1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act” or “Exchange Act”),¹ and Rule 19b-4 thereunder,² EDGX Exchange, Inc. (“NSX”) on or about August 31, 2015. 3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to update Rule 13.4(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) order handling; (ii) order routing; and (iii) related compliance processes to reflect reactivation of the NSX on or about August 31, 2015. The NSX informed the UTP Securities Information Processor ("UTP SIP") that, subject to regulatory approval, it is projecting to reactivate its status as an operating participant for quotation and trading of Nasdaq-listed securities under the Unlisted Trading Privileges ("UTP") Plan on or about August 31, 2015. Specifically, the Exchange proposes to amend Rule 13.4(a) to include the NSX by stating it will utilize NSX market data from the CQS/UQDF for purposes of order handling, routing, and related compliance processes.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices,

⁴ 15 U.S.C. 78f.

⁵ 15 U.S.C. 78f(b)(5).

to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that its proposal to update Exchange Rule 13.4(a) to include NSX would ensure that rule correctly identifies and publicly states on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes the proposal would enhance competition because including all of the exchanges enhances transparency and enables investors to better assess the quality of the Exchange's execution and routing services.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The proposed rule change has become effective pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(6)⁷ thereunder. The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five (5) business days prior to the date of filing.⁸

The proposed rule change is properly designated as non-controversial because it enhances clarity and operational transparency without modifying members' rights or obligations. In addition, the proposal is identical to a recently filed rule change by the

⁶ 15 U.S.C. 78s(b)(3)(A).

Nasdaq Stock Market LLC (“Nasdaq”) under which Nasdaq also updated its applicable rule regarding the market data it is to utilize for order handling, routing and compliance processes once the NSX is reactivated.⁹ Based on the foregoing, the Exchange has accordingly designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f)(6) of Rule 19b-4 thereunder.¹¹

The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. Waiver of the 30-day operative delay would enable the Exchange to immediately enhance transparency and to accommodate the reactivation of the NSX on or about August 31, 2015 as an operating participant for quotation and trading of Nasdaq-listed securities under the UTP Plan. Waiver of the operative delay is, therefore, consistent with the protection of investors and the public interest because it will enable to the Exchange to implement the proposed rule change immediately.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The NSX informed the UTP Securities Information Processor ("UTP SIP") that, subject to regulatory approval, it is projecting to reactivate its status as an operating participant for quotation and trading of Nasdaq-listed securities under the Unlisted Trading Privileges ("UTP") Plan on or about August 31, 2015. The Exchange believes that its proposal to update Exchange Rule 13.4(a) to include NSX would ensure that rule correctly identifies and publicly states on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency.
