3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Rule 14.11(j)(5) to harmonize its restrictions on Market Makers in UTP Derivative Securities with NYSE Arca Rule 5.1(a)(2)(v)<sup>10</sup> and Nasdaq Rule 4630(e).<sup>11</sup> The purpose of the proposed rule change is to permit a Member acting as a registered Market Maker in a UTP Derivative Security on the Exchange the flexibility to act or register as a market maker in any Reference Asset that a UTP Derivative Security derives its value from consistent with Commission and Exchange Rules. The Exchange also proposes to amend a related cross-reference contained in Exchange Rule 3.21.

Exchange Rule 14.11(j)(5) prohibits a Market Maker in a UTP Derivative Security from acting or registering as a market maker on another exchange in any Reference Asset of that UTP Derivative Security, or any derivative instrument based on a Reference Asset of that UTP Derivative Security. NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e) recently amended their respective rules to permit market makers to trade in securities underlying the derivative security so long as that market maker discloses to NYSE Arca or Nasdaq all accounts within which it trades the underlying securities.<sup>12</sup> As amended, Exchange Rule 14.11(j)(5), would similarly remove this prohibition, which states that a Market Maker in a UTP Derivative Security is prohibited

---

<sup>10</sup> See supra note 5.

<sup>11</sup> See supra note 6.

<sup>12</sup> See supra notes 5 and 6.

from acting or registering as a market maker on another exchange in any Related Instruments.

Similar to NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e), amended Rule 14.11(j)(5) would require a Member acting as a registered Market Maker in a UTP Derivative Security to file with the Exchange, in a manner prescribed by the Exchange, and to keep a current list identifying all accounts for trading the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives (collectively with Reference Assets, “Related Instruments”), which the Member acting as registered Market Maker may have or over which it may exercise investment discretion. Rule 14.11(j)(5) would also prohibit a Member from acting as registered Market Maker in the UTP Derivative Security from trading in the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives in an account in which a Member acting as a registered Market Maker, directly or indirectly, controls trading activities, or has a direct interest in the profits or losses thereof, that has not been reported to the Exchange.

Exchange Rules<sup>13</sup> ensure that Market Makers in UTP Derivative Securities would continue to have in place reasonably designed policies and procedures to prevent the misuse of material non-public information with regard to also acting as a Market Maker in any Related Instruments.<sup>14</sup> In the context of approving a more flexible, principled-based approach to information barriers by NYSE Arca, the Commission stated that, “while information barriers are not specifically required under the proposal, a [firm’s]

---

<sup>13</sup> See Exchange Rules 5.5 and 14.1(j)(5)(B).

<sup>14</sup> 15 U.S.C. 78o(g).

business model or business activities may dictate that an information barrier or a functional separation be part of the appropriate set of policies and procedures that would be reasonably designed to achieve compliance with applicable securities law and regulations, and with applicable Exchange rules.”<sup>15</sup> Rule 14.11(j)(5)(B) will continue to prohibit Market Makers from using material non-public information in connection with trading a Related Instrument. Rule 14.11(j)(5)(B) will also continue to require that, in addition to the existing obligations under Exchange rules regarding the production of books and records, a Market Maker shall, upon request by the Exchange, make available to the Exchange any books, records or other information pertaining to any Related Instrument trading account or to the account of any registered or non-registered employee affiliated with the Market Maker for which Related Instruments are traded. Lastly, under Exchange Rule 14.11(j)(6) the Exchange will enter into comprehensive surveillance sharing agreement with other markets that offer trading in Related Instruments to the same extent as the listing exchange’s rules require the listing exchange to enter into a comprehensive surveillance sharing agreement with such markets. This amendment does not lessen the protection of Members from the risks associated with integrated market making and any possible misuse of non-public information.

In addition to the proposal set forth above, the Exchange also proposes to amend a related cross-reference contained in Exchange Rule 3.21. Specifically, Rule 3.21 currently refers to Rule 14.1(c) as the source of the definition for UTP Derivative Securities but that definition is, in fact, contained in Rule 14.11(j).

<sup>15</sup> See Securities Exchange Act Release No. 60604 (September 1, 2009), 74 FR 46272 (September 8, 2009) (SR-NYSEArca-2009-78).

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>16</sup> and furthers the objectives of Section 6(b)(5) of the Act,<sup>17</sup> in that it is designed promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. In addition, the Exchange believes that the proposed rule change is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. The proposed rule change is substantially similar to the existing NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e).<sup>18</sup> In addition, the Exchange believes that amending Exchange Rule 14.11(j)(5) to permit a Member acting as a registered Market Maker in a UTP Derivative Security on the Exchange the flexibility to act or register as a market maker in any Reference Asset that a UTP Derivative Security derives its value from consistent with Commission and Exchange Rules will remove impediments to and perfect the mechanism of a free and open market by providing the same flexibility to the Exchange that is already available to NYSE Arca and Nasdaq regarding the market maker activities for derivative-related Securities. Additionally, Exchange Rule 14.11(j)(5), as amended, would continue to serve to prevent fraudulent and manipulative acts and practices, as well as to protect investors and the public interest from concerns that may be associated with integrated market making and any possible misuse of non-public information. Finally, the Exchange believes that the

<sup>17</sup> 15 U.S.C. 78f(b)(5).

<sup>18</sup> See supra notes 5 and 6.

correction to the cross-reference contained in Rule 3.21 is consistent with the Act in that it will protect investors and the public interest by avoiding potential confusion with respect to Exchange Rules.

4. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change would not impose any burden on competition. On the contrary, the Exchange believes that the proposal will promote competition because it is a competitive response to recently amended NYSE Arca and Nasdaq rules which permit market makers to trade in the reference assets or components underlying the derivative security on the same terms as that proposed by the Exchange.<sup>19</sup> Thus, the Exchange believes this proposed rule change is necessary to permit fair competition among national securities exchanges.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

The proposed rule change has become effective pursuant to Section 19(b)(3)(A)<sup>20</sup> of the Act and Rule 19b-4(f)(6)<sup>21</sup> thereunder. The proposed rule change effects a change

<sup>19</sup> See supra notes 5 and 6.

<sup>20</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>21</sup> 17 CFR 240.19b-4(f)(6).

that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five (5) business days prior to the date of filing.<sup>22</sup>

As described above, the Exchange notes that the proposed change is directly based on NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e).<sup>23</sup> Based on the foregoing, the proposed rule change does not present any unique issues not previously considered by the Commission, and the Exchange has accordingly designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act<sup>24</sup> and paragraph (f)(6) of Rule 19b-4 thereunder.<sup>25</sup>

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. Timely implementation of the proposed rule change would increase

intermarket competition by enabling the Exchange to immediately compete with NYSE Arca and Nasdaq by lifting a restriction that is currently not included in NYSE Arca and Nasdaq rules. Waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to immediately attract more market makers to the Exchange, thereby increasing liquidity, which would potentially stimulate further price competition, deepen the Exchange's liquidity pool, and support the quality of price discovery. Waiver of the operative delay is, therefore, consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

## SECURITIES AND EXCHANGE COMMISSION

(Release No. 34-\_\_\_\_\_ ; File No. SR-BATS-2014-057)

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rule 14.11(j)(5) of BATS Exchange, Inc., to Harmonize its Restrictions on Market Makers in UTP Derivative Securities with NYSE Arca, Inc. and Nasdaq Stock Market LLC

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on \_\_\_\_\_, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b-4(f)(6)(iii) thereunder,<sup>4</sup> which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rule 14.11(j)(5) to harmonize its restrictions on Market Makers<sup>5</sup> in UTP Derivative Securities<sup>6</sup> with NYSE Arca, Inc.

<sup>5</sup> The term “Market Maker” is defined as “a Member that acts as a Market Maker pursuant to Chapter XI.” See Exchange Rule 1.5(l).

<sup>6</sup> The term “UTP Derivative Security” is defined as “[a]ny UTP Security that is a ‘new derivative securities product’ as defined in Rule 19b-4(e) under the

(“NYSE Arca”) Rule 5.1(a)(2)(v)<sup>7</sup> and the Nasdaq Stock Market LLC (“Nasdaq”) Rule 4630(e).<sup>8</sup>

The text of the proposed rule change is available at the Exchange’s website at <http://www.batstrading.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 14.11(j)(5) to harmonize its restrictions on

The Commission also waived the 30-day operative delay for SR-NYSEArca-2012-46 under Rule 19b-4(f)(6) of the Act. Id.

<sup>8</sup> See Securities Exchange Act Release No. 69858 (June 25, 2013), 78 FR 39432 (July 1, 2013) (SR-Nasdaq-2013-085) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Rule 4630 to Remove a Restriction on a Member Acting as a Registered Market Maker in a Commodity-Related Security).

Market Makers in UTP Derivative Securities with NYSE Arca Rule 5.1(a)(2)(v)<sup>9</sup> and Nasdaq Rule 4630(e).<sup>10</sup> The purpose of the proposed rule change is to remove the restriction that a Member acting as a registered Market Maker in a UTP Derivative Security on the Exchange will not act or register as a market maker in any Reference Asset<sup>11</sup> that a UTP Derivative Security derives its value from. The Exchange also proposes to amend a related cross-reference contained in Exchange Rule 3.21.

Exchange Rule 14.11(j)(5) prohibits a Market Maker in a UTP Derivative Security from acting or registering as a market maker on another exchange in any Reference Asset of that UTP Derivative Security, or any derivative instrument based on a Reference Asset of that UTP Derivative Security (collectively, with Reference Assets, “Related Instruments”). NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e) recently amended their respective rules to permit market makers to trade in securities underlying the derivative security so long as that market maker discloses to NYSE Arca or Nasdaq all accounts within which it trades the underlying securities.<sup>12</sup> As amended, Exchange Rule 14.11(j)(5), would similarly remove this prohibition, which states that a Market Maker in a UTP Derivative Security is prohibited from acting or registering as a market maker on another exchange in any Related Instruments.

Similar to NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e), amended Rule

<sup>9</sup> See supra note 7.

<sup>10</sup> See supra note 8.

<sup>11</sup> A “Reference Asset” is defined as one or more currencies, or commodities, or derivatives based on one or more currencies, or commodities, or is based on a basket or index comprised of currencies or commodities that a UTP Derivative Security derives its value from. See Exchange Rule 14.11(j)(5).

<sup>12</sup> See supra notes 7 and 8.

14.11(j)(5) would require a Member acting as a registered Market Maker in a UTP Derivative Security to file with the Exchange, in a manner prescribed by the Exchange, and to keep a current list identifying all accounts for trading the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives, which the Member acting as registered Market Maker may have or over which it may exercise investment discretion. Rule 14.11(j)(5) would also prohibit a Member from acting as registered Market Maker in the UTP Derivative Security from trading in the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives in an account in which a Member acting as a registered Market Maker, directly or indirectly, controls trading activities, or has a direct interest in the profits or losses thereof, that has not been reported to the Exchange.

Exchange Rules<sup>13</sup> ensure that Market Makers in UTP Derivative Securities would continue to have in place reasonably designed policies and procedures to prevent the misuse of material non-public information with regard to also acting as a Market Maker in any Related Instruments.<sup>14</sup> In the context of approving a more flexible, principled-based approach to information barriers by NYSE Arca, the Commission stated that, “while information barriers are not specifically required under the proposal, a [firm’s] business model or business activities may dictate that an information barrier or a functional separation be part of the appropriate set of policies and procedures that would be reasonably designed to achieve compliance with applicable securities law and

regulations, and with applicable Exchange rules.”<sup>15</sup> Rule 14.11(j)(5)(B) will continue to prohibit Market Makers from using material non-public information in connection with trading a Related Instrument. Rule 14.11(j)(5)(B) will also continue to require that, in addition to the existing obligations under Exchange rules regarding the production of books and records, a Market Maker shall, upon request by the Exchange, make available to the Exchange any books, records or other information pertaining to any Related Instrument trading account or to the account of any registered or non-registered employee affiliated with the Market Maker for which Related Instruments are traded. Lastly, under Exchange Rule 14.11(j)(6) the Exchange will enter into comprehensive surveillance sharing agreement with other markets that offer trading in Related Instruments to the same extent as the listing exchange’s rules require the listing exchange to enter into a comprehensive surveillance sharing agreement with such markets. This amendment does not lessen the protection of Members from the risks associated with integrated market making and any possible misuse of non-public information.

In addition to the proposal set forth above, the Exchange also proposes to amend a related cross-reference contained in Exchange Rule 3.21. Specifically, Rule 3.21 currently refers to Rule 14.1(c) as the source of the definition for UTP Derivative Securities but that definition is, in fact, contained in Rule 14.11(j).

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section

6(b) of the Act<sup>16</sup> and furthers the objectives of Section 6(b)(5) of the Act,<sup>17</sup> in that it is designed promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. In addition, the Exchange believes that the proposed rule change is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. The proposed rule change is substantially similar to the existing NYSE Arca Rule 5.1(a)(2)(v) and Nasdaq Rule 4630(e).<sup>18</sup> In addition, the Exchange believes that amending Exchange Rule 14.11(j)(5) to permit a Member acting as a registered Market Maker in a UTP Derivative Security on the Exchange the flexibility to act or register as a market maker in any Reference Asset that a UTP Derivative Security derives its value from consistent with Commission and Exchange Rules will remove impediments to and perfect the mechanism of a free and open market by providing the same flexibility to the Exchange that is already available to NYSE Arca and Nasdaq regarding the market maker activities for derivative-related Securities. Additionally, Exchange Rule 14.11(j)(5), as amended, would continue to serve to prevent fraudulent and manipulative acts and practices, as well as to protect investors and the public interest from concerns that may be associated with integrated market making and any possible misuse of non-public information. Finally, the Exchange believes that the correction to the cross-reference contained in Rule 3.21 is consistent with the Act in that it will protect investors and the public interest by avoiding potential confusion with

respect to Exchange Rules.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change would not impose any burden on competition. On the contrary, the Exchange believes that the proposal will promote competition because it is a competitive response to recently amended NYSE Arca and Nasdaq rules which permit market makers to trade in the reference assets or components underlying the derivative security on the same terms as that proposed by the Exchange.<sup>19</sup> Thus, the Exchange believes this proposed rule change is necessary to permit fair competition among national securities exchanges.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act<sup>20</sup> and paragraph (f)(6) of Rule 19b-4 thereunder.<sup>21</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to

CHAPTER III. RULES OF FAIR PRACTICE

\*\*\*\*\*

Rule 3.21. Customer Disclosures

No Member may accept an order from a customer for execution in the Pre-Opening or After Hours Trading Session without disclosing to such customer that extended hours trading involves material trading risks, including the possibility of lower liquidity, high volatility, changing prices, unlinked markets, an exaggerated effect from news announcements, wider spreads and any other relevant risk. The absence of an updated underlying index value or intraday indicative value is an additional trading risk in extended hours for UTP Derivative Securities (as defined in Rule 14.11([c]j)). The disclosures required pursuant to this Rule may take the following form or such other form as provides substantially similar information:

(a)-(g) (No changes.)

Rule 14.11. Other Securities

(a)-(i) (No change.)

(j) Derivative Securities Traded under Unlisted Trading Privileges

(No change.)

(1)-(4) (No change.)

(5) Market Maker Restrictions. The following restrictions shall apply to each Member registered as a Market Maker [(“Restricted Market Maker”)] in a UTP Derivative Security that derives its value from one or more currencies, commodities, or derivatives based on one or more currencies or commodities, or is based on a basket or index comprised of currencies or commodities (collectively, “Reference Assets”):

(A) A Member acting as a registered[Restricted] Market Maker in a[n] UTP Derivative Security [is prohibited from acting or registering as a market maker in any Reference Asset of that UTP Derivative Security or any derivative instrument based on a Reference Asset of that UTP Derivative Security (collectively, with Reference Assets, “Related Instruments”)] must file with the

Exchange, in a manner prescribed by the Exchange, and keep a current list identifying all accounts for trading the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives (collectively with Reference Assets, "Related Instruments"), which the Member acting as registered Market Maker may have or over which it may exercise investment discretion. No Member acting as registered Market Maker in the UTP Derivative Security shall trade in the underlying physical asset or commodity, related futures or options on futures, or any other related derivatives, in an account in which a Member acting as a registered Market Maker, directly or indirectly, controls trading activities, or has a direct interest in the profits or losses thereof, which has not been reported to the Exchange as required by this Rule.

(B) A [Restricted] Market Maker shall, in a manner prescribed by the Exchange, file with the Exchange and keep current a list identifying any accounts ("Related Instrument Trading Accounts") for which Related Instruments are traded:

- (i) in which the [Restricted] Market Maker holds an interest;
- (ii) over which it has investment discretion; or
- (iii) in which it shares in the profits and/or losses.

A [Restricted] Market Maker may not have an interest in, exercise investment discretion over, or share in the profits and/or losses of a Related Instrument Trading Account which has not been reported to the Exchange as required by this Rule.

In addition to the existing obligations under Exchange rules regarding the production of books and records, a [Restricted] Market Maker shall, upon request by the Exchange, make available to the Exchange any books, records, or other information pertaining to any Related Instrument Trading Account or to the account of any registered or non-registered employee affiliated with the [Restricted] Market Maker for which Related Instruments are traded.

A [Restricted] Market Maker shall not use any material nonpublic information in connection with trading a Related Instrument.
