Exhibit Sent As Paper Document

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

Exhibit 3 - Form, Report, or Questionnaire

Add Remove View

Exhibit Sent As Paper Document

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

Exhibit 4 - Marked Copies

Add Remove View

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

Exhibit 5 - Proposed Rule Text

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

- (a) EDGX Exchange, Inc. (“EDGX” or the “Exchange”) proposes to delay the operative date of a rule change to EDGX Rule 11.14, which provides for methodology for determining when to halt trading in all stocks due to extraordinary market volatility, from the date of February 4, 2013, until April 8, 2013.
- (b) The Exchange does not believe that the proposed rule change will have any direct effect, or any significant indirect effect, on any other Exchange rule in effect at the time of this filing.
- (c) Not applicable.

2. Procedures of the Self-Regulatory Organization

Senior management has approved the proposed rule change pursuant to authority delegated to it by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the Exchange Board of Directors of any action taken pursuant to delegated authority. No further action by the Board of Directors or the membership of the Exchange is required. Therefore, the Exchange's internal procedures with respect to the proposed change are complete.

The person on the Exchange staff prepared to respond to questions and comments on the proposed rule change is:

Thomas N. McManus
Chief Regulatory Officer
EDGX Exchange, Inc.
201-418-3471

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to delay the operative date of the pilot in Rule 11.14, which provides the methodology for determining when to halt trading in all stocks due to extraordinary market volatility from February 4, 2013 until April 8, 2013 to coincide with the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility (“LULD Plan”).¹ As proposed, the pilot

¹ The Commission approved the proposed changes to the market-wide circuit breaker on a pilot basis for a period scheduled to start on February 4, 2013 that corresponds to the pilot period for the LULD Plan so that the impact of the two

period will begin and end at the same time the pilot period for the LULD Plan. The current Rule 11.14 would remain in effect until April 8, 2013. If the pilot is not either extended or approved permanently at the end of the pilot period, the current version of Rule 11.14 would be in effect.

Current Rule 11.14

In its current form,² the rule provides for Level 1, 2, and 3 declines and specified trading halts following such declines. The values of Levels 1, 2 and 3 are calculated at the beginning of each calendar quarter by the primary listing market, using 10%, 20% and 30%, respectively, of the average closing value of the DJIA for the month prior to the beginning of the quarter. Each percentage calculation is rounded to the nearest fifty points to create the Levels' trigger points. The primary listing markets disseminate the new trigger levels quarterly to the media, via information memos and publication on their websites. The values then remain in effect until the next quarterly calculation, notwithstanding whether the DJIA has moved and a Level 1, 2, or 3 decline is no longer equal to an actual 10%, 20%, or 30% decline in the most recent closing value of the DJIA.

Once a Rule 11.14 circuit breaker is in effect, trading in all stocks halt for the time periods specified below:

Level 1 Halt

anytime before 2:00 p.m. – one hour;

at or after 2:00 p.m. but before 2:30 p.m. – 30 minutes;

at or after 2:30 p.m. – trading shall continue, unless there is a Level 2 Halt.

Level 2 Halt

proposals can be reviewed together. See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-EDGX-2011-30). The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. The proposal would delay the operative date of the market-wide circuit breaker pilot to April 8, 2013 in order for the implementation date for the market-wide circuit breaker pilot to remain the same date as for the LULD Plan.

² NYSE Rule 80B, the analogous rule from the New York Stock Exchange LLC, was last amended in 1998, when declines based on specified point drops in the DJIA were replaced with the current methodology of using a percentage decline that is recalculated quarterly. See Securities Exchange Act Release No. 39846 (April 9, 1998), 63 FR 18477 (April 15, 1998) (SR-NYSE-98-06, SR-Amex-98-09, SR-BSE-98-06, SR-CHX-98-08, SR-NASD-98-27, and SR-Phlx-98-15).

anytime before 1:00 p.m. – two hours;

at or after 1:00 p.m. but before 2:00 p.m. – one hour;

at or after 2:00 p.m. – trading shall halt and not resume for the rest of the day.

Level 3 Halt

at any time – trading shall halt and not resume for the rest of the day.

Unless stocks are halted for the remainder of the trading day, price indications are disseminated during a Rule 11.14 trading halt for stocks that comprise the DJIA.

Amended Rule 11.14

The Exchange amended Rule 11.14 to revise the current methodology for determining when to halt trading in all stocks due to extraordinary market volatility (“market-wide circuit breaker”).³ The Exchange, other equities, options, and futures markets, and FINRA amended the market-wide circuit breaker to take into consideration the recommendations of the Joint CFTC-SEC Advisory Committee on Emerging Regulatory Issues, and to provide for more meaningful measures in today’s markets of when to halt trading in all stocks. Accordingly, the Exchange amended Rule 11.14 as follows: (i) replaced the DJIA with the S&P 500; (ii) replaced the quarterly calendar recalculation of Rule 11.14 triggers with daily recalculations; (iii) replaced the 10%, 20%, and 30% market decline percentages with 7%, 13%, and 20% market decline percentages; (iv) modified the length of the trading halts associated with each market decline level; and (v) modified the times when a trading halt may be triggered. The Exchange believes that these amendments update the rule to reflect today’s high-speed, highly electronic trading market while still meeting the original purpose of Rule 11.14: to ensure that market participants have an opportunity to become aware of and respond to significant price movements.

The Exchange adopted the proposed changes to the market-wide circuit breaker on a pilot basis for a period that corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.⁴ In addition, in order for the markets and the single plan processors responsible for the consolidation of information pursuant to Rule 603(b) of Regulation NMS under the Securities Exchange Act of 1934 (the “Act”) to make the necessary

³ See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-EDGX-2011-30).

⁴ See id.

technological changes to implement both the changes to the market-wide circuit breaker and the proposed LULD Plan, the Exchange established that the implementation date for the proposed rule changes should be the same date that the LULD Plan is implemented. The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. For the same reasons as stated above, the Exchange proposes to delay the operative date of the market-wide circuit breaker pilot to April 8, 2013.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, this rule proposal supports the objectives of perfecting the mechanism of a free and open market and the national market system because it promotes uniformity across markets concerning when and how to halt trading in all stocks as a result of extraordinary market volatility. Additionally, delaying the operative date of the market-wide circuit breaker pilot until the initial date of operations of the LULD Plan would allow the pilot to begin and end at the same time of the LULD Plan so that the Exchange and the Securities and Exchange Commission (the “Commission”) could further assess the impact of the two pilots on the marketplace or whether other initiatives should be adopted in lieu of the pilots, which contributes to the protection of investors and the public interest.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The delay in the operation of the market-wide circuit breaker pilot until April 8, 2013 will allow the pilot period to begin and end at the same time as the LULD Plan, which contributes to the protection of investors and the public interest. Other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to extraordinary market volatility and the same requirements specified in the LULD Plan. Thus, the proposed changes will not impose any burden on competition while providing that the market-wide circuit breaker pilot period corresponds to

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The Exchange believes that the proposal qualifies for immediate effectiveness upon filing as a “non-controversial” rule change in accordance with Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

The Exchange asserts that the proposed rule change (i) will not significantly affect the protection of investors or the public interest, (ii) will not impose any significant burden on competition, and (iii) by its terms, will not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such shorter time as the Commission may designate.

The Exchange believes that this proposal is non-controversial and eligible to become effective immediately because it delays the operation of a market-wide circuit breaker pilot that promotes uniformity across markets regarding the methodology for determining when to halt trading in all stocks due to extraordinary market volatility. The proposal will promote the protection of investors and the public interest by allowing the current market-wide circuit breaker Rules in operation to continue uninterrupted until the initial date of LULD Plan operations. In addition, the proposal will not affect competition because other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to extraordinary market volatility. For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a “non-controversial” rule change under paragraph (f)(6) of Rule

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6).

19b-4.⁹ The Exchange respectfully requests the Commission to waive the 30-day operative delay to allow the current rules to remain in effect without interruption until the initial date of LULD Plan operations for the benefit of the marketplace and the investing public.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

10. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

Not applicable.

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-EDGX-2013-05)

[Date]

Self-Regulatory Organizations; EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Delay the Operative Date of Changes to the Rule for Halting Trading in All Stocks Due to Extraordinary Market Volatility

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 31, 2013, EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delay the operative date of a rule change to EDGX Rule 11.14, which provides for methodology for determining when to halt trading in all stocks due to extraordinary market volatility, from the date of February 4, 2013, until April 8, 2013. All of the changes described herein are applicable to EDGX Members. The text of the proposed rule change is available on the Exchange's Internet website at www.directedge.com, at the Exchange's principal office, and at the Public Reference Room of the Commission.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to delay the operative date of the pilot in Rule 11.14, which provides the methodology for determining when to halt trading in all stocks due to extraordinary market volatility from February 4, 2013 until April 8, 2013 to coincide with the initial date of operations of the Regulation NMS Plan to Address Extraordinary Market Volatility ("LULD Plan").³ As proposed, the pilot period will begin and end at the same time the pilot period for the LULD Plan.

The current Rule 11.14 would remain in effect until April 8, 2013. If the pilot is

³ The Commission approved the proposed changes to the market-wide circuit breaker on a pilot basis for a period scheduled to start on February 4, 2013 that corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together. See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-EDGX-2011-30). The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. The proposal would delay the operative date of the market-wide circuit breaker pilot to April 8, 2013 in order for the implementation date for the market-wide circuit breaker pilot to remain the same date as for the LULD Plan.

not either extended or approved permanently at the end of the pilot period, the current version of Rule 11.14 would be in effect.

Current Rule 11.14

In its current form,⁴ the rule provides for Level 1, 2, and 3 declines and specified trading halts following such declines. The values of Levels 1, 2 and 3 are calculated at the beginning of each calendar quarter by the primary listing market, using 10%, 20% and 30%, respectively, of the average closing value of the DJIA for the month prior to the beginning of the quarter. Each percentage calculation is rounded to the nearest fifty points to create the Levels' trigger points. The primary listing markets disseminate the new trigger levels quarterly to the media, via information memos and publication on their websites. The values then remain in effect until the next quarterly calculation, notwithstanding whether the DJIA has moved and a Level 1, 2, or 3 decline is no longer equal to an actual 10%, 20%, or 30% decline in the most recent closing value of the DJIA.

Once a Rule 11.14 circuit breaker is in effect, trading in all stocks halt for the time periods specified below:

Level 1 Halt

anytime before 2:00 p.m. – one hour;

at or after 2:00 p.m. but before 2:30 p.m. – 30 minutes;

at or after 2:30 p.m. – trading shall continue, unless there is a Level 2 Halt.

⁴ NYSE Rule 80B, the analogous rule from the New York Stock Exchange LLC, was last amended in 1998, when declines based on specified point drops in the DJIA were replaced with the current methodology of using a percentage decline that is recalculated quarterly. See Securities Exchange Act Release No. 39846 (April 9, 1998), 63 FR 18477 (April 15, 1998) (SR-NYSE-98-06, SR-Amex-98-09, SR-BSE-98-06, SR-CHX-98-08, SR-NASD-98-27, and SR-Phlx-98-15).

Level 2 Halt

anytime before 1:00 p.m. – two hours;

at or after 1:00 p.m. but before 2:00 p.m. – one hour;

at or after 2:00 p.m. – trading shall halt and not resume for the rest of the day.

Level 3 Halt

at any time – trading shall halt and not resume for the rest of the day.

Unless stocks are halted for the remainder of the trading day, price indications are disseminated during a Rule 11.14 trading halt for stocks that comprise the DJIA.

Amended Rule 11.14

The Exchange amended Rule 11.14 to revise the current methodology for determining when to halt trading in all stocks due to extraordinary market volatility (“market-wide circuit breaker”).⁵ The Exchange, other equities, options, and futures markets, and FINRA amended the market-wide circuit breaker to take into consideration the recommendations of the Joint CFTC-SEC Advisory Committee on Emerging Regulatory Issues, and to provide for more meaningful measures in today’s markets of when to halt trading in all stocks. Accordingly, the Exchange amended Rule 11.14 as follows: (i) replaced the DJIA with the S&P 500; (ii) replaced the quarterly calendar recalculation of Rule 11.14 triggers with daily recalculations; (iii) replaced the 10%, 20%, and 30% market decline percentages with 7%, 13%, and 20% market decline percentages; (iv) modified

⁵ See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-EDGX-2011-30).

the length of the trading halts associated with each market decline level; and (v) modified the times when a trading halt may be triggered. The Exchange believes that these amendments update the rule to reflect today's high-speed, highly electronic trading market while still meeting the original purpose of Rule 11.14: to ensure that market participants have an opportunity to become aware of and respond to significant price movements.

The Exchange adopted the proposed changes to the market-wide circuit breaker on a pilot basis for a period that corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.⁶ In addition, in order for the markets and the single plan processors responsible for the consolidation of information pursuant to Rule 603(b) of Regulation NMS under the Act to make the necessary technological changes to implement both the changes to the market-wide circuit breaker and the proposed LULD Plan, the Exchange established that the implementation date for the proposed rule changes should be the same date that the LULD Plan is implemented. The Exchange anticipates that the initial date of LULD Plan operations will be changed to April 8, 2013. For the same reasons as stated above, the Exchange proposes to delay the operative date of the market-wide circuit breaker pilot to April 8, 2013.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in

⁶ See id.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, this rule proposal supports the objectives of perfecting the mechanism of a free and open market and the national market system because it promotes uniformity across markets concerning when and how to halt trading in all stocks as a result of extraordinary market volatility. Additionally, delaying the operative date of the market-wide circuit breaker pilot until the initial date of operations of the LULD Plan would allow the pilot to begin and end at the same time of the LULD Plan so that the Exchange and the Commission could further assess the impact of the two pilots on the marketplace or whether other initiatives should be adopted in lieu of the pilots, which contributes to the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The delay in the operation of the market-wide circuit breaker pilot until April 8, 2013 will allow the pilot period to begin and end at the same time as the LULD Plan, which contributes to the protection of investors and the public interest. Other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to

extraordinary market volatility and the same requirements specified in the LULD Plan. Thus, the proposed changes will not impose any burden on competition while providing that the market-wide circuit breaker pilot period corresponds to the pilot period for the LULD Plan so that the impact of the two proposals can be reviewed together.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange believes that the proposal qualifies for immediate effectiveness upon filing as a “non-controversial” rule change in accordance with Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Exchange asserts that the proposed rule change (i) will not significantly affect the protection of investors or the public interest, (ii) will not impose any significant burden on competition, and (iii) by its terms, will not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such shorter time as the Commission may designate.

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6).

The Exchange believes that this proposal is non-controversial and eligible to become effective immediately because it delays the operation of a market-wide circuit breaker pilot that promotes uniformity across markets regarding the methodology for determining when to halt trading in all stocks due to extraordinary market volatility. The proposal will promote the protection of investors and the public interest by allowing the current market-wide circuit breaker Rules in operation to continue uninterrupted until the initial date of LULD Plan operations. In addition, the proposal will not affect competition because other competing equity exchanges are subject to the same methodology for determining when to halt trading in all stocks due to extraordinary market volatility. For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4.¹¹ The Exchange respectfully requests the Commission to waive the 30-day operative delay to allow the current rules to remain in effect without interruption until the initial date of LULD Plan operations for the benefit of the marketplace and the investing public.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹¹ Id.

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-EDGX-2013-05 on the subject line.

Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-EDGX-2013-05. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All

submissions should refer to File Number SR-EDGX-2013-05 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Kevin M. O'Neill
Deputy Secretary

¹² 17 CFR 200.30-3(a)(12).
