If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² EDGA Exchange, Inc. (the “Exchange” or “EDGA”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend Rules 11.17, Registration of Market Makers, and 11.20, Obligations of Market Makers, in order to update certain provisions and conform to the rules of BATS Exchange, Inc. (“BZX”), BATS Y-Exchange, Inc. (“BYX”), EDGX Exchange, Inc.’s (“EDGX”) equity options trading platform (“EDGX Options”), BZX’s equity options trading platform (“BZX Options”), and the Nasdaq Stock Market LLC (“Nasdaq”).³ The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.⁴

(a) The text of the proposed rule change is attached as Exhibit 5. Material proposed to be added is underlined. Material proposed to be deleted is enclosed in brackets.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

In early 2014, the Exchange and its affiliate, EDGX received approval to effect a merger (the "Merger") of the Exchange's parent company, Direct Edge Holdings LLC, with BATS Global Markets, Inc., the parent of BZX and the BYX (together with BZX, EDGA and EDGX, the "BGM Affiliated Exchanges").⁵ In the context of the Merger, the BGM Affiliated Exchanges are working to align their rules, retaining only intended differences between the BGM Affiliated Exchanges. Thus, the Exchange proposes to amend Rules 11.17, Registration of Market Makers, and 11.20, Obligations of Market Makers, in order to update certain provisions and conform to the rules of BYX and BZX and provide a consistent rule set across each of the BGM Affiliated Exchanges.⁶ As

⁵ See Securities Exchange Act Release No. 71449 (January 30, 2014), 79 FR 6961 (February 5, 2014) (SR-EDGX-2013-43; SR-EDGA-2013-34).

⁶ The Exchange notes that EDGX intends to file an identical proposal with the

amended, Exchange Rules 11.17 and 11.20 would be identical to BYX and BZX Rules 11.5 and 11.8 but for different cross references to Exchange Rules that are due to the different rule numbering amongst the Exchange, BYX and BZX.⁷

Rule 11.17, Registration of Market Makers

Like BYX and BZX Rule 11.5, Exchange Rule 11.17 governs the registration of Market Makers on the Exchange. In particular, paragraphs (a) and (b) of Rule 11.17 set forth the application process for Members seeking to register as Market Makers on the Exchange. To harmonize Exchange Rule 11.17(a) with BYX and BZX Rule 11.5(a), the Exchange proposes to replace the word “under” with “of” when referencing Rule 15c3-1 of the Exchange Act. But for different cross-referencing to Exchange rules that are identical or substantially similar to corresponding BYX and BZX rules, this change would make Exchange Rule 11.17 identical to BYX and BZX Rule 11.5.

The Exchange also proposes to amend paragraphs (c)(4) and (e) to update rule cross-references to reflect the renumbering of certain rules as part of an earlier exchange rule filing.⁸ Within paragraph (c)(4) to Rule 11.17, the Exchange proposes to replace reference to Rule 11.19(b)(5) with Rule 11.18(b)(5). The Exchange also proposes to amend paragraph (e) to Rule 11.17 to replace references to Rules 11.18, 11.19, and 11.20

Commission to amend its Rules 11.17 and 11.20 to update certain provisions and conform to BYX and BZX Rules 11.5 and 11.8. The Exchange notes that BYX and BZX intend to file proposed rule changes to make related changes to their Rules 11.5 and 11.8 to conform with the changes proposed herein.

⁷ The Exchange notes that the substance of the rules that are cross-referenced in Rule 11.17 and 11.20 are identical or substantially similar to the corresponding BYX and BZX Rules.

⁸ See Securities Exchange Act Release No. 73592 (November 13, 2014), 79 FR 68937 (November 19, 2014) (SR-EDGA-2014-20).

with Rules 11.17, 11.18, and 11.19.

Rule 11.20, Obligations of Market Makers

Like BYX and BZX Rules 11.8, Exchange Rule 11.20 sets forth the obligations of Market Makers. In short, Members who are registered as Market Makers in one or more securities traded on the Exchange must engage in a course of dealings for their own account to assist in the maintenance, insofar as reasonably practicable, of fair and orderly markets on the Exchange in accordance with these Rules. The Exchange proposes to make the following changes to harmonize Rule 11.20(a), (c), and (d) with BYX and BZX Rule 11.8:

- amend subparagraph (a)(5) to replace in the second sentence the word “entering” with “entry”;
- amend paragraph (c) to replace in the second sentence the word “limits” with “will limit”;
- amend paragraph (d)(1) to: (i) add the phrase “is identified to the Exchange as the interest meeting the obligation and” to the first sentence; (ii) add the word “either” to the fourth sentence; and (iii) add the phrase “or by identifying existing interest on the EDGA Book that will satisfy this obligation” to the last sentence; and
- amend paragraphs (d)(2)(A) and (B) to add to the last sentence of each paragraph the phrase “, or must be able to identify to the Exchange current resting interest that satisfies the Two-Sided Obligation.”

The Exchange also proposes to amend Rule 11.20(d)(1) to clarify the scenarios in which a Market Maker’s two-sided quoting obligation may be temporarily suspended or

alleviated. The provisions proposed to be added are each substantially similar to the rules of BZX Options and EDGX Options.⁹ Proposed Rule 11.20(d)(1)(A) addresses a Market Maker's ability to satisfy the quoting standard in the event of a technical failure or system limitation. In particular, if a technical failure or limitation of a system of the Exchange prevents the Market Maker from maintaining or communicating to the Exchange timely and accurate quotes in each security in which a Member is registered as a Market Maker, the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that security.¹⁰

In addition, proposed Rule 11.20(d)(1)(B) addresses a Market Maker's ability to satisfy the quoting standard during a halt, suspension or pause. A Market Maker's quoting obligation under Rule 11.20 would be suspended during a trading halt, suspension, or pause in the security.¹¹ A Market Maker's quoting obligation would recommence after the first regular way transaction on the primary listing market following such halt, suspension, or pause in the security, as reported by the responsible single plan processor.¹² A Market Maker's quoting obligation would also be suspended under Rule

⁹ See BZX Options Rule 22.6(d)(4), (5), and (7). See also EDGX Options Rule 22.6(d)(4), (5), and (7).

¹⁰ See Securities Exchange Act Release No. 71229 (December 18, 2013), 78 FR 77736 (December 24, 2013) (SR-BATS-2013-062) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Modify BATS Options Market Maker Continuous Quoting Obligation Rules).

¹¹ The Exchange notes that proposed Rule 11.20(d)(1)(B) would differ from BZX Options and EDGX Options Rules 22.6(d)(5) in so far as proposed Rule 11.20(d)(1)(B) references "security" rather than "underlying security" in order to conform to the equities markets.

¹² See also Nasdaq Stock Market LLC ("Nasdaq") Rule 4613(a)(2)(ii).

11.20(d)(1)(B) for the duration that an NMS stock is in a Limit State or a Straddle State declared pursuant to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the “Limit Up-Limit Down Plan” or “Plan”).¹³

Under proposed Rule 11.20(d)(1)(C), the Exchange would have the ability to consider other exceptions to the Two-Sided Obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances. For example, a Market Maker must implement the pre-trade and other risk controls required by Rule 15c3-5 of the Act (the “Market Access Rule”) with respect to all of their quoting activity. These pre-trade risk controls must be reasonably designed to systemically limit financial exposure and ensure compliance with all regulatory requirements. The risk controls a Market Maker may have in place to comply with the Market Access Rule may prevent that Market Maker from satisfying its quoting obligation. In such case, the Exchange would consider whether the Market Maker’s failure to satisfy its quoting obligation due to its compliance with the Market Access Rule was proper.

Lastly, the Exchange proposes to amend its definitions of “Designated Percentage” and “Defined Limit” under Rules 11.8(d)(2)(D) and (E) respectively to be substantially similar to Nasdaq Rules 4613(a)(2)(D) and (E). The pricing obligations applicable to quotations of Market Makers are based on the Designated Percentage and the Defined Limit, which are determined based on the applicable trigger percentage. The amended definitions would include additional specificity and updated descriptions of the

categories of securities that are subject to those percentages. Notably, the Exchange proposes to replace references to the terms Original Circuit Breaker Securities (defined below) with Tier 1 or Tier 2 NMS Stocks under the Limit Up-Limit Down Plan (also defined below), as the Exchange believes these terms more accurately describe the securities to which a certain percentage applies. The Exchange is not proposing new percentages governing a Market Maker's quoting obligations; it is seeking to adopt revised definitions that are substantially similar to that of Nasdaq in order to provide consistent rules with regard to Market Maker's quoting obligations.¹⁴ The Exchange believes consistent definitions would avoid confusion amongst market participants that make markets on multiple venues.

The Exchange currently defines Designated Percentage under Rule 11.20(d)(2)(D) as 8% with respect to securities included in the S&P 500® Index and the Russell 1000® Index, as well as a pilot list of Exchange Traded Products for securities subject to an individual stock pause trigger under the applicable rules of a primary listing market ("Original Circuit Breaker Securities"). For times during Regular Trading Hours¹⁵ when stock pause triggers are not in effect under the rules of the primary listing

¹⁴ The Exchange proposed to categorize securities included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products as Tier 1 NMS Stocks under the under the Limit Up-Limit Down Plan. Securities not included in the S&P 500® Index, Russell 1000® Index, or in the pilot list of Exchange Traded Products would be categorized as Tier 2 NMS Stocks under the under the Limit Up-Limit Down Plan. Nasdaq Rule 4613(a)(2)(D) and (E) references securities as included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products as such and those that are not as Tier 2 NMS Stocks. The Exchange notes that BYX and BZX also intent to amend their definitions of Designated Percentage and Defined Limit to mirror that proposed herein.

¹⁵ See Exchange Rule 1.5(y).

market, the Designated Percentage shall be 20% for Original Circuit Breaker Securities. Under Rule 11.20(d)(2)(E), the Designated Percentage shall be 28% for all NMS securities that are not Original Circuit Breaker Securities with a price equal to or greater than \$1.00, and 30% for all NMS securities that are not Original Circuit Breaker Securities with a price less than \$1.00.

As amended, Designated Percentage would be defined solely under Exchange Rule 11.20(d)(2)(D) as 8% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan,¹⁶ 28% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan¹⁷ with a price equal to or greater than \$1.00, and 30% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00, except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Exchange Rule 11.16(e) is not in effect, the Designated Percentage shall be 20% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 28% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 30% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00.

The Exchange currently defines Defined Limit under Rule 11.20(d)(2)(F) and (G) as 9.5% for Original Circuit Breaker Securities. For times during Regular Trading Hours when stock pause triggers are not in effect under the rules of the primary listing market, the Defined Limit shall be 21.5% for Original Circuit Breaker Securities. The Defined

¹⁶ Tier 1 NMS Stocks under the Limit Up-Limit Down Plan are securities that are included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. See the Limit Up-Limit Down Release supra note 13.

¹⁷ Tier 2 NMS Stocks under the Limit Up-Limit Down Plan are securities that are not included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. Id.

Limit is 29.5% for all NMS securities that are not Original Circuit Breaker Securities with a price equal to or greater than \$1.00, and 31.5% for all NMS securities that are not Original Circuit Breaker Securities with a price less than \$1.00.

As amended, subparagraphs (d)(2)(F) and (G) of Exchange Rule 11.20 would be deleted and Defined Limit would be defined solely under Exchange Rule 11.20(d)(2)(E) as 9.5% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 29.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 31.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00, except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Exchange Rule 11.16(e) is not in effect, the Defined Limit shall be 21.5% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 29.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 31.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00. Exchange Rule 11.8(d)(2)(E) also states that for times during Regular Trading Hours when stock pause triggers are not in effect under the rules of the primary listing market, the Defined Limit will be 21.5% for securities included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. The Defined Limit will remain the same throughout Regular Trading Hours for all other NMS stocks.

The Exchange proposes to delete Interpretation and Policy .01 to Rule 11.20 as its content is not included in BYX and BZX Rules 11.8 and its requirement to furnish records to the Exchange are duplicative with current Exchange Rule 4.2.

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹⁸ Specifically, the proposed change is consistent with Section 6(b)(5) of the Act,¹⁹ because it is designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest. As mentioned above, the proposed rule changes, combined with the planned filing for the BYX, BZX, and EDGX would allow the BGM Affiliated Exchanges to provide a consistent set of rules as it relates to the registration and obligations of Market Makers. Consistent rules, in turn, will simplify the regulatory requirements for Market Makers on the Exchange that are also Market Makers on EDGX, BZX, and/or BYX. The proposed rule change would provide greater harmonization between rules of similar purpose on the BGM Affiliated Exchanges, resulting in greater uniformity and less burdensome and more efficient regulatory compliance and understanding of Exchange Rules. As such, the proposed rule change would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system. Similarly, the Exchange also believes that, by harmonizing the rules across each BGM Affiliated Exchange, the proposal will enhance the Exchange's ability to fairly and efficiently regulate its Market Makers by utilizing a consistent rule set and obligations across each

¹⁸ 15 U.S.C. 78f(b).

¹⁹ 15 U.S.C. 78f(b)(5).

of the BGM Affiliated Exchanges. Consistent rules would enable the Exchange to apply identical standards to that of its affiliates, alleviating confusion by Market Makers on who may also be registered as such on BYX, BZX, or EDGX, thereby promoting just and equitable principles of trade in accordance with Section 6(b)(5) of the Act.²⁰

The Exchange also believes the proposed amendments to Rule 11.8(d) are consistent with Section 6(b)(5) of the Act,²¹ because they are designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed amendments to Rule 11.8(d)(1) are meant to clarify the scenarios in which a Market Maker's two-sided quoting obligation may be temporarily suspended or alleviated. The provisions proposed to be added are each substantially similar to the rules of the BZX Options, EDGX Options and Nasdaq.²² The Exchange believes it is appropriate to have consistent rules across its equities and options platforms. Consistent rules would aid in alleviating confusion amongst those that are Members on both platforms. The Exchange believes it is reasonable to suspend or alleviate a Market Maker's quoting obligations in the event of a technical or system limitation, during a trading halt, suspension or pause, as well as where demonstrated legal or regulatory requirements prevent the Market Maker from quoting. In each scenario, the Exchange will review the reasons behind the Market Maker inability to quote for compliance with the Rule. The Exchange is not proposing new percentages governing a

²² See supra notes 9 and 12.

Market Maker's quoting obligations; it is seeking to adopt revised definitions that are substantially similar to those of Nasdaq in order to provide a consistent rules with regard to Market Makers quoting obligations.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the act. To the contrary, allowing the Exchange to implement substantively identical rules across each of the BGM Affiliated Exchanges regarding Market Maker registration and their obligations does not present any competitive issues, but rather is designed to provide greater harmonization among Exchange, BYX, BZX, and EDGX rules of similar purpose. The proposed rule change should, therefore, result in less burdensome and more efficient regulatory compliance and understanding of Exchange Rules for common members of the BGM Affiliated Exchanges and an enhanced ability of the BGM Affiliated Exchanges to fairly and efficiently regulate Market Makers.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Not applicable.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The Exchange has designated this rule filing as non-controversial under Section

19(b)(3)(A) of the Act²³ and paragraph (f)(6) of Rule 19b-4 thereunder.²⁴ The Exchange asserts that the proposed rule change: (1) will not significantly affect the protection of investors or the public interest, (2) will not impose any significant burden on competition, (3) and will not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing.²⁵

The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4²⁶ because the proposed rule change would not significantly affect the protection of investors or the public interest; rather, the proposed rule change will promote greater harmonization between the Exchange and EDGX, BZX, and BYX rules of similar purpose, resulting in greater uniformity and less burdensome and more efficient regulatory compliance. As described above, the Exchange notes that the proposed change is directly based on the rules of Nasdaq, EDGX Options, BYX and BZX, all of which have been previously published for notice and comment.²⁷ Based on the foregoing, the proposed rule change does not present any unique issues not previously considered by the Commission, and the Exchange has accordingly designated this rule

filing as “non-controversial” under Section 19(b)(3)(A) of the Act²⁸ and paragraph (f)(6) of Rule 19b-4 thereunder.²⁹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule text is based on BYX and BZX Rules 11.5 and 11.8. Proposed Exchange Rule 11.20(d)(1)(B) is based on Nasdaq Rule 4613(a)(2). Proposed Exchange Rule 11.20(d)(2)(D) and (E) are based on Nasdaq Rule 4613(a)(2)(D) and (E). The only differences between proposed Exchange Rule 11.8(d)(2)(D) and (E) and Nasdaq Rule 4613(a)(2)(D) and (E) are: (i) Nasdaq references Rule 4120(a)(11)(B) and (c) while the Exchange references Tier 1 and Tier 2 NMS Securities under the Limit Up-Limit Down Plan; and (ii) Nasdaq Rule 4613(a)(2)(D) references rights and warrants while Exchange Rule 11.20(d)(2)(D) does not because the Exchange does not trade rights or warrants. The proposed changes to Exchange Rule 11.20(d)(1) are based on BZX Options and EDGX Options Rules 22.6(d)(4), (5), and (7).

SECURITIES AND EXCHANGE COMMISSION

(Release No. 34-_____; File No. SR-EDGA-2015-49)

Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rules 11.17, Registration of Market Makers, and 11.20, Obligations of Market Makers

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, EDGA Exchange, Inc. (the “Exchange” or “EDGA”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rules 11.17, Registration of Market Makers, and 11.20, Obligations of Market Makers, in order to update certain provisions and conform to the rules of BATS Exchange, Inc. (“BZX”), BATS Y-Exchange, Inc. (“BYX”), EDGX Exchange, Inc.’s (“EDGX”) equity options trading platform (“EDGX

Options”), BZX’s equity options trading platform (“BZX Options”), and the Nasdaq Stock Market LLC (“Nasdaq”).⁵

The text of the proposed rule change is available at the Exchange’s website at www.batstrading.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In early 2014, the Exchange and its affiliate, EDGX received approval to effect a merger (the “Merger”) of the Exchange’s parent company, Direct Edge Holdings LLC, with BATS Global Markets, Inc., the parent of BZX and the BYX (together with BZX, EDGA and EDGX, the “BGM Affiliated Exchanges”).⁶ In the context of the Merger, the

⁵ See BYX and BZX Rules 11.5 and 11.8; BZX Options Rule 22.6(d)(4), (5), and (7); EDGX Options Rule 22.6(d)(4), (5), and (7); and Nasdaq Rules Rule 4613(a)(2)(ii), 4613(a)(2)(D) and (E).

⁶ See Securities Exchange Act Release No. 71449 (January 30, 2014), 79 FR 6961 (February 5, 2014) (SR-EDGX-2013-43; SR-EDGA-2013-34).

BGM Affiliated Exchanges are working to align their rules, retaining only intended differences between the BGM Affiliated Exchanges. Thus, the Exchange proposes to amend Rules 11.17, Registration of Market Makers, and 11.20, Obligations of Market Makers, in order to update certain provisions and conform to the rules of BYX and BZX and provide a consistent rule set across each of the BGM Affiliated Exchanges.⁷ As amended, Exchange Rules 11.17 and 11.20 would be identical to BYX and BZX Rules 11.5 and 11.8 but for different cross references to Exchange Rules that are due to the different rule numbering amongst the Exchange, BYX and BZX.⁸

Rule 11.17, Registration of Market Makers

Like BYX and BZX Rule 11.5, Exchange Rule 11.17 governs the registration of Market Makers on the Exchange. In particular, paragraphs (a) and (b) of Rule 11.17 set forth the application process for Members seeking to register as Market Makers on the Exchange. To harmonize Exchange Rule 11.17(a) with BYX and BZX Rule 11.5(a), the Exchange proposes to replace the word “under” with “of” when referencing Rule 15c3-1 of the Exchange Act. But for different cross-referencing to Exchange rules that are identical or substantially similar to corresponding BYX and BZX rules, this change would make Exchange Rule 11.17 identical to BYX and BZX Rule 11.5.

⁷ The Exchange notes that EDGX intends to file an identical proposal with the Commission to amend its Rules 11.17 and 11.20 to update certain provisions and conform to BYX and BZX Rules 11.5 and 11.8. The Exchange notes that BYX and BZX intend to file proposed rule changes to make related changes to their Rules 11.5 and 11.8 to conform with the changes proposed herein.

⁸ The Exchange notes that the substance of the rules that are cross-referenced in Rule 11.17 and 11.20 are identical or substantially similar to the corresponding BYX and BZX Rules.

The Exchange also proposes to amend paragraphs (c)(4) and (e) to update rule cross-references to reflect the renumbering of certain rules as part of an earlier exchange rule filing.⁹ Within paragraph (c)(4) to Rule 11.17, the Exchange proposes to replace reference to Rule 11.19(b)(5) with Rule 11.18(b)(5). The Exchange also proposes to amend paragraph (e) to Rule 11.17 to replace references to Rules 11.18, 11.19, and 11.20 with Rules 11.17, 11.18, and 11.19.

Rule 11.20, Obligations of Market Makers

Like BYX and BZX Rules 11.8, Exchange Rule 11.20 sets forth the obligations of Market Makers. In short, Members who are registered as Market Makers in one or more securities traded on the Exchange must engage in a course of dealings for their own account to assist in the maintenance, insofar as reasonably practicable, of fair and orderly markets on the Exchange in accordance with these Rules. The Exchange proposes to make the following changes to harmonize Rule 11.20(a), (c), and (d) with BYX and BZX Rule 11.8:

- amend subparagraph (a)(5) to replace in the second sentence the word “entering” with “entry”;
- amend paragraph (c) to replace in the second sentence the word “limits” with “will limit”;
- amend paragraph (d)(1) to: (i) add the phrase “is identified to the Exchange as the interest meeting the obligation and” to the first sentence;

⁹ See Securities Exchange Act Release No. 73592 (November 13, 2014), 79 FR 68937 (November 19, 2014) (SR-EDGA-2014-20).

(ii) add the word “either” to the fourth sentence; and (iii) add the phrase “or by identifying existing interest on the EDGA Book that will satisfy this obligation” to the last sentence; and

- amend paragraphs (d)(2)(A) and (B) to add to the last sentence of each paragraph the phrase “, or must be able to identify to the Exchange current resting interest that satisfies the Two-Sided Obligation.”

The Exchange also proposes to amend Rule 11.20(d)(1) to clarify the scenarios in which a Market Maker’s two-sided quoting obligation may be temporarily suspended or alleviated. The provisions proposed to be added are each substantially similar to the rules of BZX Options and EDGX Options.¹⁰ Proposed Rule 11.20(d)(1)(A) addresses a Market Maker’s ability to satisfy the quoting standard in the event of a technical failure or system limitation. In particular, if a technical failure or limitation of a system of the Exchange prevents the Market Maker from maintaining or communicating to the Exchange timely and accurate quotes in each security in which a Member is registered as a Market Maker, the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that security.¹¹

In addition, proposed Rule 11.20(d)(1)(B) addresses a Market Maker’s ability to

¹⁰ See BZX Options Rule 22.6(d)(4), (5), and (7). See also EDGX Options Rule 22.6(d)(4), (5), and (7).

satisfy the quoting standard during a halt, suspension or pause. A Market Maker's quoting obligation under Rule 11.20 would be suspended during a trading halt, suspension, or pause in the security.¹² A Market Maker's quoting obligation would recommence after the first regular way transaction on the primary listing market following such halt, suspension, or pause in the security, as reported by the responsible single plan processor.¹³ A Market Maker's quoting obligation would also be suspended under Rule 11.20(d)(1)(B) for the duration that an NMS stock is in a Limit State or a Straddle State declared pursuant to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the "Limit Up-Limit Down Plan" or "Plan").¹⁴

Under proposed Rule 11.20(d)(1)(C), the Exchange would have the ability to consider other exceptions to the Two-Sided Obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances. For example, a Market Maker must implement the pre-trade and other risk controls required by Rule 15c3-5 of the Act (the "Market Access Rule") with respect to all of their quoting activity. These pre-trade risk controls must be reasonably designed to systemically limit financial exposure and ensure compliance with all regulatory requirements. The risk controls a Market Maker

¹² The Exchange notes that proposed Rule 11.20(d)(1)(B) would differ from BZX Options and EDGX Options Rules 22.6(d)(5) in so far as proposed Rule 11.20(d)(1)(B) references "security" rather than "underlying security" in order to conform to the equities markets.

may have in place to comply with the Market Access Rule may prevent that Market Maker from satisfying its quoting obligation. In such case, the Exchange would consider whether the Market Maker's failure to satisfy its quoting obligation due to its compliance with the Market Access Rule was proper.

Lastly, the Exchange proposes to amend its definitions of "Designated Percentage" and "Defined Limit" under Rules 11.8(d)(2)(D) and (E) respectively to be substantially similar to Nasdaq Rules 4613(a)(2)(D) and (E). The pricing obligations applicable to quotations of Market Makers are based on the Designated Percentage and the Defined Limit, which are determined based on the applicable trigger percentage. The amended definitions would include additional specificity and updated descriptions of the categories of securities that are subject to those percentages. Notably, the Exchange proposes to replace references to the terms Original Circuit Breaker Securities (defined below) with Tier 1 or Tier 2 NMS Stocks under the Limit Up-Limit Down Plan (also defined below), as the Exchange believes these terms more accurately describe the securities to which a certain percentage applies. The Exchange is not proposing new percentages governing a Market Maker's quoting obligations; it is seeking to adopt revised definitions that are substantially similar to that of Nasdaq in order to provide consistent rules with regard to Market Maker's quoting obligations.¹⁵ The Exchange

¹⁵ The Exchange proposed to categorize securities included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products as Tier 1 NMS Stocks under the under the Limit Up-Limit Down Plan. Securities not included in the S&P 500® Index, Russell 1000® Index, or in the pilot list of Exchange Traded Products would be categorized as Tier 2 NMS Stocks under the under the Limit Up-Limit Down Plan. Nasdaq Rule 4613(a)(2)(D) and (E) references securities as included in the S&P 500® Index, Russell 1000® Index, and a pilot

believes consistent definitions would avoid confusion amongst market participants that make markets on multiple venues.

The Exchange currently defines Designated Percentage under Rule 11.20(d)(2)(D) as 8% with respect to securities included in the S&P 500[®] Index and the Russell 1000[®] Index, as well as a pilot list of Exchange Traded Products for securities subject to an individual stock pause trigger under the applicable rules of a primary listing market (“Original Circuit Breaker Securities”). For times during Regular Trading Hours¹⁶ when stock pause triggers are not in effect under the rules of the primary listing market, the Designated Percentage shall be 20% for Original Circuit Breaker Securities. Under Rule 11.20(d)(2)(E), the Designated Percentage shall be 28% for all NMS securities that are not Original Circuit Breaker Securities with a price equal to or greater than \$1.00, and 30% for all NMS securities that are not Original Circuit Breaker Securities with a price less than \$1.00.

As amended, Designated Percentage would be defined solely under Exchange Rule 11.20(d)(2)(D) as 8% for Tier 1 NMS Stocks under the Limit Up-Limit Down

list of Exchange Traded Products as such and those that are not as Tier 2 NMS Stocks. The Exchange notes that BYX and BZX also intent to amend their definitions of Designated Percentage and Defined Limit to mirror that proposed herein.

¹⁶ See Exchange Rule 1.5(y).

Plan,¹⁷ 28% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan¹⁸ with a price equal to or greater than \$1.00, and 30% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00, except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Exchange Rule 11.16(e) is not in effect, the Designated Percentage shall be 20% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 28% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 30% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00.

The Exchange currently defines Defined Limit under Rule 11.20(d)(2)(F) and (G) as 9.5% for Original Circuit Breaker Securities. For times during Regular Trading Hours when stock pause triggers are not in effect under the rules of the primary listing market, the Defined Limit shall be 21.5% for Original Circuit Breaker Securities. The Defined Limit is 29.5% for all NMS securities that are not Original Circuit Breaker Securities with a price equal to or greater than \$1.00, and 31.5% for all NMS securities that are not Original Circuit Breaker Securities with a price less than \$1.00.

As amended, subparagraphs (d)(2)(F) and (G) of Exchange Rule 11.20 would be deleted and Defined Limit would be defined solely under Exchange Rule 11.20(d)(2)(E) as 9.5% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 29.5% for Tier 2

¹⁷ Tier 1 NMS Stocks under the Limit Up-Limit Down Plan are securities that are included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. See the Limit Up-Limit Down Release supra note 14.

¹⁸ Tier 2 NMS Stocks under the Limit Up-Limit Down Plan are securities that are not included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. Id.

NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 31.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00, except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Exchange Rule 11.16(e) is not in effect, the Defined Limit shall be 21.5% for Tier 1 NMS Stocks under the Limit Up-Limit Down Plan, 29.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price equal to or greater than \$1.00, and 31.5% for Tier 2 NMS Stocks under the Limit Up-Limit Down Plan with a price less than \$1.00. Exchange Rule 11.8(d)(2)(E) also states that for times during Regular Trading Hours when stock pause triggers are not in effect under the rules of the primary listing market, the Defined Limit will be 21.5% for securities included in the S&P 500® Index, Russell 1000® Index, and a pilot list of Exchange Traded Products. The Defined Limit will remain the same throughout Regular Trading Hours for all other NMS stocks.

The Exchange proposes to delete Interpretation and Policy .01 to Rule 11.20 as its content is not included in BYX and BZX Rules 11.8 and its requirement to furnished records to the Exchange are duplicative with current Exchange Rule 4.2.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹⁹ Specifically, the proposed change is consistent with Section 6(b)(5) of the

¹⁹ 15 U.S.C. 78f(b).

Act,²⁰ because it is designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest. As mentioned above, the proposed rule changes, combined with the planned filing for the BYX, BZX, and EDGX would allow the BGM Affiliated Exchanges to provide a consistent set of rules as it relates to the registration and obligations of Market Makers. Consistent rules, in turn, will simplify the regulatory requirements for Market Makers on the Exchange that are also Market Makers on EDGX, BZX, and/or BYX. The proposed rule change would provide greater harmonization between rules of similar purpose on the BGM Affiliated Exchanges, resulting in greater uniformity and less burdensome and more efficient regulatory compliance and understanding of Exchange Rules. As such, the proposed rule change would foster cooperation and coordination with persons engaged in facilitating transactions in securities and would remove impediments to and perfect the mechanism of a free and open market and a national market system. Similarly, the Exchange also believes that, by harmonizing the rules across each BGM Affiliated Exchange, the proposal will enhance the Exchange's ability to fairly and efficiently regulate its Market Makers by utilizing a consistent rule set and obligations across each of the BGM Affiliated Exchanges. Consistent rules would enable the Exchange to apply identical standards to that of its affiliates, alleviating confusion by Market Makers on who may also be registered as such on BYX, BZX, or EDGX, thereby promoting just and

²⁰ 15 U.S.C. 78f(b)(5).

equitable principles of trade in accordance with Section 6(b)(5) of the Act.²¹

The Exchange also believes the proposed amendments to Rule 11.8(d) are consistent with Section 6(b)(5) of the Act,²² because they are designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed amendments to Rule 11.8(d)(1) are meant to clarify the scenarios in which a Market Maker's two-sided quoting obligation may be temporarily suspended or alleviated. The provisions proposed to be added are each substantially similar to the rules of the BZX Options, EDGX Options and Nasdaq.²³ The Exchange believes it is appropriate to have consistent rules across its equities and options platforms. Consistent rules would aid in alleviating confusion amongst those that are Members on both platforms. The Exchange believes it is reasonable to suspend or alleviate a Market Maker's quoting obligations in the event of a technical or system limitation, during a trading halt, suspension or pause, as well as where demonstrated legal or regulatory requirements prevent the Market Maker from quoting. In each scenario, the Exchange will review the reasons behind the Market Maker inability to quote for compliance with the Rule. The Exchange is not proposing new percentages governing a Market Maker's quoting obligations; it is seeking to adopt revised definitions that are substantially similar to those of Nasdaq in order to provide a consistent rules with regard to Market Makers quoting obligations.

²³ See supra notes 10 and 13.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the act. To the contrary, allowing the Exchange to implement substantively identical rules across each of the BGM Affiliated Exchanges regarding Market Maker registration and their obligations does not present any competitive issues, but rather is designed to provide greater harmonization among Exchange, BYX, BZX, and EDGX rules of similar purpose. The proposed rule change should, therefore, result in less burdensome and more efficient regulatory compliance and understanding of Exchange Rules for common members of the BGM Affiliated Exchanges and an enhanced ability of the BGM Affiliated Exchanges to fairly and efficiently regulate Market Makers.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (A) significantly affect the protection of investors or the public interest; (B) impose any significant burden on competition; and (C) by its terms, become operative for 30 days from the date on which it was filed or such shorter time as the Commission may designate it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁴ and paragraph (f)(6) of Rule 19b-4

²⁴ 15 U.S.C. 78s(b)(3)(A).

thereunder,²⁵ the Exchange has designated this rule filing as non-controversial. The Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act.

Comments may be submitted by any of the following methods:

All submissions should refer to File No. SR-EDGA-2015-49. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 am and 3:00 pm. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-EDGA-2015-49 and should be submitted on or before [_____21 days from publication in the Federal Register].

EXHIBIT 5

Proposed new language is underlined; proposed deletions are in [brackets].

Rule 11.17. Registration of Market Makers

(a) An applicant for registration as a Market Maker shall file an application in writing on such form as the Exchange may prescribe. Applications shall be reviewed by the Exchange, which shall consider such factors including, but not limited to, capital, operations, personnel, technical resources and disciplinary history. Each Market Maker must have and maintain minimum net capital of at least the amount required under Rule 15c3-1 [under]of the Exchange Act.

(b) (No change).

(c) The registration of a Market Maker may be suspended or terminated by the Exchange if the Exchange determines that:

(1) – (3) (No change).

(4) The Market Maker does not have at least one registered Market Maker Authorized Trader (“MMAT”) qualified to perform market making activities as set forth in Rule 11.1[9]8(b)(5). A MMAT whose registration is suspended pursuant to this paragraph (c) shall not be deemed qualified within the meaning of this subsection.

(d) (No change).

(e) Any person aggrieved by any determination under this Rule 11.1[8]7 or Rules 11.1[9]8 or 11.[20]19 below may seek review under Chapter X of Exchange Rules governing adverse action.

(f) (No change).

Rule 11.18. Obligations of Market Maker Authorized Traders

(No change).

Rule 11.19. Registration of Market Makers in a Security

(No change).

Rule 11.20. Obligations of Market Makers

(a) General. Members who are registered as Market Makers in one or more securities traded on the Exchange must engage in a course of dealings for their own account to assist in the maintenance, insofar as reasonably practicable, of fair and orderly markets on the Exchange in

accordance with these Rules. The responsibilities and duties of a Market Maker specifically include, but are not limited to, the following:

(1) – (4) (No change).

(5) Clear and settle transactions through the facilities of a registered clearing agency. This requirement may be satisfied by direct participation, use of direct clearing services or by [entering]entry into a correspondent clearing arrangement with another Member that clears trades through such agency.

(b) (No change).

(c) If the Exchange finds any substantial or continued failure by a Market Maker to engage in a course of dealings as specified in paragraph (a) of this Rule, such Market Maker will be subject to disciplinary action, including, without limitation, suspension or revocation of its registration by the Exchange in one or more of the securities in which the Market Maker is registered. Nothing in this Rule 11.20 will limit[s] any powers of the Exchange under the By-Laws, Rules or procedures of the Exchange with respect to the registration of a Market Maker or in respect of any violation by a Market Maker of the provisions of this Rule 11.20. Any Member aggrieved by any determination under this Rule 11.20 may seek review under Chapter X of the Exchange Rules governing adverse action.

(d) Quotation Requirements and Obligations

(1) *Continuous, Two-Sided Quote Obligation.* For each security in which a Member is registered as a Market Maker, the Member shall be willing to buy and sell such security for its own account on a continuous basis during Regular Trading Hours and shall enter and maintain a two-sided trading interest (“Two-Sided Obligation”) that is identified to the Exchange as the interest meeting the obligation and is displayed in the Exchange’s System at all times. Interest eligible to be considered as part of a Market Maker’s Two-Sided Obligation shall have a displayed quotation size of at least one normal unit of trading (or a larger multiple thereof); provided, however, that a Market Maker may augment its Two-Sided Obligation size to display limit orders priced at the same price as the Two-Sided Obligation. Unless otherwise designated, a “normal unit of trading” shall be 100 shares. After an execution against its Two-Sided Obligation, a Market Maker must ensure that additional trading interest exists in the System to satisfy its Two-Sided Obligation either by immediately entering new interest to comply with this obligation to maintain continuous, two-sided quotations or by identifying existing interest on the EDGA Book that will satisfy this obligation.

(A) If a technical failure or limitation of a system of the Exchange prevents the Market Maker from maintaining or communicating to the Exchange timely and accurate quotes in each security in which a Member is registered as a Market Maker, the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that security.

(B) The continuous quoting obligations set forth above: (i) shall be suspended during a trading halt, suspension, or pause in the security, and shall not re-commence until after the first regular way transaction on the primary listing market following such halt, suspension, or pause in the security, as reported by the responsible single plan processor, and (ii) shall be suspended for the duration that an NMS stock is in a Limit State or a Straddle State.

(C) The Exchange may consider other exceptions to the Two-Sided Obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances.

(2) (No change).

(A) Bid Quotations. At the time of entry of bid interest satisfying the Two-Sided Obligation, the price of the bid interest shall be not more than the Designated Percentage away from the then current NBB, or if no NBB, not more than the Designated Percentage away from the last reported sale as reported by the responsible single plan processor. In the event that the NBB (or if no NBB, the last reported sale) increases to a level that would cause the bid interest of the Two-Sided Obligation to be more than the Defined Limit away from the NBB (or if no NBB, the last reported sale), or if the bid is executed or cancelled, the Market Maker shall enter new bid interest at a price not more than the Designated Percentage away from the then current NBB (or if no NBB, the last reported sale), or must be able to identify to the Exchange current resting interest that satisfies the Two-Sided Obligation.

(B) Offer Quotations. At the time of entry of offer interest satisfying the Two-Sided Obligation, the price of the offer interest shall be not more than the Designated Percentage away from the then current NBO, or if no NBO, not more than the Designated Percentage away from the last reported sale reported by the responsible single plan processor. In the event that the NBO (or if no NBO, the last reported sale) decreases to a level that would cause the offer interest of the Two-Sided Obligation to be more than the Defined Limit away from the NBO (or if no NBO, the last reported sale), or if the offer is executed or cancelled, the Market Maker shall enter new offer interest at a price not more than the Designated Percentage away from the then current NBO (or if no NBO, the last reported sale), or must be able to identify to the Exchange current resting interest that satisfies the Two-Sided Obligation.

(C) (No change).
