## 1. Text of the Proposed Rule Change

(a) EDGX Exchange, Inc. (“Exchange” or “EDGX”) proposes to amend its fees and rebates applicable to Members<sup>1</sup> and non-Members of the Exchange pursuant to EDGX Rule 15.1(a) and (c). Text of the proposed rule change is attached as Exhibit 5.

(b) Inapplicable.

(c) Inapplicable.

## 2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on April 27, 2010. Exchange staff will advise the EDGX Exchange Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change. Therefore, the Exchange's internal procedures with respect to the proposed change are complete.

The person on the Exchange staff prepared to respond to questions and comments on the proposed rule change is:

Chief Regulatory Officer

## 3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

### (a) Purpose

The Exchange maintains logical ports for order entry (FIX, HP-API), drop copies (DROP), EdgeRisk and market data (collectively, “Direct Logical Ports”).<sup>2</sup> In SR-EDGX-2012-36, the Exchange reduced the number of free Direct Logical Ports from ten (10) sessions to five

(5) sessions.<sup>3</sup> The Exchange proposes to reduce the quantity of free Direct Logical Ports from five (5) sessions to two (2) sessions. The Exchange would assess a monthly fee per logical port for Members and non-Members that maintain three or more Direct Logical Ports. In addition, the Exchange, pursuant to an information circular dated June 4, 2013, communicated to Members and non-Members that the Exchange would propose these changes in a subsequent filing with the Securities and Exchange Commission.<sup>4</sup>

The Exchange further proposes to make a ministerial change to its fee schedule by changing the name of its HP-API logical ports from “HP-API” to “Edge XPRS (HP-API).”

The Exchange proposes to implement these amendments to its fee schedule on July 1, 2013.

(b) Statutory Basis

The Exchange believes that the proposed rule changes are consistent with the objectives of Section 6 of the Securities and Exchange Act of 1934 (the “Act”),<sup>5</sup> in general, and furthers the objectives of Section 6(b)(4),<sup>6</sup> in particular, as the proposed rule changes are designed to provide for the equitable allocation of reasonable dues, fees and other charges among Members and other persons using the Exchange’s facilities.

The Exchange believes its proposal to amend its fee schedule to reduce the quantity of free Direct Logical Ports from five sessions to two sessions represents an equitable allocation of reasonable dues, fees and other charges because the Exchange has recently implemented several infrastructure enhancements that optimized processing speed and capacity per port, thereby requiring fewer ports to communicate the same information. In addition, the proposal to reduce the number of logical ports from five to two will offset the costs of necessary hardware, infrastructure expenses, maintenance fees and staff support costs in operating a national securities exchange. The revenue generated from its proposal will also pay for the technical infrastructure and operating expenses of logical ports along with administrative and infrastructure costs associated with allowing Members and non-Members to establish logical ports to connect to the Exchange’s systems. The Exchange also believes that reducing the quantity of free Direct Logical Ports from five to two sessions will promote efficient use of the ports by market participants, not only helping the Exchange to continue to maintain and improve its infrastructure, market technology, and services, but also encourage Members and non-

Members to request and enable only the ports that are necessary for their operations related to the Exchange.

The Exchange believes that it is reasonable to reduce the number of free logical ports available to Members and non-Members because such practice is consistent with that of other exchanges, such as BATS Exchange, Inc., BATS Y-Exchange, Inc. and the NASDAQ Stock Exchange LLC.<sup>7</sup> Additionally, Members and non-Members may opt to disfavor the Exchange's pricing if they believe that alternative venues offer them better value. Accordingly, if the Exchange were to charge excessive fees, the Exchange would stand to lose not only connectivity revenues but also revenues associated with the execution of orders routed to it, and, to the extent applicable, market data revenues. The Exchange believes that this competitive dynamic imposes powerful restraints on the ability of any exchange to charge unreasonable fees for connectivity.

Lastly, the Exchange believes that the proposed reduction in quantity of free ports is non-discriminatory because it applies uniformly to Members and non-Members.

#### 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed amendment to its fee schedule represents a significant departure from previous Exchange fees or such fees offered by the Exchange's competitors.<sup>8</sup> Accordingly, the Exchange believes that reducing the quantity of free Direct Logical Ports from five sessions to two sessions would allow the Exchange to remain competitive with other market centers and thus would not burden intermarket competition.

The Exchange believes its proposal would not burden intramarket competition because the proposed rule change would apply uniformly to all Members and non-Members.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

The Exchange further proposes to make a ministerial change to its fee schedule by changing the name of its HP-API logical ports from “HP-API” to “Edge XPRS (HP-API).”

Lastly, the Exchange believes that the proposed reduction in quantity of free ports is non-discriminatory because it applies uniformly to Members and non-Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed amendment to its fee schedule represents a significant departure from previous Exchange fees or such fees offered by the Exchange's competitors.<sup>10</sup> Accordingly, the Exchange believes that reducing the quantity of free Direct Logical Ports from five sessions to two sessions would allow the Exchange to remain competitive with other market centers and thus would not burden intermarket competition.
