3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

The Exchange proposes to amend its fee schedule for its equity options platform (“EDGX Options”) to add a new tier to its existing tiered pricing structure, as further described below.<sup>4</sup>

The Exchange currently offers two pricing tiers under footnotes 1 and 2 of the fee schedule, Customer Volume Tiers and Market Maker Volume Tiers, respectively. Under the tiers, Members that achieve certain volume criteria may qualify for reduced fees or enhanced rebates for Customer<sup>5</sup> and Market Maker<sup>6</sup> orders. The Exchange proposes to add an additional Customer Volume Tier to footnote 1.

Fee code PC and NC are currently appended to all Customer orders in Penny Pilot Securities<sup>7</sup> and Non-Penny Pilot Securities,<sup>8</sup> respectively and result in a standard rebate of \$0.01 per contract. The Customer Volume Tiers in footnote 1 consist of five separate

<sup>4</sup> The Exchange initially filed the proposed change on April 1, 2016 (SR-BatsEDGX-2016-08). On April 7, 2016, the Exchange withdrew SR-BatsEDGX-2016-08 and submitted this filing).

<sup>5</sup> The term “Customer” applies to any transaction identified by a Member for clearing in the Customer range at the Options Clearing Corporation (“OCC”), excluding any transaction for a Broker Dealer or a “Professional” as defined in Exchange Rule 16.1.

<sup>6</sup> The term “Market Maker” applies to any transaction identified by a Member for clearing in the Market Maker range at the OCC, where such Member is registered with the Exchange as a Market Maker as defined in Rule 16.1(a)(37).

<sup>7</sup> The term “Penny Pilot Security” applies to those issues that are quoted pursuant to Exchange Rule 21.5, Interpretation and Policy .01.

<sup>8</sup> The term “Non-Penny Pilot Security” applies to those issues that are not Penny Pilot Securities quoted pursuant to Exchange Rule 21.5, Interpretation and Policy .01.

tiers, each providing an enhanced rebate to a Member's Customer orders that yield fee codes PC or NC upon satisfying monthly volume criteria required by the respective tier. For instance, pursuant to Customer Volume Tier 1, the lowest volume tier, a Member will receive a rebate of \$0.05 per contract where the Member has an ADV<sup>9</sup> in Customer orders equal to or greater than 0.10% of average TCV.<sup>10</sup> Pursuant to Customer Volume Tier 5, the highest volume tier, a Member will receive a rebate of \$0.25 per contract where the Member has an ADV in Customer orders equal to or greater than 0.80% of average TCV. To encourage the entry of additional orders to EDGX Options, the Exchange proposes to adopt a new Tier 6 with different qualifying criteria. Specifically, under new Tier 6, the Exchange proposes to provide a rebate of \$0.21 per contract where: (1) the Member has an ADV in Customer orders equal to or greater than 0.25% of average TCV; and (2) the Member has an ADV in Market Maker Orders equal to or greater than 0.25% of average TCV.

The Exchange notes that the rebate of \$0.21 per contract is the same rebate as Tier 4, which is provided where the Member has an ADV in Customer orders equal to or greater than 0.50% of average TCV. By introducing Tier 6, the Exchange is providing an additional mechanism for a Member to achieve this enhanced rebate. The Exchange also notes that the proposed rebate is intended to encourage the entry of both Customer orders and Market Maker orders by providing a hybrid tier that rewards the entry of both.

---

<sup>9</sup> "ADV" means average daily volume calculated as the number of contracts added or removed, combined, per day.

<sup>10</sup> "TCV" means total consolidated volume calculated as the volume reported by all exchanges to the consolidated transaction reporting plan for the month for which the fees apply, excluding volume on any day that the Exchange experiences an Exchange System Disruption and on any day with a scheduled early market close.

Although the qualifying criteria includes Market Maker orders, as noted above, the proposed enhanced rebate of \$0.21 per contract would only be awarded to a Member's Customer orders that yield fee codes PC or NC upon satisfying the monthly volume criteria (and not such Member's Market Maker orders). Under the Exchange's existing pricing structure, however, a Member qualifying for the tier would qualify for at least Market Maker Volume Tier 3 with respect to such Member's Market Maker orders (resulting in a reduced fee of \$0.10 per contract), as the criteria for such tier require an ADV in Market Maker orders equal to or greater than 0.20%.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>11</sup> Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>12</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls.

The Exchange believes its proposed fees and rebates are reasonable, fair and equitable, and non-discriminatory. The Exchange operates in a highly competitive market in which market participants may readily send order flow to many competing venues if they deem fees at the Exchange to be excessive. As a new options exchange, the proposed fee structure remains intended to attract order flow to the Exchange by

---

<sup>11</sup> 15 U.S.C. 78f.

<sup>12</sup> 15 U.S.C. 78f(b)(4).

offering market participants a competitive yet simple pricing structure. At the same time, the Exchange believes it is reasonable to incrementally adopt incentives intended to help to contribute to the growth of the Exchange.

Volume-based rebates such as those currently maintained on the Exchange have been widely adopted by options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to the value of an exchange's market quality associated with higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns, and introduction of higher volumes of orders into the price and volume discovery processes. The proposed additional Customer Volume Tier is intended to incentivize Members to send additional Customer orders and Market Maker orders to the Exchange in an effort to qualify for the enhanced rebate made available by the tier.

The Exchange believes that the proposed tier is reasonable, fair and equitable, and non-discriminatory, for the reasons set forth with respect to volume-based pricing generally and because such change will incentivize participants to further contribute to market quality. The proposed tier will provide an additional way for market participants to qualify for enhanced rebates. The Exchange also believes that the proposed tiered pricing structure is consistent with pricing previously offered by the Exchange as well as other options exchanges and does not represent a significant departure from such pricing structures.<sup>13</sup>

---

<sup>13</sup> See, e.g., Bats BZX Options Fee Schedule, Footnote 1, Tier 5, which provides an enhanced rebate to Customer orders on BZX Options based on both Customer volume and Market Maker volume. The BZX Options Fee Schedule is available at: [http://www.batsoptions.com/support/fee\\_schedule/bzx/](http://www.batsoptions.com/support/fee_schedule/bzx/).

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes the proposed amendments to its Fee Schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or other options exchanges.<sup>14</sup> Rather, the proposal is a competitive proposal that is seeking to further the growth of the Exchange. The Exchange has structured the proposed fees and rebates to attract additional volume in Market Maker and Customer orders, however, the Exchange believes that its pricing for all capacities is competitive with that offered by other options exchanges. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule for its equity options platform ("EDGX Options") to add a new tier to its existing tiered pricing structure, as further described below.<sup>6</sup>

The Exchange currently offers two pricing tiers under footnotes 1 and 2 of the fee schedule, Customer Volume Tiers and Market Maker Volume Tiers, respectively. Under the tiers, Members that achieve certain volume criteria may qualify for reduced fees or

enhanced rebates for Customer<sup>7</sup> and Market Maker<sup>8</sup> orders. The Exchange proposes to add an additional Customer Volume Tier to footnote 1.

Fee code PC and NC are currently appended to all Customer orders in Penny Pilot Securities<sup>9</sup> and Non-Penny Pilot Securities,<sup>10</sup> respectively and result in a standard rebate of \$0.01 per contract. The Customer Volume Tiers in footnote 1 consist of five separate tiers, each providing an enhanced rebate to a Member's Customer orders that yield fee codes PC or NC upon satisfying monthly volume criteria required by the respective tier. For instance, pursuant to Customer Volume Tier 1, the lowest volume tier, a Member will receive a rebate of \$0.05 per contract where the Member has an ADV<sup>11</sup> in Customer orders equal to or greater than 0.10% of average TCV.<sup>12</sup> Pursuant to Customer Volume Tier 5, the highest volume tier, a Member will receive a rebate of \$0.25 per contract

<sup>7</sup> The term "Customer" applies to any transaction identified by a Member for clearing in the Customer range at the Options Clearing Corporation ("OCC"), excluding any transaction for a Broker Dealer or a "Professional" as defined in Exchange Rule 16.1.

<sup>8</sup> The term "Market Maker" applies to any transaction identified by a Member for clearing in the Market Maker range at the OCC, where such Member is registered with the Exchange as a Market Maker as defined in Rule 16.1(a)(37).

<sup>9</sup> The term "Penny Pilot Security" applies to those issues that are quoted pursuant to Exchange Rule 21.5, Interpretation and Policy .01.

<sup>10</sup> The term "Non-Penny Pilot Security" applies to those issues that are not Penny Pilot Securities quoted pursuant to Exchange Rule 21.5, Interpretation and Policy .01.

<sup>11</sup> "ADV" means average daily volume calculated as the number of contracts added or removed, combined, per day.

where the Member has an ADV in Customer orders equal to or greater than 0.80% of average TCV. To encourage the entry of additional orders to EDGX Options, the Exchange proposes to adopt a new Tier 6 with different qualifying criteria. Specifically, under new Tier 6, the Exchange proposes to provide a rebate of \$0.21 per contract where: (1) the Member has an ADV in Customer orders equal to or greater than 0.25% of average TCV; and (2) the Member has an ADV in Market Maker Orders equal to or greater than 0.25% of average TCV.

The Exchange notes that the rebate of \$0.21 per contract is the same rebate as Tier 4, which is provided where the Member has an ADV in Customer orders equal to or greater than 0.50% of average TCV. By introducing Tier 6, the Exchange is providing an additional mechanism for a Member to achieve this enhanced rebate. The Exchange also notes that the proposed rebate is intended to encourage the entry of both Customer orders and Market Maker orders by providing a hybrid tier that rewards the entry of both. Although the qualifying criteria includes Market Maker orders, as noted above, the proposed enhanced rebate of \$0.21 per contract would only be awarded to a Member's Customer orders that yield fee codes PC or NC upon satisfying the monthly volume criteria (and not such Member's Market Maker orders). Under the Exchange's existing pricing structure, however, a Member qualifying for the tier would qualify for at least Market Maker Volume Tier 3 with respect to such Member's Market Maker orders (resulting in a reduced fee of \$0.10 per contract), as the criteria for such tier require an ADV in Market Maker orders equal to or greater than 0.20%.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the

requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>13</sup> Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>14</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls.

The Exchange believes its proposed fees and rebates are reasonable, fair and equitable, and non-discriminatory. The Exchange operates in a highly competitive market in which market participants may readily send order flow to many competing venues if they deem fees at the Exchange to be excessive. As a new options exchange, the proposed fee structure remains intended to attract order flow to the Exchange by offering market participants a competitive yet simple pricing structure. discovery processes. The proposed additional Customer Volume Tier is intended to incentivize Members to send additional Customer orders and Market Maker orders to the Exchange in an effort to qualify for the enhanced rebate made available by the tier.

The Exchange believes that the proposed tier is reasonable, fair and equitable, and non-discriminatory, for the reasons set forth with respect to volume-based pricing generally and because such change will incentivize participants to further contribute to market quality. The proposed tier will provide an additional way for market participants to qualify for enhanced rebates. The Exchange also believes that the proposed tiered pricing structure is consistent with pricing previously offered by the Exchange as well as other options exchanges and does not represent a significant departure from such pricing structures.<sup>15</sup>

The Exchange believes the proposed amendments to its Fee Schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or other options exchanges.<sup>16</sup> Rather, the proposal is a competitive proposal that is seeking to further the growth of the Exchange. Exchange believes that its pricing for all capacities is competitive with that offered by other options exchanges. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>17</sup> and paragraph (f) of Rule 19b-4 thereunder.<sup>18</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
