3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

The Exchange proposes to amend its marketing fee program to institute a monthly cap of \$250,000 on undisbursed funds and reimburse excess funds on a pro-rata basis, as further described below.

The Exchange assesses a marketing fee to all Market Makers for contracts they execute in their assigned classes when the contra-party to the execution is a Customer.<sup>4</sup> The marketing fee is charged only in a Market Maker's assigned classes because it is in these classes that the Market Maker has the general obligation to attract order flow to the Exchange. Each Primary Market Maker ("PMM")<sup>5</sup> and Directed Market Maker ("DMM")<sup>6</sup> has a marketing fee pool into which the Exchange will deposit the applicable per-contract marketing fee. For orders directed to DMMs, the applicable marketing fees are allocated to the DMM pool. For non-directed orders, the applicable marketing fees are allocated to the PMM pool. All Market Makers that participated in such transaction will pay the applicable marketing fees to the Exchange, which allocates such funds to the Market Maker that controls the distribution of the marketing fee pool. Each month the Market Maker provides instruction to the Exchange describing how the Exchange is to

---

<sup>4</sup> The amount of the marketing fee depends upon whether the affected option class is a Penny Pilot Security. A marketing fee of \$0.25 per contract is assessed to Market Makers for transactions in Penny Pilot Securities. A Marketing Fee of \$0.70 per contract is assessed to Market Makers for transactions in Non-Penny Pilot Securities. A list of option classes included in the Penny Pilot Program is available on the Exchange's website.

<sup>5</sup> See Exchange Rule 21.8(g).

<sup>6</sup> See Exchange Rule 21.8(f).

distribute the marketing fees in the pool to the order flow provider, who submit as agent, Customer orders to the Exchange.

The Exchange proposes to now require that the total balance of the undisbursed marketing fees for a PMM pool and DMM pool cannot exceed \$250,000. When the pool balance exceeds this threshold level, the Exchange will rebate funds proportionately to those who have paid the marketing fee during the preceding month. Today, undisbursed marketing fees are reimbursed to the Market Makers that contributed to the pool based upon their pro-rata portion of the entire amount of marketing fee collected. As proposed, each month, undisbursed marketing fees in excess of \$250,000 will be reimbursed to the Market Makers that contributed to the pool based upon a one month look back and their pro-rata portion of the entire amount of marketing fee collected during that month. The Exchange will closely monitor the levels of the cap to ensure that there are adequate funds available to Market Makers to be competitive. The Exchange believes the proposed cap and reimbursement process would assist Market Makers in better managing their respective marketing fee pools and incentivize them to allocate those funds to order flow providers accordingly on a monthly basis.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>7</sup> Specifically, the Exchange believes that the proposed rule change is consistent

with Section 6(b)(4) of the Act,<sup>8</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls.

The Exchange notes that the U.S. options markets are highly competitive, and the marketing fee is intended to provide an incentive for Market Makers to enter into marketing agreements with Members so that they will provide order flow to the Exchange. The marketing fee is charged only in a Market Maker's assigned classes because it is in these classes that the Market Maker has the general obligation to attract order flow to the Exchange.

The Exchange believes that the proposed amendments to its marketing fee program, which is similar to marketing fee programs that have previously been implemented on other options exchanges,<sup>9</sup> will enhance the Exchange's competitive position and will result in increased liquidity on the Exchange, thereby providing more of an opportunity for customers to receive best executions. In addition, the proposed cap and reimbursement process would assist Market Makers in better managing their respective marketing fee pools and incentivize them to allocate those funds to order flow

providers accordingly on a monthly basis. The Exchange notes that most options exchange's that administer a marketing fee program do not cap the monthly contributions,<sup>10</sup> thereby allowing their market makers to roll over monies from month to month without making the disbursements provided for by their respective programs. Therefore, the Exchange believes that providing a cap of \$250,000 is equitable and reasonable as it would allow the Exchange to monitor the impact of the cap on a Market Maker's allocation of marketing fees without inappropriately limiting a Market Maker's ability to carry over funds from month to month.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed amendments to its fee schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or its competitors. Additionally, Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. The Exchange believes that its proposed marketing fee cap, which is similar to marketing fee caps in place on other options exchanges,<sup>11</sup> will enhance the Exchange's competitive position by resulting in increased liquidity on the Exchange, thereby providing more of an opportunity for customers to receive best executions.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its marketing fee program to institute a monthly cap of \$250,000 on undisbursed funds and reimburse excess funds on a pro-rata basis, as further described below.

The Exchange assesses a marketing fee to all Market Makers for contracts they execute in their assigned classes when the contra-party to the execution is a Customer.<sup>6</sup> The marketing fee is charged only in a Market Maker's assigned classes because it is in these classes that the Market Maker has the general obligation to attract order flow to the

Exchange. Each Primary Market Maker (“PMM”)<sup>7</sup> and Directed Market Maker (“DMM”)<sup>8</sup> has a marketing fee pool into which the Exchange will deposit the applicable per-contract marketing fee. For orders directed to DMMs, the applicable marketing fees are allocated to the DMM pool. For non-directed orders, the applicable marketing fees are allocated to the PMM pool. All Market Makers that participated in such transaction will pay the applicable marketing fees to the Exchange, which allocates such funds to the Market Maker that controls the distribution of the marketing fee pool. Each month the Market Maker provides instruction to the Exchange describing how the Exchange is to distribute the marketing fees in the pool to the order flow provider, who submit as agent, Customer orders to the Exchange.

The Exchange proposes to now require that the total balance of the undisbursed marketing fees for a PMM pool and DMM pool cannot exceed \$250,000. When the pool balance exceeds this threshold level, the Exchange will rebate funds proportionately to those who have paid the marketing fee during the preceding month. As proposed, each month, undisbursed marketing fees in excess of \$250,000 will be reimbursed to the Market Makers that contributed to the pool based upon a one month look back and their pro-rata portion of the entire amount of marketing fee collected during that month. The Exchange will closely monitor the levels of the cap to ensure that there are adequate funds available to Market Makers to be competitive. The Exchange believes the

proposed cap and reimbursement process would assist Market Makers in better managing their respective marketing fee pools and incentivize them to allocate those funds to order flow providers accordingly on a monthly basis.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>9</sup> Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>10</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls.

The Exchange notes that the U.S. options markets are highly competitive, and the marketing fee is intended to provide an incentive for Market Makers to enter into marketing agreements with Members so that they will provide order flow to the Exchange. The marketing fee is charged only in a Market Maker's assigned classes because it is in these classes that the Market Maker has the general obligation to attract order flow to the Exchange.

The Exchange believes that the proposed amendments to its marketing fee program, which is similar to marketing fee programs that have previously been

<sup>10</sup> 15 U.S.C. 78f(b)(4).

implemented on other options exchanges,<sup>11</sup> will enhance the Exchange's competitive position and will result in increased liquidity on the Exchange, thereby providing more of an opportunity for customers to receive best executions. In addition, the proposed cap and reimbursement process would assist Market Makers in better managing their respective marketing fee pools and incentivize them to allocate those funds to order flow providers accordingly on a monthly basis. The Exchange notes that most options exchange's that administer a marketing fee program do not cap the monthly contributions,<sup>12</sup> thereby allowing their market makers to roll over monies from month to month without making the disbursements provided for by their respective programs. Therefore, the Exchange believes that providing a cap of \$250,000 is equitable and reasonable as it would allow the Exchange to monitor the impact of the cap on a Market Maker's allocation of marketing fees without inappropriately limiting a Market Maker's ability to carry over funds from month to month.
