1. Text of the Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² BATS Y-Exchange, Inc. (the “Exchange” or “BYX”) is filing with the Securities and Exchange Commission (“Commission”) a proposal to eliminate reference to a Market Maker order functionality in Rule 11.8(e) that has now been retired by the Exchange.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule filing was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on September 27, 2010. Exchange staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action is necessary for the filing of this proposal.

Background

On August 29, 2012, the Commission approved BYX's proposed rule change to adopt a new Market Maker Peg Order functionality that was designed to replace the automated functionality (commonly referred to as the Market Maker Quoter) provided to Market Makers in Rule 11.8(e).³ The Exchange originally adopted Rule 11.8(e) as part of an effort to address issues uncovered by the aberrant trading that occurred on May 6, 2010.⁴ The Market Maker Quoter functionality was designed to help Market Makers meet the enhanced obligations imposed on them post May 6, 2010⁵ and avoid execution of Market Maker "stub quotes" in instances of aberrant trading.⁶ Although the Market

⁶ For each issue in which a market maker was registered, the Market Maker Quoter functionality optionally created a quotation for display to comply with market making obligations. Compliant displayed quotations were thereafter allowed to rest and were not adjusted unless the relationship between the quotation and its related national best bid or national best offer, as appropriate, either: (a) shrank to a specified number of percentage points away from the Designated Percentage towards the then current national best bid or national best offer, which number of percentage points was determined and published in a circular distributed to Members from time to time; or (b) expanded to within 0.5% of the applicable percentage necessary to trigger an individual stock trading pause, whereupon such bid or offer was cancelled and re-entered at the Designated Percentage away from the then current national best bid and national best offer, or if no national best bid or national best offer, at the Designated Percentage away from the last reported sale from the responsible single plan processor. Quotations independently entered by market makers were allowed to move freely towards the national best bid or national best offer, as appropriate, for potential execution. In the event of an execution against a quote generated pursuant to the Market Maker Quoter functionality, the Market Maker's quote was refreshed on the executed side of the market at the applicable Designated Percentage away from the then national best bid (offer), or if no national best bid (offer), the last reported sale. See Rule 11.8(e).

Maker Quoter was successful in allowing Exchange Market Makers to meet their enhanced obligations and in avoiding the deleterious effect on the markets caused by “stub quote” executions, the functionality presented difficulties to Market Makers in meeting their obligations under Rule 15c3-5 under the Act (the “Market Access Rule”)⁷ and Regulation SHO.⁸

The Exchange introduced the Market Maker Peg Order to simplify Market Maker compliance with the requirements of the Market Access Rule and Regulation SHO. The Market Maker Peg Order allows Market Makers to control the origination of their orders, as required by the Market Access Rule, while also allowing Market Makers to make marking and locate determinations prior to order entry, as required by Regulation SHO. As such, Market Makers are fully able to comply with the requirements of the Market Access Rule and Regulation SHO, as they would when placing any order, while also meeting their Exchange market making obligations.

Retirement of the Market Maker Quoter

At the time of Market Maker Peg Order rule filing and in the subsequent filing to amend the Market Maker Peg Order, the Exchange noted its intention to continue offering the Market Maker Quoter functionality for a three-month period after the implementation of the Market Maker Peg Order to afford Market Makers the opportunity to gradually transition away from the previous functionality.⁹ Accordingly, the Exchange did not believe it appropriate to eliminate the language authorizing the Market Maker

Quoter functionality immediately upon the Market Maker Peg Order's effectiveness.

However, as of June 24, 2013, the Exchange decommissioned the Market Maker Quoter functionality pursuant to its transition plan. Thus, the Exchange is now proposing to delete Rule 11.8(e), which authorizes the functionality, and hold the rule number in reserve.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹⁰ Specifically, the proposal is consistent with Section 6(b)(5) of the Act,¹¹ which requires exchange rules to promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The Exchange believes that the proposed rule change fulfills these requirements because it deletes reference to a functionality that is now retired, thereby eliminating any investor uncertainty related to the status of this functionality. As noted in the Exchange's Market Maker Peg Order filing, the transition period during which both the Market Maker Quoter functionality and the Market Maker Peg Order were operational was designed to minimize the potential market impact caused by the implementation of the new order type.¹² The Exchange believes that deleting reference to the Market Maker Quoter functionality is now

appropriate and in furtherance of the public interest given the passage of time since the Market Maker Peg Order became effective and the Market Maker Quoter was decommissioned.¹³

4. Self-Regulatory Organization's Statement on Burden on Competition

BYX believes the proposal is consistent with Section 6(b)(8) of the Act¹⁴ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will remove reference to a functionality that has already been retired. Moreover, given the fact that the Market Maker Quoter's replacement, the Market Maker Peg Order, has been effective and operational for many months, the Exchange does not believe removing reference to the retired functionality will have any impact on the current competitive environment.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁵ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁶ The Exchange asserts that the proposed rule change: (1) will not significantly affect the protection of

investors or the public interest, (2) will not impose any significant burden on competition, and (3) and will not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such shorter time as designated by the Commission.¹⁷

Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁸ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁹

The Exchange respectfully requests that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act²⁰ and paragraph (f)(6) of Rule 19b-4 thereunder.²¹ Waiver of this requirement, specified in Rule 19b-4(f)(6),²² will allow the Exchange to quickly remove language in its rules that serves no purpose and may confuse investors while it remains in effect. By waiving the operative delay, the Exchange can avoid potential market confusion caused by delaying the implementation of the proposed rule change. Accordingly, the Exchange believes that waiving the operative delay is consistent with the protection of investors and the public interest.

Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Eliminate References to Obsolete Functionality.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 12, 2013, BATS Y-Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

On August 29, 2012, the Commission approved BYX's proposed rule change to adopt a new Market Maker Peg Order functionality that was designed to replace the automated functionality (commonly referred to as the Market Maker Quoter) provided to Market Makers in Rule 11.8(e).⁵ The Exchange originally adopted Rule 11.8(e) as part of an effort to address issues uncovered by the aberrant trading that occurred on May 6, 2010.⁶ The Market Maker Quoter functionality was designed to help Market Makers meet the enhanced obligations imposed on them post May 6, 2010⁷ and avoid execution of Market Maker "stub quotes" in instances of aberrant trading.⁸ Although the Market

Access Rule and Regulation SHO, as they would when placing any order, while also meeting their Exchange market making obligations.

Retirement of the Market Maker Quoter

At the time of Market Maker Peg Order rule filing and in the subsequent filing to amend the Market Maker Peg Order, the Exchange noted its intention to continue offering the Market Maker Quoter functionality for a three-month period after the implementation of the Market Maker Peg Order to afford Market Makers the opportunity to gradually transition away from the previous functionality.¹¹ Accordingly, the Exchange did not believe it appropriate to eliminate the language authorizing the Market Maker Quoter functionality immediately upon the Market Maker Peg Order's effectiveness. However, as of June 24, 2013, the Exchange decommissioned the Market Maker Quoter functionality pursuant to its transition plan. Thus, the Exchange is now proposing to delete Rule 11.8(e), which authorizes the functionality, and hold the rule number in reserve.

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹² Specifically, the proposal is consistent with Section 6(b)(5) of the Act,¹³ which requires

The Exchange believes that the proposed rule change fulfills these requirements because it deletes reference to a functionality that is now retired, thereby eliminating any investor uncertainty related to the status of this functionality. As noted in the Exchange's Market Maker Peg Order filing, the transition period during which both the Market Maker Quoter functionality and the Market Maker Peg Order were operational was designed to minimize the potential market impact caused by the implementation of the new order type.¹⁴ The Exchange believes that deleting reference to the Market Maker Quoter functionality is now appropriate and in furtherance of the public interest given the passage of time since the Market Maker Peg Order became effective and the Market Maker Quoter was decommissioned.¹⁵

(B) Self-Regulatory Organization's Statement on Burden on Competition

BYX believes the proposal is consistent with Section 6(b)(8) of the Act¹⁶ in that it does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will remove reference to a functionality that has already been retired. Moreover, given the fact that the Market Maker Quoter's replacement, the Market Maker Peg Order, has been effective and

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and paragraph (f) of Rule 19b-4 thereunder.¹⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
