If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² BATS Exchange, Inc. (“BYX” or the “Exchange”) is filing with the Securities and Exchange Commission (“Commission”) a proposal to amend Rule 11.22 to describe a market data product known as BYX Book Viewer. The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.³

The proposed amendment to the Exchange’s rules is attached as Exhibit 5. Material proposed to be added is underlined. Material proposed to be deleted is enclosed in brackets.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The Exchange submits the proposed rule change pursuant to authority delegated by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Exchange’s Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change and, therefore, the Exchange’s internal procedures with respect to the proposed change are complete.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

The Exchange proposes to add language to Rule 11.22 describing a market data product known as BYX Book Viewer. The proposal memorializes in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge. BYX Book Viewer is a data feed that disseminates, on a real-time basis, the aggregated two-side quotations for up to five (5) price levels for all displayed orders for securities traded on the Exchange and for which the Exchanges reports quotes under the Consolidated Tape Association ("CTA") Plan or the Nasdaq/UTP Plan. BYX Book Viewer also contains the last ten (10) trades including time of trade, price and share quantity. BYX Book Viewer is currently available via www.batstrading.com without charge. The Exchange will file a separate proposed rule change with the Commission proposing fees to be charged for certain types of access to BYX Book Viewer as of September 1, 2015.⁴

(b) Statutory Basis

⁴ The Exchange understands that its affiliated exchanges intend to file identical proposed rule changes to adopt rules and fees for the Book Viewer data feed with the Commission. The Exchange's affiliates are EDGA Exchange, Inc., EDGX Exchange, Inc. and BATS Exchange, Inc.

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and to protect investors and the public interest, and that it is not designed to permit unfair discrimination among customers, brokers, or dealers. This proposal is in keeping with those principles in that it promotes increased transparency through the dissemination of BYX Book Viewer. The Exchange also believes this proposal is consistent with Section 6(b)(5) of the Act because it protects investors and the public interest and promotes just and equitable principles of trade by providing investors with an alternative for receiving market data as requested by market data vendors and purchasers that expressed an interest in exchange-only data for instances where consolidated data is no longer required to be purchased and displayed. The proposed rule change would benefit investors by facilitating their prompt access to real-time depth-of-book information contained in BYX Book Viewer. The proposed rule change also removes impediments to and perfect the mechanism of a free and open market and a national market system by memorializing in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge.

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(5).

The Exchange also believes that the proposed rule change is consistent with Section 11(A) of the Act⁷ in that it supports (i) fair competition among brokers and dealers, among exchange markets, and between exchange markets and markets other than exchange markets and (ii) the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Furthermore, the proposed rule change is consistent with Rule 603 of Regulation NMS,⁸ which provides that any national securities exchange that distributes information with respect to quotations for or transactions in an NMS stock do so on terms that are not unreasonably discriminatory. BYX Book Viewer is accessed and subscribed to on a voluntary basis, in that neither the Exchange nor market data distributors are required by any rule or regulation to make this data available. Accordingly, distributors and subscribers can discontinue use at any time and for any reason.

In adopting Regulation NMS, the Commission granted self-regulatory organizations and broker-dealers increased authority and flexibility to offer new and unique market data to consumers of such data. It was believed that this authority would expand the amount of data available to users and consumers of such data and also spur innovation and competition for the provision of market data. The Exchange believes that the data products proposed herein are precisely the sort of market data products that the Commission envisioned when it adopted Regulation NMS. The Commission concluded that Regulation NMS – by lessening regulation of the market in proprietary data – would itself further the Act’s goals of facilitating efficiency and competition:

⁷ 15 U.S.C. 78k-1.

⁸ See 17 CFR 242.603.

[E]fficiency is promoted when broker-dealers who do not need the data beyond the prices, sizes, market center identifications of the NBBO and consolidated last sale information are not required to receive (and pay for) such data. The Commission also believes that efficiency is promoted when broker-dealers may choose to receive (and pay for) additional market data based on their own internal analysis of the need for such data.⁹

By removing “unnecessary regulatory restrictions” on the ability of exchanges to sell their own data, Regulation NMS advanced the goals of the Act and the principles reflected in its legislative history.

In addition, BYX Book Viewer removes impediments to and perfects the mechanism of a free and open market and a national market system because BYX Book Viewer provides investors with alternative market data and competes with similar market data product currently offered by the New York Stock Exchange, Inc. (“NYSE”) and the Nasdaq Stock Market LLC (“Nasdaq”).¹⁰ The provision of new options for investors to receive market data was a primary goal of the market data amendments adopted by

Regulation NMS.¹¹ BYX Book Viewer is precisely the sort of market data product that the Commission envisioned when it adopted Regulation NMS.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal is not intended to address any competitive issues, but rather to memorialize in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge. Nonetheless, the Exchange believes that the proposal will promote competition by the Exchange offering a service similar to that offered by the NYSE and Nasdaq.¹² Thus, the Exchange believes this proposed rule change is necessary to permit fair competition among national securities exchanges. Therefore, the Exchange does not believe the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

¹¹ See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496, at 37503 (June 29, 2005) (Regulation NMS Adopting Release).

¹² See supra note 10.

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹³ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁴ The Exchange asserts that the proposed rule change: (1) will not significantly affect the protection of investors or the public interest, (2) will not impose any significant burden on competition, and (3) and will not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such shorter time as designated by the Commission.¹⁵ Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁶ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁷

The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4¹⁸ because the proposed rule change would not significantly affect investors or the public interest. The proposed rule change does not impose any significant burden on competition for the reasons stated under Section 4 above. The proposal memorializes in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge. The proposed rule

change is also similar to data products offered by the NYSE and Nasdaq.¹⁹ Therefore, the proposed rule change presents no new novel issues. Based on the foregoing, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act²⁰ and paragraph (f)(6) of Rule 19b-4 thereunder.²¹

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. Waiver of the 30-day operative delay would benefit investors by enabling the Exchange to continue to provide Members with BYX Book Viewer during the operative delay. Waiver of the 30-day operative delay period will also allow the Exchange to implement the proposed rule change on September 1, 2015, the anticipated effective date of the proposed fees for BYX Book Viewer that are to be separately filed with the Commission. Waiver of the operative delay is, therefore, consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add language to Rule 11.22 describing a market data product known as BYX Book Viewer. The proposal memorializes in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge. BYX Book Viewer is a data feed that disseminates, on a real-time basis, the aggregated two-side quotations for up to five (5) price levels for all displayed orders for securities traded on the Exchange and for which the Exchanges reports quotes under the Consolidated Tape Association ("CTA") Plan or the Nasdaq/UTP Plan. BYX Book Viewer also contains the last ten (10) trades including time of trade, price and share quantity. BYX Book Viewer is currently available via www.batstrading.com without charge. The Exchange will file a separate proposed rule change with the Commission proposing fees to be charged for certain types of access to BYX Book Viewer as of

September 1, 2015.⁵

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and to protect investors and the public interest, and that it is not designed to permit unfair discrimination among customers, brokers, or dealers. This proposal is in keeping with those principles in that it promotes increased transparency through the dissemination of BYX Book Viewer. The Exchange also believes this proposal is consistent with Section 6(b)(5) of the Act because it protects investors and the public interest and promotes just and equitable principles of trade by providing investors with an alternative for receiving market data as requested by market data vendors and purchasers that expressed an interest in exchange-only data for instances where consolidated data is no longer required to be purchased and displayed. The proposed rule change would benefit investors by facilitating their prompt access to real-time depth-of-book information contained in BYX Book Viewer. The proposed rule change also removes impediments to and perfect the

mechanism of a free and open market and a national market system by memorializing in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge.

The Exchange also believes that the proposed rule change is consistent with Section 11(A) of the Act⁸ in that it supports (i) fair competition among brokers and dealers, among exchange markets, and between exchange markets and markets other than exchange markets and (ii) the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. BYX Book Viewer is accessed and subscribed to on a voluntary basis, in that neither the Exchange nor market data distributors are required by any rule or regulation to make this data available. Accordingly, distributors and subscribers can discontinue use at any time and for any reason.

In adopting Regulation NMS, the Commission granted self-regulatory organizations and broker-dealers increased authority and flexibility to offer new and unique market data to consumers of such data. It was believed that this authority would expand the amount of data available to users and consumers of such data and also spur innovation and competition for the provision of market data. The Exchange believes that

the data products proposed herein are precisely the sort of market data products that the Commission envisioned when it adopted Regulation NMS. The Commission concluded that Regulation NMS – by lessening regulation of the market in proprietary data – would itself further the Act’s goals of facilitating efficiency and competition:

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal is not intended to address any competitive issues, but rather to memorialize in the Exchange's rules a data feed that is currently available through the Exchange's public website free of charge. III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁴ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁵ The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

- Send an e-mail to rule-comments@sec.gov. Please include File No. SR-BYX-2015-35 on the subject line.

Paper Comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File No. SR-BYX-2015-35. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>).

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 am and 3:00 pm. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information

that you wish to make available publicly. All submissions should refer to File No. SR-BYX-2015-35 and should be submitted on or before [_____21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁶
