Exchange determines, in its sole discretion, that one or more Members or the Exchange was experiencing a bona fide system problem.

^d A charge of 1% per month on the past due portion of the balance will be assessed on a Member's account that is past due. This fee will begin to accrue on a daily basis for items not paid within the 30 day payment terms until the item is paid in full. Late fees incurred will be included as line items on subsequent invoices.
