SECURITIES AND EXCHANGE COMMISSION

(Release No. 34-_____; File No. SR-BATS-2014-073)

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Changes to Amend Rule 2.12 to Remove References to “Direct Edge ECN LLC” and “DE Route”

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposed rule change to amend Rule 2.12 to remove references to “Direct Edge ECN LLC” and “DE Route.” The Exchange does not propose to amend the requirements of this rule.

The text of the proposed rule change is available at the Exchange's website at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Earlier this year, the Exchange and its affiliate BATS Y-Exchange, Inc. ("BYX") received approval to affect a merger (the "Merger") of the Exchange's parent company, BATS Global Markets, Inc., with Direct Edge Holdings LLC, the indirect parent of EDGX Exchange, Inc. ("EDGX") and EDGA Exchange, Inc. ("EDGA", and together with BZX, BYX and EDGX, the "BGM Affiliated Exchanges").⁵ As a result, the Exchange amended Rule 2.12 to reflect that DE Route, the affiliated EDGA and EDGX routing broker dealer, would also act as the inbound router for routing orders from EDGA and EDGX to the Exchange. In the context of the Merger, the BGM Affiliated Exchanges are working to migrate EDGX and EDGA onto the BATS technology

⁵ See Securities Exchange Act Release No. 71375 (January 23, 2014), 79 FR 4771 (January 29, 2014) (SR-BATS-2013-059; SR-BYX-2013-039).

platform, and align certain system functionality, retaining only intended differences between the BGM Affiliated Exchanges. As a result of these efforts, the Exchange proposes to amend to amend Rule 2.12 to remove references to “Direct Edge ECN LLC” and “DE Route” to reflect that BATS Trading, Inc. will be the Exchange’s sole routing broker-dealer as of January 12, 2015. Thereafter, BATS Trading will serve as the sole inbound routing broker-dealer for the Exchange. The Exchange does not propose to amend the requirements of the rule.

DE Route and BATS Trading provide Members of the Exchange, EDGA, EDGX and BYX with optional routing services to other market centers. Thus, in certain circumstances, DE Route and BATS Trading provides inbound routing from EDGA, EDGX, or BYX to the Exchange. Exchange Rule 2.12 governs this inbound routing of orders by DE Route and BATS Trading to the Exchange in DE Route’s and BATS Trading’s capacity as a facility of the Exchange. The Exchange proposes to amend Rule 2.12 to remove all references to DE Route as BATS Trading will be the sole inbound routing service for the Exchange upon migration of EDGA and EDGX onto the BATS technology platform. The Exchange does not propose to amend the requirements of this rule. Therefore, the conditions and limitations set forth in Exchange Rule 2.12(a) will continue to require that:

- The Exchange enter into (a) a plan pursuant to Rule 17d-2 under the Act with a non-affiliated self-regulatory organization (“SRO”) to relieve the Exchange of regulatory responsibilities for BATS Trading with respect to rules that are common rules between the Exchange and the non-affiliated SRO, and (b) a

regulatory services contract (“Regulatory Contract”) with a non-affiliated SRO to perform regulatory responsibilities for BATS Trading for unique Exchange rules.

- The Regulatory Contract require the Exchange to provide the non-affiliated SRO with information, in an easily accessible manner, regarding all exception reports, alerts, complaints, trading errors, cancellations, investigations, and enforcement matters (collectively “Exceptions”) in which BATS Trading is identified as a participant that has potentially violated Exchange or Commission rules, and requires that the non-affiliated SRO provide a report, at least quarterly, to the Exchange quantifying all Exceptions in which BATS Trading is identified as a participant that has potentially violated Exchange or Commission rules.
- The Exchange, on behalf of holding company indirectly owning the Exchange, establish and maintain procedures and internal controls reasonably designed to ensure that BATS Trading does not develop or implement changes to its system based on non-public information obtained as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Members of the Exchange.
- The Exchange furnish to BATS Trading only the same information and on the same terms as the Exchange makes available in the normal course of business to other users.⁶

In addition, provided the conditions in Exchange Rule 2.12 are complied with, and provided further that BATS Trading operates as an outbound router on behalf of BYX on the same terms and conditions as it does for the Exchange, and in accordance

⁶ See Exchange Rule 2.12(a)(2).

with the rules of BYX, BATS Trading may provide inbound routing services to the Exchange from BYX. BATS Trading provides members of the BGM Affiliated Exchanges (including BYX) with optional routing services to other market centers, which may include routing from a BGM Affiliated Exchange to the Exchange. Therefore, the Exchange proposes to remove reference to BYX as BATS Trading will be required under Exchange Rule 2.12 to operate as an outbound router on behalf of each BATS Exchange on the same terms and conditions as it does for the Exchange, and in accordance with the rules of each BATS Exchange, BATS Trading may provide inbound routing services to the Exchange from each BATS Exchange. The Exchange believes that Rule 2.12 will continue to adequately manage the potential for conflicts of interest that could arise from BATS Trading routing orders to the Exchange.

Implementation Date

The Exchange intends to implement the proposed rule change on or about January 12, 2015, which is the anticipated date upon which the migration of the EDGA and EDGX to the BATS technology platform will be complete and BATS Trading, Inc. will act as the BGM Affiliated Exchange's sole routing broker-dealer.

2. Statutory Basis

The Exchange believes that the proposed rule changes are consistent with Section 6(b) of the Act⁷ and further the objectives of Section 6(b)(5) of the Act⁸ because they are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, to foster

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

cooperation and coordination with persons engaged in facilitating transactions in securities, and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁹ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange does not propose to amend the requirements of the rule and the proposed rule change is intended only to reflect that BATS Trading will be the Exchange's sole routing broker-dealer upon migration of the EDGA and EDGX to the BATS technology platform. A consistent technology offering through the use of a single routing broker-dealer by each of the BGM Affiliated Exchange will, in turn, simplify the technology implementation, changes and maintenance by users of the Exchange that are also participants on BYX, EDGA, and EDGX. As such, the proposed rule change would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange reiterates that the proposed rule change is being proposed in the context of the technology integration of the BGM Affiliated Exchanges. Thus, the Exchange believes this proposed rule change is necessary to permit fair competition among national securities exchanges. In addition, the Exchange believes the proposed

⁹ 15 U.S.C. 78k-1(a)(1).

rule change will benefit Exchange participants in that it is one of several changes necessary to achieve a consistent technology offering by the BGM Affiliated Exchanges.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f)(6) of Rule 19b-4 thereunder.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

Earlier this year, the Exchange and its affiliate BATS Y-Exchange, Inc. (“BYX”) received approval to affect a merger (the “Merger”) of the Exchange’s parent company, BATS Global Markets, Inc., with Direct Edge Holdings LLC, the indirect parent of EDGX Exchange, Inc. (“EDGX”) and EDGA Exchange, Inc. (“EDGA”, and together with BZX, BYX and EDGX, the “BGM Affiliated Exchanges”).⁴ As a result, the Exchange amended Rule 2.12 to reflect that DE Route, the affiliated EDGA and EDGX routing broker dealer, would also act as the inbound router for routing orders from EDGA and EDGX to the Exchange. In the context of the Merger, the BGM Affiliated Exchanges are working to migrate EDGX and EDGA onto the BATS technology platform, and align certain system functionality, retaining only intended differences between the BGM Affiliated Exchanges. As a result of these efforts, the Exchange proposes to amend to amend Rule 2.12 to remove references to “Direct Edge ECN LLC” and “DE Route” to reflect that BATS Trading, Inc. will be the Exchange’s sole routing broker-dealer as of January 12, 2015. Thereafter, BATS Trading will serve as the sole

⁴ See Securities Exchange Act Release No. 71375 (January 23, 2014), 79 FR 4771 (January 29, 2014) (SR-BATS-2013-059; SR-BYX-2013-039).

inbound routing broker-dealer for the Exchange. The Exchange does not propose to amend the requirements of the rule.

DE Route and BATS Trading provide Members of the Exchange, EDGA, EDGX and BYX with optional routing services to other market centers. Thus, in certain circumstances, DE Route and BATS Trading provides inbound routing from EDGA, EDGX, or BYX to the Exchange. Exchange Rule 2.12 governs this inbound routing of orders by DE Route and BATS Trading to the Exchange in DE Route's and BATS Trading's capacity as a facility of the Exchange. The Exchange proposes to amend Rule 2.12 to remove all references to DE Route as BATS Trading will be the sole inbound routing service for the Exchange upon migration of EDGA and EDGX onto the BATS technology platform. The Exchange does not propose to amend the requirements of this rule. Therefore, the conditions and limitations set forth in Exchange Rule 2.12(a) will continue to require that:

- The Exchange enter into (a) a plan pursuant to Rule 17d-2 under the Act with a non-affiliated self-regulatory organization ("SRO") to relieve the Exchange of regulatory responsibilities for BATS Trading with respect to rules that are common rules between the Exchange and the non-affiliated SRO, and (b) a regulatory services contract ("Regulatory Contract") with a non-affiliated SRO to perform regulatory responsibilities for BATS Trading for unique Exchange rules.
- The Regulatory Contract require the Exchange to provide the non-affiliated SRO with information, in an easily accessible manner, regarding all exception reports, alerts, complaints, trading errors, cancellations, investigations, and enforcement matters (collectively "Exceptions") in which BATS Trading is identified as a

participant that has potentially violated Exchange or Commission rules, and requires that the non-affiliated SRO provide a report, at least quarterly, to the Exchange quantifying all Exceptions in which BATS Trading is identified as a participant that has potentially violated Exchange or Commission rules.

- The Exchange, on behalf of holding company indirectly owning the Exchange, establish and maintain procedures and internal controls reasonably designed to ensure that BATS Trading does not develop or implement changes to its system based on non-public information obtained as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Members of the Exchange.
- The Exchange furnish to BATS Trading only the same information and on the same terms as the Exchange makes available in the normal course of business to other users.⁵

In addition, provided the conditions in Exchange Rule 2.12 are complied with, and provided further that BATS Trading operates as an outbound router on behalf of BYX on the same terms and conditions as it does for the Exchange, and in accordance with the rules of BYX, BATS Trading may provide inbound routing services to the Exchange from BYX. BATS Trading provides members of the BGM Affiliated Exchanges (including BYX) with optional routing services to other market centers, which may include routing from a BGM Affiliated Exchange to the Exchange. Therefore, the Exchange proposes to remove reference to BYX as BATS Trading will be required under Exchange Rule 2.12 to operate as an outbound router on behalf of each BATS Exchange

⁵ See Exchange Rule 2.12(a)(2).

on the same terms and conditions as it does for the Exchange, and in accordance with the rules of each BATS Exchange, BATS Trading may provide inbound routing services to the Exchange from each BATS Exchange. The Exchange believes that Rule 2.12 will continue to adequately manage the potential for conflicts of interest that could arise from BATS Trading routing orders to the Exchange.

Implementation Date

The Exchange intends to implement the proposed rule change on or about January 12, 2015, which is the anticipated date upon which the migration of the EDGA and EDGX to the BATS technology platform will be complete and BATS Trading, Inc. will act as the BGM Affiliated Exchange's sole routing broker-dealer.

(b) Statutory Basis

The Exchange believes that the proposed rule changes are consistent with Section 6(b) of the Act⁶ and further the objectives of Section 6(b)(5) of the Act⁷ because they are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and, in general, to protect investors and the public interest. The proposed rule change also is designed to support the principles of Section 11A(a)(1)⁸ of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange does not propose to amend the requirements of the rule and the

proposed rule change is intended only to reflect that BATS Trading will be the Exchange's sole routing broker-dealer upon migration of the EDGA and EDGX to the BATS technology platform. As such, the proposed rule change would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange reiterates that the proposed rule change is being proposed in the context of the technology integration of the BGM Affiliated Exchanges.
