1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² Bats EDGA Exchange, Inc. (“EDGA” or the “Exchange”) is filing with the Securities and Exchange Commission (the “Commission”) a proposed rule change to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading. The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.³ The Exchange requests that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii) under the Act.⁴

The text of the proposed rule change is available on the Exchange’s website at www.batstrading.com, at the Exchange’s principal office and at the Public Reference Room of the Commission.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading.

Exchange Rule 11.7 describes the Exchange's current Opening and Re-Opening Process. Subparagraph (e) to Rule 11.7 states that while a security is subject to a halt, suspension, or pause in trading, the Exchange will accept orders for queuing prior to the resumption of trading in the security for participation in the Re-Opening Process. Subparagraph (a) to Rule 11.7 states that, prior to the beginning of the Regular Trading Hours, Users⁵ who wish to participate in the Opening Process may enter orders to buy or sell.⁶ Subparagraph (a)(2) to Rule 11.7 provides that, with certain exceptions,⁷ all orders

⁵ See Exchange Rule 1.5(ee).

⁶ Orders cancelled prior to the Opening Process will not participate in the Opening Process.

⁷ The following order types and instruction may not participate in the opening process: Limit Orders with a Post Only instruction, the Discretionary Range of Limit Orders, ISOs not modified by Rule 11.7(a)(1), and orders with a Minimum Execution Quantity instruction. See Exchange Rule 11.7(a)(2). Limit Orders with a Reserve Quantity may participate to the full extent of their displayed size and Reserve Quantity. *Id.* Limit Orders with a Discretionary Range may participate up to their ranked limit price for buy orders or down to their ranked

with a time-in-force instruction of Regular Hours Only may participate in the Opening Process. Subparagraph (e)(1) to Rule 11.7 states that the Re-Opening Process will occur in the same manner described in Rule 11.7(a)(2) and (b) described above,⁸ also with certain exceptions.⁹

Subparagraph (e)(1) to Exchange Rule 11.7 also sets forth the process by which the System sets the price of the Re-Opening Process. Currently, the System¹⁰ sets the price of the Re-Opening Process at the midpoint of the: (i) first NBBO subsequent to the first reported trade on the listing exchange following the resumption of trading after a halt, suspension, or pause; or (ii) NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication

limit price for sell orders. Id. All Limit Orders with a Pegged instruction, as defined in Exchange Rule 11.6(i), will be eligible for execution in the Opening Process based on their pegged prices. Id.

⁸ Subparagraph (b) to Rule 11.7 states that the Exchange will open by performing the Opening Process in which the System will attempt to match buy and sell orders that are executable at the midpoint of the National Best Bid and Offer (“NBBO”). Furthermore, subparagraph (b) of Rule 11.7 also states that all orders executable at the midpoint of the NBBO will continue to be processed in time sequence, beginning with the order with the oldest time stamp. Matches occur until there are no remaining contra-side orders or there is an imbalance of orders. An imbalance of orders may result in orders that cannot be executed in whole or in part. Any unexecuted orders may then be placed by the System on the EDGA Book, cancelled, executed, or routed to away Trading Centers in accordance with the Users’ instructions pursuant to Exchange Rule 11.11.

⁹ Orders without a time-in-force (“TIF”) instruction of Regular Hours Only are eligible to participate in the Re-Opening Process, but orders that include a TIF instruction of IOC or FOK, a Post Only instruction or Minimum Execution Quantity instruction will be cancelled or rejected, as applicable, and any ISO that does not include a TIF instruction of IOC or FOK will be converted into a non-ISO and be queued for participation in the Re-Opening Process. See Exchange Rule 11.7(e)(1).

¹⁰ See Exchange Rule 1.5(cc).

of the first two-sided quotation by the listing exchange.

The Exchange proposes to amend subparagraph (e)(1) to Rule 11.7 to now await a two-sided quotation from the listing exchange prior to opening a security for trading. As amended, subparagraph (e)(1) to Rule 11.7 would state that the System would set the price of the Re-Opening Process at the midpoint of the first NBBO subsequent to the first reported trade and first two-sided quotation on the listing exchange following the resumption of trading after a halt, suspension, or pause. The Exchange will utilize the current NBBO to calculate the security's re-opening price once a trade and two-sided quotation are received from the listing exchange, regardless of the order in which the trade or quotation are received. The Exchange believes the proposed rule change will enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflects the market prices and conditions for that security. Under subparagraph (e)(1) to Rule 11.7, the Exchange will continue to alternatively set the price of the Re-Opening Process at the midpoint of the NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication of the first two-sided quotation by the listing exchange.

(b) Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹² in particular,

¹¹ 15 U.S.C. 78f(b).

in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes the proposed rule change will promote just and equitable principles of trade, removes impediments to, and perfect the mechanism of, a free and open market and a national market system because it enables the System to execute the Re-Opening Process at a price that is objectively established by the market for the security. The proposal would enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflect the market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change promotes just and equitable principles of trade because it ensures a midpoint price that the Exchange believes would accurately reflect the market for the security.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will enable the Exchange to incorporate the listing market's quotation into its calculation of the midpoint of the NBBO, resulting in a re-opening price that would more closely reflect the opening market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change will promote competition by

enhancing the quality of the Exchange's opening process.

Not applicable.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹³ of the Act and Rule 19b-4(f)(6)¹⁴ thereunder. The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for thirty (30) days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.¹⁵

The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4¹⁶ because the proposed rule change is consistent with the protection of investors and the public interest because it will enable the Exchange to

incorporate the listing market's quotation into its calculation of the midpoint of the NBBO, resulting in a re-opening price that would more closely reflect the opening market prices and conditions for that security. The Exchange also believes the proposed rule change does not impose any significant burden on competition for the reasons set forth under Item 4 above. In addition, the Commission has recently published a similar proposal by the Exchange to await a two-sided quotation from the listing exchange prior to opening a security for trading during Regular Trading Hours.¹⁷ Therefore, the proposal does not raise any new issues that have not been previously considered by the Commission. Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁸ and paragraph (f)(6) of Rule 19b-4 thereunder.¹⁹

The Exchange respectfully requests that the Commission waive the 30-day operative delay so that the proposed rule change may become effective and operative upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act²⁰ and

¹⁷ See Securities Exchange Act Release No. 77906 (May 25, 2016), 81 FR 35075 (June 1, 2016) (SR-BatsEDGA-2016-10). In this filing, the Exchange amended subparagraph (c)(2) to Rule 11.7 to state that the System would set the price of the Opening Process at the midpoint of the first NBBO subsequent to the first two-sided quotation published by the listing exchange after 9:30:00 a.m. Eastern Time. For securities listed on either the New York Stock Exchange, Inc. ("NYSE") or the NYSE MKT LLC ("NYSE MKT"), subparagraph (c)(1)(i) to Rule 11.7 was amended to state that the System would set the price of the Opening Process at the midpoint of the first NBBO subsequent to the first reported trade and first reported quotation on the listing exchange after 9:30:00 a.m. Eastern Time. The process for determining the price of the Re-Opening Process does not differ for securities listed on the NYSE or NYSE MKT.

paragraph (f)(6) of Rule 19b-4 thereunder.²¹ Waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to implement the proposed rule change in a timely manner. The Exchange believes that the proposed rule change will benefit market participants by enhancing the quality of the Exchange's re-opening process by further ensuring its re-opening prices more closely reflect the securities' market price and conditions. Therefore, the Exchange believes that benefits to Exchange Users expected from the proposed rule change should not be delayed. Further, the proposed rule change will not require any systems changes by Exchange Users that would necessitate a delay, as it is the Exchange System that will calculate the re-opening price as described herein. Therefore, the Exchange requests that the Commission waive the 30-day operative delay.

At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Bats EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Rule 11.7, Opening Process.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, Bats EDGA Exchange, Inc. (the “Exchange” or “EDGA”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6)(iii) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading.

Exchange Rule 11.7 describes the Exchange's current Opening and Re-Opening Process. Subparagraph (e) to Rule 11.7 states that while a security is subject to a halt, suspension, or pause in trading, the Exchange will accept orders for queuing prior to the resumption of trading in the security for participation in the Re-Opening Process.

Subparagraph (a) to Rule 11.7 states that, prior to the beginning of the Regular Trading Hours, Users⁵ who wish to participate in the Opening Process may enter orders to buy or sell.⁶ Subparagraph (a)(2) to Rule 11.7 provides that, with certain exceptions,⁷ all orders

with a time-in-force instruction of Regular Hours Only may participate in the Opening Process. Subparagraph (e)(1) to Rule 11.7 states that the Re-Opening Process will occur in the same manner described in Rule 11.7(a)(2) and (b) described above,⁸ also with certain exceptions.⁹

Subparagraph (e)(1) to Exchange Rule 11.7 also sets forth the process by which the System sets the price of the Re-Opening Process. Currently, the System¹⁰ sets the price of the Re-Opening Process at the midpoint of the: (i) first NBBO subsequent to the

⁷ The following order types and instruction may not participate in the opening process: Limit Orders with a Post Only instruction, the Discretionary Range of Limit Orders, ISOs not modified by Rule 11.7(a)(1), and orders with a Minimum Execution Quantity instruction. See Exchange Rule 11.7(a)(2). Limit Orders with a Reserve Quantity may participate to the full extent of their displayed size and Reserve Quantity. Id. Limit Orders with a Discretionary Range may participate up to their ranked limit price for buy orders or down to their ranked limit price for sell orders. Id. All Limit Orders with a Pegged instruction, as defined in Exchange Rule 11.6(i), will be eligible for execution in the Opening Process based on their pegged prices. Id.

⁸ Subparagraph (b) to Rule 11.7 states that the Exchange will open by performing the Opening Process in which the System will attempt to match buy and sell orders that are executable at the midpoint of the National Best Bid and Offer (“NBBO”). Furthermore, subparagraph (b) of Rule 11.7 also states that all orders executable at the midpoint of the NBBO will continue to be processed in time sequence, beginning with the order with the oldest time stamp. Matches occur until there are no remaining contra-side orders or there is an imbalance of orders. An imbalance of orders may result in orders that cannot be executed in whole or in part. Any unexecuted orders may then be placed by the System on the EDGA Book, cancelled, executed, or routed to away Trading Centers in accordance with the Users’ instructions pursuant to Exchange Rule 11.11.

⁹ Orders without a time-in-force (“TIF”) instruction of Regular Hours Only are eligible to participate in the Re-Opening Process, but orders that include a TIF instruction of IOC or FOK, a Post Only instruction or Minimum Execution Quantity instruction will be cancelled or rejected, as applicable, and any ISO that does not include a TIF instruction of IOC or FOK will be converted into a non-ISO and be queued for participation in the Re-Opening Process. See Exchange Rule 11.7(e)(1).

¹⁰ See Exchange Rule 1.5(cc).

first reported trade on the listing exchange following the resumption of trading after a halt, suspension, or pause; or (ii) NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication of the first two-sided quotation by the listing exchange.

The Exchange proposes to amend subparagraph (e)(1) to Rule 11.7 to now await a two-sided quotation from the listing exchange prior to opening a security for trading. As amended, subparagraph (e)(1) to Rule 11.7 would state that the System would set the price of the Re-Opening Process at the midpoint of the first NBBO subsequent to the first reported trade and first two-sided quotation on the listing exchange following the resumption of trading after a halt, suspension, or pause. The Exchange will utilize the current NBBO to calculate the security's re-opening price once a trade and two-sided quotation are received from the listing exchange, regardless of the order in which the trade or quotation are received. The Exchange believes the proposed rule change will enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflects the market prices and conditions for that security. Under subparagraph (e)(1) to Rule 11.7, the Exchange will continue to alternatively set the price of the Re-Opening Process at the midpoint of the NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication of the first two-sided quotation by the listing exchange.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act¹² in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes the proposed rule change will promote just and equitable principles of trade, removes impediments to, and perfect the mechanism of, a free and open market and a national market system because it enables the System to execute the Re-Opening Process at a price that is objectively established by the market for the security. The proposal would enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflect the market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change promotes just and equitable principles of trade because it ensures a midpoint price that the Exchange believes would accurately reflect the market for the security.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The

proposed rule change will enable the Exchange to incorporate the listing market's quotation into its calculation of the midpoint of the NBBO, resulting in a re-opening price that would more closely reflect the opening market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change will promote competition by enhancing the quality of the Exchange's opening process.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (A) significantly affect the protection of investors or the public interest; (B) impose any significant burden on competition; and (C) by its terms, become operative for 30 days from the date on which it was filed or such shorter time as the Commission may designate it has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and paragraph (f)(6) of Rule 19b-4 thereunder,¹⁴ the Exchange has designated this rule filing as non-controversial. The Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

At any time within 60 days of the filing of the proposed rule change, the

Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (1) necessary or appropriate in the public interest; (2) for the protection of investors; or (3) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act.

Comments may be submitted by any of the following methods:
