1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² BATS Exchange, Inc. (“BATS” or the “Exchange”) is filing with the Securities and Exchange Commission (the “Commission”) a proposed rule change to amend Rule 11.13, Order Execution and Routing, to enable Users³ to designate their orders for participation in the re-opening (following a halt, suspension, or pause) of a primary listing market other than the Exchange (NYSE, Nasdaq, NYSE MKT, or NYSE Arca) if received before the re-opening time of such market. The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.⁴

The text of the proposed rule change is available on the Exchange’s website at www.batstrading.com, at the Exchange’s principal office and at the Public Reference Room of the Commission.

(b) The Exchange does not believe that the proposed rule change will have any direct or significant indirect effect on any other Exchange rule in effect at the time of this filing.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The Exchange submits the proposed rule change pursuant to authority delegated

by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Exchange's Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change and, therefore, the Exchange's internal procedures with respect to the proposed change are complete.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Rule 11.13, Order Execution and Routing, to enable Users to designate their orders for participation in the re-opening (following a halt, suspension, or pause) of a primary listing market other than the Exchange (NYSE, Nasdaq, NYSE MKT, or NYSE Arca) if received before the re-opening time of such market. The Exchange currently offers the ROOC routing option, under which Users may designate their orders for participation in the opening or closing process, in addition to the re-opening (following a halt, suspension, or pause), of a primary listing market other than the Exchange, if received before the opening/re-opening/closing time of such market.⁵ However, some Users only wish that their orders be routed to participate in the primary market's re-opening process, and not its opening or closing processes. Therefore, the Exchange proposes to enable Users to designate their orders for participation in the re-opening of a primary listing market.

⁵ See Exchange Rule 11.13(b)(3)(N).

The proposed optionality would operate like the current ROOC routing option, but for routing to the primary listing market's opening or closing process. Lastly, like the ROOC routing option, any remaining shares will either be posted to the BATS Book,⁶ executed, or routed to destinations on the System routing table.⁷ Should no halt, suspension, or pause occur on the primary listing market, such orders would remain on the BATS Book, executed, or routed to destinations on the System routing table.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. Certain Users whose orders are resting on the BATS Book may wish that their order only be routed to the primary market's re-opening process following a halt, suspension or pause, and not the primary market's opening or closing processes. The proposed rule change promotes just and equitable principles of trade because it would provide such Users with additional flexibility where they wish that their order only be eligible to route to the primary listing market to participate in the re-opening process following a halt, suspension or pause. In

⁶ The term "BATS Book" is defined as "the System's electronic file of orders." See Exchange Rule 1.5(e).

⁷ The term "System routing table" refers to the proprietary process for determining the specific options exchanges to which the System routes orders and the order in which it routes them. See Exchange Rule 11.13(b)(3).

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

addition, and as discussed above, the proposed rule change is similar to the Exchange's current ROOC routing option.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that its proposal would increase competition because it offers Users an alternative means to route orders to the primary listing market to participate in the re-opening following a halt, suspension, or pause as if they entered orders on that market directly.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Not applicable.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(6)¹¹ thereunder. The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for thirty (30) days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6).

written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.¹²

The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4¹³ because the proposed rule change is similar to the Exchange's current ROOC routing option, under which Users may designate their orders for participation in the opening or closing process, in addition to the re-opening (following a halt, suspension, or pause), of a primary listing market if received before the opening/re-opening/closing time of such market.¹⁴ Therefore, the proposal does not propose any new or unique functionality that has not already been considered by the Commission. Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁵ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁶

At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, BATS Exchange, Inc. (the “Exchange” or “BATS”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

(following a halt, suspension, or pause) of a primary listing market other than the Exchange (NYSE, Nasdaq, NYSE MKT, or NYSE Arca) if received before the re-opening time of such market.

The text of the proposed rule change is available at the Exchange's website at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 11.13, Order Execution and Routing, to enable Users to designate their orders for participation in the re-opening (following a halt, suspension, or pause) of a primary listing market other than the Exchange (NYSE, Nasdaq, NYSE MKT, or NYSE Arca) if received before the re-opening time of such market. The Exchange currently offers the ROOC routing option, under which Users may designate their orders for participation in the opening or closing process, in addition to the re-opening (following a halt, suspension, or pause), of a primary listing market other than the Exchange, if received before the opening/re-opening/closing time of such

market.⁶ However, some Users only wish that their orders be routed to participate in the primary market's re-opening process, and not its opening or closing processes.

Therefore, the Exchange proposes to enable Users to designate their orders for participation in the re-opening of a primary listing market.

The proposed optionality would operate like the current ROOC routing option, but for routing to the primary listing market's opening or closing process. Lastly, like the ROOC routing option, any remaining shares will either be posted to the BATS Book,⁷ executed, or routed to destinations on the System routing table.⁸ Should no halt, suspension, or pause occur on the primary listing market, such orders would remain on the BATS Book, executed, or routed to destinations on the System routing table.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. Certain Users

⁶ See Exchange Rule 11.13(b)(3)(N).

⁷ The term "BATS Book" is defined as "the System's electronic file of orders." See Exchange Rule 1.5(e).

⁸ The term "System routing table" refers to the proprietary process for determining the specific options exchanges to which the System routes orders and the order in which it routes them. See Exchange Rule 11.13(b)(3).

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(5).

whose orders are resting on the BATS Book may wish that their order only be routed to the primary market's re-opening process following a halt, suspension or pause, and not the primary market's opening or closing processes. The proposed rule change promotes just and equitable principles of trade because it would provide such Users with additional flexibility where they wish that their order only be eligible to route to the primary listing market to participate in the re-opening process following a halt, suspension or pause. In addition, and as discussed above, the proposed rule change is similar to the Exchange's current ROOC routing option.

Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that its proposal would increase competition because it offers Users an alternative means to route orders to the primary listing market to participate in the re-opening following a halt, suspension, or pause as if they entered orders on that market directly.

(B) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section

19(b)(3)(A) of the Act¹¹ and paragraph (f)(6) of Rule 19b-4 thereunder.¹² The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
