Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act” or “Exchange Act”),¹ and Rule 19b-4 thereunder,² BATS Exchange, Inc. (“BZX” or the “Exchange”) proposes to amend its fees and rebates applicable to Members³ of the Exchange pursuant to BZX Rule 15.1(a) and (c) (“Fee Schedule”) to adopt fees for the recently adopted ALLB routing strategy. The Exchange also proposes to amend the Fee Codes and Associated Fees table of the Fee Schedule to indicate the amount of the fees and rebates as five decimal points, rather than four decimal points, by adding a zero to the end of each fee and rebate. The text of the proposed rule change is attached as Exhibit 5.

(c) Inapplicable.

2. Procedures of the Self-Regulatory Organization

The Exchange submits the proposed rule change pursuant to authority delegated by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Exchange’s Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change and, therefore, the Exchange’s internal procedures with respect to the proposed change are complete.

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

ALLB Routing Fees

The Exchange proposes to adopt fees for the ALLB routing strategy. In sum, ALLB is a routing option under which the order checks the System⁴ for available shares and is then sent to the BATS Y-Exchange, Inc. ("BYX"), EDGA Exchange, Inc. ("EDGA"), and the EDGX Exchange, Inc. ("EDGX" collectively with the Exchange, BYX, and EDGA, the "BGM Affiliated Exchanges").⁵ Specifically, an order subject to the ALLB routing option would execute first against liquidity on the BATS Book.⁶ Any remainder would then be routed to BYX, EDGA, and/or EDGX in accordance with the System routing table.⁷

⁴ The term "System" is defined as "the electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away." See Exchange Rule 1.5(aa).

⁵ See Exchange Rule 11.13(b)(3)(O). See also Securities Exchange Act Release No. 76455 (November 17, 2015), 80 FR 73009 (November 23, 2015) (SR-BATS-2015-97)

⁶ The term "BATS Book" is defined as "the System's electronic file of orders." See Exchange Rule 1.5(e).

⁷ The term "System routing table" refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them. See Exchange Rule 11.13(b)(3).

The Exchange now proposes to adopt three new fee codes, AA, AX, and AY and related fees for the ALLB routing strategy. These fee codes would enable the Exchange to pass through the rate that BATS Trading, Inc. (“BATS Trading”), the Exchange’s affiliated routing broker-dealer, would be charged for routing orders to BYX, EDGA, and EDGX.⁸ Each of the proposed fee codes are described as follows:

- Fee Code AA. Order routed to EDGA using the ALLB routing strategy would yield fee code AA and receive a rebate of \$0.00200 per share in securities priced at or above \$1.00. Under proposed footnote 15, orders yielding fee code AA in securities priced below \$1.00 would be charged no fee nor would they receive a rebate.
- Fee Code AX. Order routed to EDGX using the ALLB routing strategy would yield fee code AY and be charged a fee of \$0.00290 per share in securities priced at or above \$1.00. Under proposed footnote 16, orders yielding fee code AX in securities priced below \$1.00 would be charged a fee of 0.30% of the transaction’s dollar value.
- Fee Code AY. Order routed to BYX using the ALLB routing strategy would yield fee code AY and receive a rebate of \$0.00150 per share in securities priced at or above \$1.00. Under proposed footnote 17, orders yielding fee code AY in securities priced below \$1.00 would be charged a fee of 0.10% of the transaction’s dollar value.

BATS Trading will pass through the above rates to the Exchange and the

⁸ Orders using the ALLB routing option that execute on the Exchange would be subject to the Exchange’s standard fees and rebates, unless the Member achieves a volume tiered reduced fee or enhanced rebate.

Exchange, in turn, will pass through that exact rate to its Members. The proposed rates would enable the Exchange to equitably allocate its costs among all Members utilizing the ALLB routing strategy.

Fee Codes and Associated Fees Table

The Exchange also proposes to amend the Fee Codes and Associated Fees table to indicate the amount of the fees and rebates as five decimal points, rather than four decimal points, by adding a zero to the end of each fee and rebate, to reflect the order pricing format on the Exchange's website.⁹ The Exchange notes that none of these changes amend any fee or rebate, nor do they alter the manner in which it assesses fees or calculates rebates.

Implementation Date

The Exchange proposes to implement this amendment to its Fee Schedule on January 4, 2016, but the proposed fee codes and their associated rates will not be available until January 8, 2016, the date upon which it announced to Members that it would implement the ALLB routing strategy.¹⁰

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the

⁹ The Exchange notes that fee code D already indicates its related fee as five decimal points.

objectives of Section 6 of the Act,¹¹ in general, and furthers the objectives of Section 6(b)(4),¹² in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange believes that its proposed rates represent an equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities because the Exchange does not levy additional fees or offer additional rebates for orders that it routes to BYX, EDGA, and EDGX through BATS Trading. The Exchange believes that its proposed pass through rate for orders that yield fee codes AA, AX or AY is equitable and reasonable because it accounts for the rate that BATS Trading would be subject to for orders it routes and are executed on BYX, EDGA, and EDGX. In addition, the proposal allows the Exchange to pass-through to its Members the rate for orders that are routed to BYX, EDGA, and EDGX using the ALLB routing strategy. Furthermore, the Exchange notes that routing through BATS Trading is voluntary. Lastly, the Exchange also believes that the proposed amendment is non-discriminatory because it applies uniformly to all Members.

The Exchange believes that the changes to the Fee Codes and Associated Fees table of the Fee Schedule are reasonable because they are designed to provide greater transparency to Members with regard to how the Exchange assesses fees and calculates rebates. The Exchange notes that none of the proposed changes are designed to amend any fee, nor alter the manner in which it assesses fees or calculates rebates. These changes to the Fee Schedule are intended to make the Fee Schedule clearer and less

confusing for investors and eliminate potential investor confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest.

4. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange believes that its proposal to pass through the rates that BATS Trading would be subject to for orders routing to BYX, EDGA, and EDGX using the ALLB routing strategy to Members would increase intermarket competition because it offers customers an alternative means to route orders to those venues. In addition, the proposed pricing would not provide any advantage to Users when routing to BYX, EDGA, and EDGX as compared to other methods of routing or connectivity available to Users by the Exchange because the proposed rates are identical to what the Member would be subject to if it routed to those venues directly. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

The Exchange believes that the changes to the Fee Codes and Associated Fees table of the Fee Schedule would not affect intermarket nor intramarket competition because none of these changes are designed to amend any fee or alter the manner in

which the Exchange assesses fees or calculates rebates. These changes are intended to provide greater clarity to Members with regard to how the Exchange access fees and calculates rebates.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

(Release No. 34-_____; File No. SR-BATS-2015-114)

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c) (“Fee Schedule”) to adopt fees for the recently adopted ALLB routing strategy. The Exchange also proposes to amend the Fee Codes and Associated Fees table of the Fee Schedule to indicate the amount of the fees and rebates as five decimal points, rather than four decimal points, by adding a zero to the end of each fee and rebate.

The text of the proposed rule change is available at the Exchange’s website at www.batstrading.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ALLB Routing Fees

The Exchange proposes to adopt fees for the ALLB routing strategy. In sum, ALLB is a routing option under which the order checks the System⁶ for available shares

⁶ The term “System” is defined as “the electronic communications and trading facility designated by the Board through which securities orders of Users are

and is then sent to the BATS Y-Exchange, Inc. (“BYX”), EDGA Exchange, Inc. (“EDGA”), and the EDGX Exchange, Inc. (“EDGX” collectively with the Exchange, BYX, and EDGA, the “BGM Affiliated Exchanges”).⁷ Specifically, an order subject to the ALLB routing option would execute first against liquidity on the BATS Book.⁸ Any remainder would then be routed to BYX, EDGA, and/or EDGX in accordance with the System routing table.⁹

The Exchange now proposes to adopt three new fee codes, AA, AX, and AY and related fees for the ALLB routing strategy. These fee codes would enable the Exchange to pass through the rate that BATS Trading, Inc. (“BATS Trading”), the Exchange’s affiliated routing broker-dealer, would be charged for routing orders to BYX, EDGA, and EDGX.¹⁰ Each of the proposed fee codes are described as follows:

- Fee Code AA. Order routed to EDGA using the ALLB routing strategy would yield fee code AA and receive a rebate of \$0.00200 per share in securities priced at or above \$1.00. Under proposed footnote 15, orders

⁸ The term “BATS Book” is defined as “the System’s electronic file of orders.” See Exchange Rule 1.5(e).

⁹ The term “System routing table” refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them. See Exchange Rule 11.13(b)(3).

¹⁰ Orders using the ALLB routing option that execute on the Exchange would be subject to the Exchange’s standard fees and rebates, unless the Member achieves a volume tiered reduced fee or enhanced rebate.

yielding fee code AA in securities priced below \$1.00 would be charged no fee nor would they receive a rebate.

- Fee Code AX. Order routed to EDGX using the ALLB routing strategy would yield fee code AY and be charged a fee of \$0.00290 per share in securities priced at or above \$1.00. Under proposed footnote 16, orders yielding fee code AX in securities priced below \$1.00 would be charged a fee of 0.30% of the transaction's dollar value.
- Fee Code AY. Order routed to BYX using the ALLB routing strategy would yield fee code AY and receive a rebate of \$0.00150 per share in securities priced at or above \$1.00. Under proposed footnote 17, orders yielding fee code AY in securities priced below \$1.00 would be charged a fee of 0.10% of the transaction's dollar value.

BATS Trading will pass through the above rates to the Exchange and the Exchange, in turn, will pass through that exact rate to its Members. The proposed rates would enable the Exchange to equitably allocate its costs among all Members utilizing the ALLB routing strategy.

Fee Codes and Associated Fees Table

The Exchange also proposes to amend the Fee Codes and Associated Fees table to indicate the amount of the fees and rebates as five decimal points, rather than four decimal points, by adding a zero to the end of each fee and rebate, to reflect the order pricing format on the Exchange's website.¹¹ The Exchange notes that none of these

changes amend any fee or rebate, nor do they alter the manner in which it assesses fees or calculates rebates.

Implementation Date

The Exchange proposes to implement this amendment to its Fee Schedule on January 4, 2016, but the proposed fee codes and their associated rates will not be available until January 8, 2016, the date upon which it announced to Members that it would implement the ALLB routing strategy.¹²

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹³ in general, and furthers the objectives of Section 6(b)(4),¹⁴ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange believes that its proposed rates represent an equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities because the Exchange does not levy additional fees or offer additional rebates for orders that it routes to BYX, EDGA, and EDGX through BATS Trading. The Exchange believes that its proposed pass through rate for orders that yield fee codes AA, AX or AY is equitable and reasonable because it accounts for the rate that BATS Trading

would be subject to for orders it routes and are executed on BYX, EDGA, and EDGX. In addition, the proposal allows the Exchange to pass-through to its Members the rate for orders that are routed to BYX, EDGA, and EDGX using the ALLB routing strategy. Furthermore, the Exchange notes that routing through BATS Trading is voluntary. Lastly, the Exchange also believes that the proposed amendment is non-discriminatory because it applies uniformly to all Members.

The Exchange believes that the changes to the Fee Codes and Associated Fees table of the Fee Schedule are reasonable because they are designed to provide greater transparency to Members with regard to how the Exchange assesses fees and calculates rebates. The Exchange notes that none of the proposed changes are designed to amend any fee, nor alter the manner in which it assesses fees or calculates rebates. These changes to the Fee Schedule are intended to make the Fee Schedule clearer and less confusing for investors and eliminate potential investor confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest.

(B) Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange's competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their

competitive standing in the financial markets. The Exchange believes that its proposal to pass through the rates that BATS Trading would be subject to for orders routing to BYX, EDGA, and EDGX using the ALLB routing strategy to Members would increase intermarket competition because it offers customers an alternative means to route orders to those venues. In addition, the proposed pricing would not provide any advantage to Users when routing to BYX, EDGA, and EDGX as compared to other methods of routing or connectivity available to Users by the Exchange because the proposed rates are identical to what the Member would be subject to if it routed to those venues directly. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

The Exchange believes that the changes to the Fee Codes and Associated Fees table of the Fee Schedule would not affect intermarket nor intramarket competition because none of these changes are designed to amend any fee or alter the manner in which the Exchange assesses fees or calculates rebates. These changes are intended to provide greater clarity to Members with regard to how the Exchange access fees and calculates rebates.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act¹⁵ and paragraph (f) of Rule 19b-4 thereunder.¹⁶ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act.

Comments may be submitted by any of the following methods:
