If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act” or “Exchange Act”),¹ and Rule 19b-4 thereunder,² EDGX Exchange, Inc. (“EDGX” or the “Exchange”) proposes to amend its rules to: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt three new Time-in-Force (“TIF”) instructions.³

The text of the proposed rule change is attached as Exhibit 5. Text proposed to be added is underlined. Text proposed to be deleted is enclosed in brackets.

(b) Inapplicable.

(c) Inapplicable.

2. Procedures of the Self-Regulatory Organization

The Exchange submits the proposed rule change pursuant to authority delegated by the Board of Directors of the Exchange on February 11, 2014. Exchange staff will advise the Exchange’s Board of Directors of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change and, therefore, the

³ The Exchange notes that its affiliates, BATS Exchange, Inc. (“BZX”) and BATS Y-Exchange, Inc. (“BYX”) also intend to file proposed rule changes with the Commission to amend their rules to also: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt identical TIF instructions.. The Exchange further notes that the proposed rule change would operate in an identical manner to that proposed by BZX and BYX and the language of the BZX, BYX and Exchange Rules would differ to the extent necessary to conform with existing Exchange rule text or to account for details or descriptions included in the Exchange Rules but not currently included in BZX or BYX rules based on the current structure of such rules.

Exchange's internal procedures with respect to the proposed change are complete.

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend its rules to: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt three new TIF instructions.

Early Trading Session

The Exchange trading day is currently divided into three sessions of which a User⁴ may select their order(s) be eligible for execution: (i) the Pre-Opening Session which starts at 8:00 a.m. and ends at 9:30 a.m. Eastern Time; (ii) Regular Trading Hours which runs from 9:30 a.m. to 4:00 p.m. Eastern Time; and (iii) the Post-Closing Session, which runs from 4:00 p.m. to 8:00 p.m. Eastern Time. The Exchange proposes to amend its rules to create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time.⁵ Exchange Rule 1.5 would be

⁴ "User" is defined as "any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3." See Exchange Rule 1.5(ee).

⁵ The Exchange notes that NYSE Arca, Inc. ("NYSE Arca") operates an Opening Session that starts at 4:00 a.m. Eastern Time (1:00 a.m. Pacific Time) and ends at 9:30 a.m. Eastern Time (6:30 a.m. Pacific Time). See NYSE Arca Rule 7.34(a)(1). The Nasdaq Stock Market LLC ("Nasdaq") operates a pre-market

amended to add a new definition for the term “Early Trading Session” under new paragraph (ii). “Early Trading Session” would be defined as “the time between 7:00 a.m. and 8:00 a.m. Eastern Time.”⁶

The Exchange also proposes to amend Rule 11.1(a) to account for the Early Trading Session starting at 7:00 a.m. Eastern Time. Other than the proposal to adopt an Early Trading Session starting at 7:00 a.m. Eastern Time, the Exchange does not propose to amend the substance or operation of Rule 11.1(a).

Users currently designate when their orders are eligible for execution by selecting the desired TIF instruction under Exchange Rule 11.6(q). Orders entered between 6:00 a.m. and 8:00 a.m. Eastern Time are not eligible for execution until the start of the Pre-Opening Session, or Regular Trading Hours,⁷ depending on the TIF selected by the User. Users may enter orders in advance of the trading session they intend the order to be eligible for. For example, Users may enter orders starting at 6:00 a.m. Eastern Time with a TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours.⁸ As stated above, Users may enter orders as

session that also opens at 4:00 a.m. and ends at 9:30 a.m. Eastern Time. See Nasdaq Rule 4701(g). See also Securities Exchange Act Release No. 69151 (March 15, 2013), 78 FR 17464 (March 21, 2013) (SR-Nasdaq-2013-033) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Pre-Market Hours of the Exchange to 4:00 a.m. EST).

⁶ An Exchange having bifurcated after hours trading sessions is not novel. For example, the Chicago Stock Exchange, Inc. (“CHX”) maintains two after hours trading sessions. See CHX Article 20, Rule 1(b). See also Securities Exchange Act Release No. 60605 (September 1, 2009), 74 FR 46277 (September 8, 2009) (SR-CHX-2009-13) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Adding Additional Trading Sessions).

⁷ “Regular Trading Hours” is defined as “the time between 9:30 a.m. and 4:00 p.m. Eastern Time.” See Exchange Rule 1.5(y).

⁸ See Exchange Rule 11.6(q)(6).

early as 6:00 a.m. Eastern Time, but those orders would not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Some Users have requested the ability for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. Therefore, the Exchange is proposing to adopt the Early Trading Session as discussed herein.

Order entry and execution during the Early Trading Session would operate in the same manner as it does during the Pre-Opening Session. As amended, Exchange Rule 11.1(a)(1) would state that orders entered between 6:00 a.m. and 7:00 a.m. Eastern Time, rather than 6:00 a.m. and 8:00 a.m. Eastern Time, would not be eligible for execution until the start of the Early Trading Session, Pre-Opening Session, or Regular Trading Hours, depending on the TIF selected by the User. Exchange Rule 11.1(a)(1) will also be amended to state that the Exchange will not accept the following orders prior to 7:00 a.m. Eastern Time, rather than 8:00 a.m.: orders with a Post Only instruction,⁹ Intermarket Sweep Orders (“ISOs”),¹⁰ Market Orders¹¹ with a TIF other than Regular Hours Only, orders with a Minimum Execution Quantity instruction¹² that also include a TIF of Regular Hours Only, and all orders with a TIF instruction of Immediate-or-Cancel (“IOC”)¹³ or Fill-or-Kill (“FOK”).¹⁴ At the commencement of the Early Trading Session, orders entered between 6:00 a.m. and 7:00 a.m. Eastern Time, rather than 6:00 a.m. and 8:00 a.m. Eastern Time, will be handled in time sequence, beginning with the

order with the oldest time stamp, and will be placed on the EDGX Book,¹⁵ routed, cancelled, or executed in accordance with the terms of the order. As amended, Rule 11.1(a) would state that orders may be executed on the Exchange or routed away from the Exchange during Regular Trading Hours and during the Early Trading, Pre-Opening, Regular and Post Closing Sessions.

Operations. From the Members' operational perspective, the Exchange's goal is to permit trading for those that choose to trade, without imposing burdens on those that do not. Thus, for example, the Exchange will not require any Member to participate in the Early Trading Session, including not requiring registered market makers to make two-sided markets between 7:00 a.m. and 8:00 a.m., just as it does not require such participation between 8:00 a.m. and 9:30 a.m.¹⁶ The Exchange will minimize Members' preparation efforts to the greatest extent possible by allowing Members to trade beginning at 7:00 a.m. with the same equipment, connectivity, order types, and data feeds they currently use from 8:00 a.m. onwards.

Opening Process. The Exchange will offer no opening process at 7:00 a.m., just as it offers no opening process at 8:00 a.m. today. Instead, at 7:00 a.m., the System will "wake up" by loading in price/time priority all open trading interest entered after 6:00 a.m.¹⁷ Also at 7:00 a.m., the Exchange will open the execution system and accept new eligible orders, just as it currently does at 8:00 a.m. Members will be permitted to enter

orders beginning at 6:00 a.m. Market Makers will be permitted but not required to open their quotes beginning at 7:00 a.m. in the same manner they open their quotes today beginning at 8:00 a.m.

Order Types. Every order type that is currently available beginning at 8:00 a.m. will be available beginning at 7:00 a.m.¹⁸ All other order types, and all order type behaviors, will otherwise remain unchanged. The Exchange will not extend the expiration times of any orders. For example, an order that is currently available from 8:00 a.m. to 4:00 p.m. will be modified to be available from 7:00 a.m. to 4:00 p.m. An order that is available from 8:00 a.m. to 9:30 a.m. will be modified to be available from 7:00 a.m. to 9:30 a.m. Users must continue to enter a TIF instruction along with their order to indicate when the order is eligible for execution.¹⁹

Routing Services. The Exchange will route orders to away markets between 7:00 a.m. and 8:00 a.m., just as it does today between 8:00 a.m. and 9:30 a.m.²⁰ All routing strategies set forth in Exchange Rule 11.11 will remain otherwise unchanged, performing the same instructions they perform between 7:00 a.m. and 8:00 a.m. today.²¹

Order Processing. Order processing will operate beginning at 7:00 a.m. just as it does today beginning at 8:00 a.m. There will be no changes to the ranking, display, and execution processes or rules.

²¹ See Exchange Rule 11.11 (Routing to Away Trading Centers).

Data Feeds. The Exchange will report the best bid and offer on the Exchange to the appropriate network processor, as it currently does beginning 8:00 a.m.²² The Exchange's proprietary data feeds will be disseminated beginning at 7:00 a.m. using the same formats and delivery mechanisms with which the Exchange currently disseminates them beginning at 8:00 a.m.

Trade Reporting. Trades executed between 7:00 a.m. and 8:00 a.m. will be reported to the appropriate network processor with the ".T" modifier, just as they are reported today between at 8:00 a.m. and 9:30 a.m.²³

Market Surveillance. The Exchange's commitment to high-quality regulation at all times will extend to 7:00 a.m. The Exchange will offer all surveillance coverage currently performed by the Exchange's surveillance systems, which will launch by the time trading starts at 7:00 a.m.

Clearly Erroneous Trade Processing. The Exchange will process trade breaks beginning at 7:00 a.m. pursuant to Exchange Rule 11.15, just as it does today beginning at 8:00 a.m.

Related changes to Rules 3.21, 11.8, 11.10, 11.15, 14.1, 14.2 and 14.3. The Exchange proposes to also make the following changes to Rules 3.21, 11.8, 11.10, 11.15, 14.1, 14.2 and 14.3 to reflect the adoption of the Early Trading Session:

- Rule 3.21, Customer Disclosures. In sum, Exchange Rule 3.21 prohibits Members from accepting an order from a customer for execution in the Pre-Opening or Post-Closing Session without disclosing to their customer

²³ Id.

that extended hours trading involves material trading risks, including the possibility of lower liquidity, high volatility, changing prices, unlinked markets, an exaggerated effect from news announcements, wider spreads and any other relevant risk. The Exchange proposes to amend Rule 3.21 to include the Early Trading Session as part of the Member's required disclosures to their customers.

- Rule 11.8, Orders and Modifiers. The Exchange proposes to amend the description of Limit Orders under Rule 11.8(b), ISOs under Rule 11.8(c), MidPoint Peg Orders under Rule 11.8(d), and Supplemental Peg Orders under Rule 11.8(f) to account for the Early Trading Session.²⁴ As stated above, every order type that is currently available beginning at 8:00 a.m. will be available beginning at 7:00 a.m. for inclusion in the Early Trading Session.²⁵ All other order types, and all order type behaviors, will otherwise remain unchanged. Therefore, but for Market Orders under Rule 11.8(a) and Market Maker Peg Orders under Rule 11.8(e), each of the above rules for Limit Orders, ISOs, MidPoint Peg Orders, and Supplemental Peg Orders would be amended to state that those orders types are available during the Early Trading Session. Market Orders and

²⁴ The Exchange notes that the proposed rule change would operate in an identical manner to that proposed in SR-BATS-2016-01 and the language of the BATS and Exchange Rules differ to extent necessary to conform with existing Exchange rule text or to account for details or descriptions included in the Exchange Rules but not currently included in BATS rules based on the current structure of such rules. See supra note 3.

²⁵ See proposed amendments to Exchange Rule 11.1(a).

Market Maker Peg Orders would not be eligible for execution during the Early Trading Session. Market Orders are only eligible for execution during the Regular Session.²⁶ Market Maker Peg Orders may currently be submitted to the Exchange starting at the beginning of the Pre-Opening Session, but the order will not be executable or automatically priced until the beginning of Regular Trading Hours. Rule 11.8(e)(7) would be amended to state that Market Maker Peg Orders may be submitted to the Exchange starting at the beginning of the Early Trading Session. Market Maker Peg Orders would continue to not be executable or automatically priced until after the first regular way transaction on the listing exchange in the security, as reported by the responsible single plan processor.

- Rule 11.10, Order Execution and Routing. Exchange Rule 11.10(a)(2) discusses compliance with Regulation NMS and Trade Through Protections and states that the price of any execution occurring during the Pre-Opening Session or the Post-Closing Session must be equal to or better than the highest Protected Bid or lowest Protected Offer, unless the order is marked ISO or a Protected Bid is crossing a Protected Offer. The Exchange proposes to amend Rule 11.10(a)(2) to expand the rule's requirements to the Early Trading Session.
- Rule 11.15, Clearly Erroneous Executions. Exchange Rule 11.15 outlines under which conditions the Exchange may determine that an execution is clearly erroneous. The Exchange proposes to amend Rule 11.15 to

²⁶ See Exchange Rule 11.8(a)(5).

include executions that occur during the Early Trading Session. Exchange Rule 11.15(c)(1) sets forth the numerical guidelines the Exchange is to follow when determining whether an execution was clearly erroneous during Regular Trading Hours or the Pre-Opening or Post-Closing Trading Session. Exchange Rule 11.15(c)(3) sets forth additional factors the Exchange may consider in determining whether a transaction is clearly erroneous. These factors include Pre-Opening and Post-Closing Trading Session executions. The Exchange proposes to amend Rule 11.15(c)(1) and (3) to include executions occurring during the Early Trading Session.

- Rule 14.1, Unlisted Trading Privileges. The Exchange proposes to amend Rules 14.1(c)(2), and Interpretation and Policies .01(a) and (b) to account for the proposed Early Trading Session. Specifically, the Exchange proposes to amend paragraph (c)(2) to state that an information circular distributed by the Exchange prior to the commencement of trading of a UTP Derivative Security²⁷ will include the risk of trading during the Early Trading Session, in addition to the Pre-Opening Session and Post-Closing Trading Session. In addition, the Exchange proposes to amend Interpretation and Policies .01(a) to add Early Trading Session to the paragraph's title and to state that if a UTP Derivative Security begins trading on the Exchange in the Early Trading Session or Pre-Opening Session and subsequently a temporary interruption occurs in the calculation or wide dissemination of the Intraday Indicative Value ("IIV")

²⁷ See Exchange Rule 14.1(c).

or the value of the underlying index, as applicable, to such UTP Derivative Security, by a major market data vendor, the Exchange may continue to trade the UTP Derivative Security for the remainder of the Early Trading Session and Pre-Opening Session. Lastly, the Exchange proposes to amend Interpretation and Policies .01(b) to add Early Trading Session to the paragraph's title and to amend subparagraph (2) of that section to state that if the IIV or the value of the underlying index continues not to be calculated or widely available as of the commencement of the Early Trading Session or Pre-Opening Session on the next business day, the Exchange shall not commence trading of the UTP Derivative Security in the Early Trading Session or Pre-Opening Session that day.

- Rule 14.2, Investment Company Units. The Exchange proposes to amend Rule 14.2(g) to state that transactions in Investment Company Units may occur during the Early Trading Session, in addition to during Regular Trading Hours and the Pre-Opening and Post Closing Sessions.
- Rule 14.3, Trust Issued Receipts. The Exchange proposes to amend Rule 14.3(d) to state that transactions in Trust Issued Receipts may occur during the Early Trading Session, in addition to during Regular Trading Hours and the Pre-Opening and Post-Closing Sessions.

TIF Instructions

The Exchange proposes to adopt three new TIF instructions under Rule 11.6(q).²⁸ Under Rule 11.1(a)(1), a User may designate when their order is eligible for execution by selecting the desired TIF instruction under Exchange Rule 11.6(q). Currently, orders entered between 6:00 a.m. and 8:00 a.m. Eastern Time are not eligible for execution until the start of the Pre-Opening Session, or Regular Trading Hours, depending on the TIF selected by the User. Users may enter orders in advance of the trading session they intend the order to be eligible for. For example, Users may enter orders starting at 6:00 a.m. Eastern Time with a TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours.²⁹ As stated above, Users may enter orders as early as 6:00 a.m. Eastern Time, but those orders would not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m.

As discussed above, the Exchange proposed the Early Trading Session in response to User requests for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. Some Users, however, do not wish for their orders to be executed during the Early Trading Session and have requested their orders continue to not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Therefore, the Exchange proposes to adopt the following three new TIF instructions under Rule 11.6(q):

- Pre-Opening Session Plus (“PRE”). A limit order that is designated for execution during the Pre-Opening Session and Regular Trading Hours.

²⁸ The Exchange also proposes to amend the descriptions of GTD under Rule 11.6(q)(4) and GTX under Rule 11.6(q)(5) to replace incorrect references to the Post-Market Session with Post-Closing Session, as Post-Closing Session is the correct defined term under Exchange Rule 1.5(r).

²⁹ See Exchange Rule 11.6(q)(6).

Like the current Day TIF instruction,³⁰ any portion not executed expires at the end of Regular Trading Hours.

- Pre-Opening Session ‘til Extended Day (“PTX”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Like the current Good-‘til Extended Day (“GTX”) TIF instruction,³¹ any portion not executed expires at the end of the Post-Closing Session.
- Pre-Opening Session ‘til Day (“PTD”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Like the current Good-‘til Day (“GTD”) TIF instruction,³² any portion not executed will be cancelled at the expiration time assigned to the order, which can be no later than the close of the Post-Closing Trading Session.

Under each proposed TIF instruction, Users may designate that their orders only be eligible for execution starting with the Pre-Opening Session. This is similar to the existing TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours, which starts at 9:30 a.m. Eastern Time. In such case, a User may enter orders starting at 6:00 a.m. Eastern Time, but such order would not be eligible for execution until 9:30 a.m. Eastern Time. Likewise, under each of the

³⁰ See Exchange Rule 11.6(q)(2). This is also similar to the current Good-‘til Cancel (“GTC”) TIF instruction currently available on BZX and the BATS Y-Exchange, Inc. (“BYX”). See BZX and BYX Rules 11.9(b)(3).

³¹ See Exchange Rule 11.6(q)(5).

³² See Exchange Rule 11.6(q)(4).

proposed TIF instructions, a User may continue to enter orders as early as 6:00 a.m., but such orders would not be eligible for execution until 8:00 a.m. Eastern Time, the start of the Pre-Opening Session.³³ At the commencement of the Pre-Opening Session, orders entered between 6:00 a.m. and 8:00 a.m. Eastern Time with one of the proposed TIF instructions will be handled in time sequence, beginning with the order with the oldest time stamp, and will be placed on the EDGX Book, routed, cancelled, or executed in accordance with the terms of the order.³⁴

Lastly, the Exchange proposes to amend the following order types under Exchange Rule 11.8 to account for the three proposed TIF instructions:³⁵

- Market Orders. The proposed TIF instruction of PRE, PTX, and PTD would not be available to Market Orders. Under Exchange Rule 11.8(a)(2), a Market Order may only include a TIF instruction of IOC, RHO, FOK, or Day.
- Limit Orders. Rule 11.8(b)(2) describes the TIF instructions that may be attached to a Limit Order. The Exchange proposes to amend paragraph (b)(2) to add the TIF instructions of PRE, PTX, or PTD to the list of TIF instructions that a Limit Order may include.

³³ Orders utilizing one of the proposed TIF instructions would not be eligible for execution during the proposed Early Trading Session.

³⁴ See Exchange Rule 11.1(a).

³⁵ The Exchange notes that the proposed rule change would operate in an identical manner to that proposed in SR-BATS-2016-01 and the language of the BATS and Exchange Rules differ to extent necessary to conform with existing Exchange rule text or to account for details or descriptions included in the Exchange Rules but not currently included in BATS rules based on the current structure of such rules. See supra note 3.

- ISOs. Rule 11.8(c)(1) describes the TIF instructions that may be attached to an incoming ISO. The Exchange proposes to amend paragraph (c)(1) to state that an incoming ISO may have a TIF instruction of PRE, PTX, or PTD, in addition to Day, GTD, RHO, GTX, and IOC. Exchange Rule 11.8(c)(1) would be further amended to state that an incoming ISO with a Post Only and TIF instruction of PRE, PTX, or PTD, like those with an TIF instruction or GTD, GTX, or Day, will be cancelled without execution if, when entered, it is immediately marketable against an order with a Displayed instruction resting in the EDGX Book unless such order removes liquidity pursuant to Exchange Rule 11.6(n)(4).³⁶
- MidPoint Peg Orders. Rule 11.8(d)(1) describes the TIF instructions that may be attached to a MidPoint Peg Order. The Exchange proposes to amend paragraph (d)(1) to state that a MidPoint Peg Order may have a TIF instruction of PRE, PTX, or PTD, in addition to Day, FOK, IOC, RHO, GTX and GTD.
- Market Maker Peg Orders. The proposed TIF instruction of PRE, PTX, and PTD would not be available to Market Maker Peg Orders. Under Exchange Rule 11.8(e)(4), a Market Maker Peg Order may only include a TIF instruction of Day, RHO, or GTD.

³⁶ Exchange Rule 11.6(n)(4) defined the Post Only instruction and states, in sum, that an order with a Post Only instruction and a Display-Price Sliding or Price Adjust instruction will remove contra-side liquidity from the EDGX Book if the order is an order to buy or sell a security priced below \$1.00 or if the value of such execution when removing liquidity equals or exceeds the value of such execution if the order instead posted to the EDGX Book and subsequently provided liquidity, including the applicable fees charged or rebates provided.

- Supplemental Peg. Rule 11.8(f)(1) describes the TIF instructions that may be attached to a Supplemental Peg Order. The Exchange proposes to amend paragraph (f)(1) to state that a Supplemental Peg Order may have a TIF instruction of PRE, PTX, or PTD, in addition to GTD, GTX, RHO and Day.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,³⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,³⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest. The Exchange also believes that the proposed rule change is non-discriminatory as it would apply to all Members uniformly. The proposed rule change in whole is designed to attract more order flow to the Exchange between 7:00 a.m. and 9:30 a.m. Eastern Time. Increased liquidity during this time will lead to improved price discovery and increased execution opportunities on the Exchange, therefore, promoting just and equitable principles of trade, and removing impediments to and perfecting the mechanism of a free and open market and a national market system.

Early Trading Session

The Exchange believes its proposal to adopt the Early Trading Session promotes just and equitable principles of trade, removes impediments to and perfects the

³⁷ 15 U.S.C. 78f.

³⁸ 15 U.S.C. 78f(b)(5).

mechanism of a free and open market and a national market system, prevents fraudulent and manipulative acts and practices, and, in general, protects investors and the public interest. The Exchange believes that the Early Trading Session will benefit investors, the national market system, Members, and the Exchange market by increasing competition for order flow and executions, and thereby spur product enhancements and lower prices. The Early Trading Session will benefit Members and the Exchange market by increasing trading opportunities between 7:00 a.m. and 8:00 a.m. without increasing ancillary trading costs (telecommunications, data, connectivity, etc.) and, thereby, decreasing average trading costs per share. The Exchange notes that trading during the proposed Early Trading Session has been available on NYSE Arca and Nasdaq.³⁹ The Exchange believes that the availability of trading between 7:00 a.m. and 8:00 a.m. has been beneficial to market participants including investors and issuers on other markets. Introduction of the Early Trading Session on the Exchange will further expand these benefits.

Additionally, the Exchange Act's goal of creating an efficient market system includes multiple policies such as price discovery, order interaction, and competition among markets. The Exchange believes that offering a competing trading session will promote all of these policies and will enhance quote competition, improve liquidity in the market, support the quality of price discovery, promote market transparency, and increase competition for trade executions while reducing spreads and transaction costs.

Additionally, increasing liquidity during the Early Trading Session will raise investors'

³⁹ See supra note 5.

confidence in the fairness of the markets and their transactions, particularly due to the lower volume of trading occurring prior to opening.

Although the Exchange will be operating with bifurcated pre-opening trading sessions, the Exchange notes that having bifurcated after hours trading sessions is not novel. For example, the CHX maintains two after hours trading sessions,⁴⁰ the Late Trading Session, which runs from 4:00 p.m. to 4:15 p.m. Eastern Time, and the Late Crossing Session, which runs from 4:15 p.m. to 5:00 Eastern Time. As such, the Exchange does not believe that the proposed rule change will disproportionately increase the complexity of the market.

The expansion of trading hours through the creation of the Early Trading Session promotes just and equitable principles of trade by providing market participants with additional options in seeking execution on the Exchange. Order entry and execution during the Early Trading Session would operate in the same manner as it does today during the Pre-Opening Session. In addition, the Exchange will report the best bid and offer on the Exchange to the appropriate network processor, and the Exchange's proprietary data feeds will be disseminated, beginning at 7:00 a.m. The proposal will, therefore, facilitate a well-regulated, orderly, and efficient market during a period of time that is currently underserved.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices because all surveillance coverage currently performed by the Exchange's surveillance systems will launch by the time trading starts at 7:00 a.m. Eastern Time. Further, the Exchange believes that the

⁴⁰ See supra note 6.

proposed rule change will protect investors and the public interest because the Exchange is updating its customer disclosure requirements to prohibit Members from accepting an order from a customer for execution in the Early Trading Session without disclosing to their customer that extended hours trading involves material trading risks, including the possibility of lower liquidity, high volatility, changing prices, unlinked markets, an exaggerated effect from news announcements, wider spreads and any other relevant risk.

TIF Instructions

The Exchange believes its proposed TIF instructions promote just and equitable principles of trade, and remove impediments to and perfect the mechanism of a free and open market and a national market system. The Exchange believes that the proposed TIF instructions will benefit investors by providing them with greater control over their orders. The proposed TIF instructions simply provide investors with additional optionality for when their orders may be eligible for execution.

In addition, Members will maintain the ability to cancel or modify the terms of their order at any time, including during the time from when the order is routed to the Exchange until the start of the Pre-Opening Session. As a result, a Member who utilizes the proposed TIF instructions, but later determines that market conditions favor execution during Early Trading Session, can cancel the order residing at the Exchange and enter a separate order to execute during the Early Trading Session.

The ability to select the trading sessions or time upon which an order is to be eligible for execution is not novel and is currently available on the Exchange and other market centers. For example, on the Exchange, a User may enter an order starting at 6:00 a.m. Eastern Time and select that such order not be eligible for execution until 9:30 a.m.,

the start of Regular Trading Hours using TIF instructions of Regular Hours Only.⁴¹ In addition, like each of the proposed TIF instructions, Nasdaq utilizes a TIF, referred to as ESCN, under which an order using its SCAN routing strategy entered prior to 8:00 a.m. Eastern Time is not eligible for execution until 8:00 a.m. Eastern Time.⁴²

The Exchange proposed the Early Trading Session discussed above in response to User requests for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. However, some Users have requested their orders continue to not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Therefore, the Exchange proposed the three new TIF instructions in order for Users to designate their orders as eligible for execution as of the start of the Pre-Opening Session.

Members will maintain the ability to cancel or modify the terms of their order at any time, including during the time from when the order is routed to the Exchange until the start of the Pre-Opening Session. As a result, a Member who utilizes the proposed TIF instructions, but later determines that market conditions favor execution during Early Trading Session, can cancel the order residing at the Exchange and enter a separate order to execute during the Early Trading Session. While a User must make every effort to execute a marketable customer order it receives fully and promptly,⁴³ doing so might not result in the best execution possible for the customer. Such Users may wish to delay the execution of their orders until the start of the Pre-Opening Session for various reasons,

⁴¹ See Exchange Rule 11.6(q)(6). See also Nasdaq Rule 4703(a) (outlining TIF instructions that do not activate orders until 9:30 a.m. Eastern Time).

⁴² See Nasdaq Rule 4703(a). See also Nasdaq Rule 4703(a)(7).

⁴³ See Supplemental Material .01 to Financial Industry Regulatory Authority, Inc. (“FINRA”) Rule 5310.

including the characteristics of the market for the security as well as the amount of liquidity available in the market as part of their best execution obligations.⁴⁴

Specifically, FINRA Rule 5310(a)(1) provides that a Member must use reasonable diligence to ascertain the best market for a security and buy or sell in such market so that the resultant price to the customer is as favorable as possible under prevailing market conditions. And importantly, FINRA Rule 5310(a)(1)(A) states that one of the factors that will be considered in determining whether a member has used “reasonable diligence” is “the character of the market for the security (e.g., price, volatility, relative liquidity, and pressure on available communication).⁴⁵ As such, a Member conducting “reasonable diligence” may determine that due to the character of the Early Trading Session, along with considering other relevant factors, the Member wants to utilize the proposed TIF instructions.

Members will be accustomed to this additional analysis in determining whether to participate in the Early Trading Session, Pre-Opening Session, or Regular Trading Hours. The regulatory guidance with respect to best execution anticipates the continued evolution of execution venues:

⁴⁴ A Member’s best execution obligation may also include cancelling an order when market conditions deteriorate and could result in an inferior execution or informing customers where the execution of their order may be delayed intentionally as the Member utilizes reasonable diligence to ascertain the best market for the security. See FINRA Rule 5130. See also FINRA Regulatory Notice 15-46, Best Execution. Guidance on Best Execution Obligations in Equity, Options, and Fixed Income Markets, (November 2015).

⁴⁵ Tellingly, these characteristics are reflected in the disclosure requirements mandated by Exchange Rule 3.21 before a Member may accept an order from a customer for execution in the Pre-Opening, Post-Closing, and proposed Early Trading Sessions.

[B]est execution is a facts and circumstances determination. A broker-dealer must consider several factors affecting the quality of execution, including, for example, the opportunity for price improvement, the likelihood of execution . . . , the speed of execution and the trading characteristics of the security, together with other non-price factors such as reliability and service.⁴⁶

To the extent there may be best execution obligations at issue, they are no different than the best execution obligations faced by brokers in the current market structure,⁴⁷ including the use of the currently available Regular Trading Hours TIF instruction or SCAN/ESCN routing strategy available on Nasdaq discussed above.⁴⁸ However, similar to why a Member may utilize the Regular Trading Hours TIF instruction, a User may wish to forgo a possible execution during the Early Trading Session and/or Pre-Opening Session if they believe doing so is consistent with their best execution obligations as they anticipate that the market for the security may improve upon the start of the Pre-Opening Session and/or Regular Trading Hours.⁴⁹ Applicable

⁴⁶ See Securities Exchange Act Release No. 43950 (November 17, 2000), 65 FR 75414 (December 1, 2000) (“Disclosure of Order Execution and Routing Practices release”).

⁴⁷ The Commission has also indicated a User’s best execution obligation may not be satisfied simply by obtaining the best bid or offer (“BBO”). See Securities Exchange Act Release No. 37619A (September 6, 1996), 61 FR 48290 (September 12, 1996) (“Order Executions Obligations release”). While a User may seek the most favorable terms reasonably available under the circumstances of the transaction, such terms may not necessarily in every case be the best price available. *Id.* See also FINRA Regulatory Notice 15-46, Best Execution. Guidance on Best Execution Obligations in Equity, Options, and Fixed Income Markets, (November 2015).

⁴⁸ See *supra* note 42.

⁴⁹ Exchange Rule 3.21 requires Member make certain disclosures to their customers prior to accepting an order for execution outside of Regular Trading Hours. These disclosures include, among other things, the risk of lower liquidity, higher volatility, wider spreads, and changing prices in extended hours trading as compared to regular market hours. See Exchange Rule 3.21(a) – (g).

best execution guidance contains no formulaic mandate as to whether or how brokers should direct orders. The optionality created by the proposed rule change simply represents one tool available to Members in order to meet their best execution obligations.

Lastly, the Exchange reminds Members of their regulatory obligations when submitting an order one of the proposed TIF instructions. The Market Access Rule under Rule 15c3-5 of the Act requires broker-dealers to, among other things, implement regulatory risk management controls and procedures that are reasonably designed to prevent the entry of orders that fail to comply with regulatory requirements that apply on a pre-order entry basis.⁵⁰ These pre-trade controls must, for example, be reasonably designed to assure compliance with Exchange trading rules and Commission rules under Regulation SHO⁵¹ and Regulation NMS.⁵² In accordance with the Market Access Rule, a Member's procedures must be reasonably designed to ensure compliance with their applicable regulatory requirements, not just at the time the order is routed to the Exchange, but also at the time the order becomes eligible for execution.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that its proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will benefit investors,

⁵⁰ See Securities Exchange Act Release No. 63241 (November 3, 2010), 75 FR 69792 (November 15, 2010) (File no. S7-03-10).

the national market system, Members, and the Exchange market by increasing competition for order flow and executions during the pre-market sessions, thereby spurring product enhancements and lowering prices. The Exchange believes the proposed Early Trading Session would enhance competition by enabling the Exchange to directly compete with NYSE Arca and Nasdaq for order flow and executions starting at 7:00 a.m., rather than 8:00 a.m. Eastern Time. In addition, the proposed TIF instructions will enhance competition by enabling the Exchange to offer functionality similar to Nasdaq.⁵³ The fact that the extending of the proposed Early Trading Session and TIF instructions are themselves a response to the competition provided by other markets is evidence of its pro-competitive nature.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

SECURITIES AND EXCHANGE COMMISSION

(Release No. 34-_____; File No. SR-EDGX-2016-06)

Self-Regulatory Organizations; EDGX Exchange, Inc.; Notice of Filing of a Proposed Rule Change to Adopt an Early Trading Session and Three New Time-in-Force Instructions

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on _____, EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend its rules to: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt three new Time-in-Force (“TIF”) instructions.³

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Exchange notes that its affiliates, BATS Exchange, Inc. (“BZX”) and BATS Y-Exchange, Inc. (“BYX”) also intend to file proposed rule changes with the Commission to amend their rules to also: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt identical TIF instructions.. The Exchange further notes that the proposed rule change would operate in an identical manner to that proposed by BZX and BYX and the language of the BZX, BYX and Exchange Rules would differ to the extent necessary to conform with existing Exchange rule

The text of the proposed rule change is available at the Exchange's website at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its rules to: (i) create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time; and (ii) adopt three new TIF instructions.

Early Trading Session

The Exchange trading day is currently divided into three sessions of which a User⁴ may select their order(s) be eligible for execution: (i) the Pre-Opening Session which starts at 8:00 a.m. and ends at 9:30 a.m. Eastern Time; (ii) Regular Trading Hours

text or to account for details or descriptions included in the Exchange Rules but not currently included in BZX or BYX rules based on the current structure of such rules.

⁴ "User" is defined as "any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3." See Exchange Rule 1.5(ee).

which runs from 9:30 a.m. to 4:00 p.m. Eastern Time; and (iii) the Post-Closing Session, which runs from 4:00 p.m. to 8:00 p.m. Eastern Time. The Exchange proposes to amend its rules to create a new trading session to be known as the Early Trading Session, which will run from 7:00 a.m. to 8:00 a.m. Eastern Time.⁵ Exchange Rule 1.5 would be amended to add a new definition for the term “Early Trading Session” under new paragraph (ii). “Early Trading Session” would be defined as “the time between 7:00 a.m. and 8:00 a.m. Eastern Time.”⁶

The Exchange also proposes to amend Rule 11.1(a) to account for the Early Trading Session starting at 7:00 a.m. Eastern Time. Other than the proposal to adopt an Early Trading Session starting at 7:00 a.m. Eastern Time, the Exchange does not propose to amend the substance or operation of Rule 11.1(a).

Users currently designate when their orders are eligible for execution by selecting the desired TIF instruction under Exchange Rule 11.6(q). Orders entered between 6:00

⁵ The Exchange notes that NYSE Arca, Inc. (“NYSE Arca”) operates an Opening Session that starts at 4:00 a.m. Eastern Time (1:00 a.m. Pacific Time) and ends at 9:30 a.m. Eastern Time (6:30 a.m. Pacific Time). See NYSE Arca Rule 7.34(a)(1). The Nasdaq Stock Market LLC (“Nasdaq”) operates a pre-market session that also opens at 4:00 a.m. and ends at 9:30 a.m. Eastern Time. See Nasdaq Rule 4701(g). See also Securities Exchange Act Release No. 69151 (March 15, 2013), 78 FR 17464 (March 21, 2013) (SR-Nasdaq-2013-033) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Pre-Market Hours of the Exchange to 4:00 a.m. EST).

⁶ An Exchange having bifurcated after hours trading sessions is not novel. For example, the Chicago Stock Exchange, Inc. (“CHX”) maintains two after hours trading sessions. See CHX Article 20, Rule 1(b). See also Securities Exchange Act Release No. 60605 (September 1, 2009), 74 FR 46277 (September 8, 2009) (SR-CHX-2009-13) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Adding Additional Trading Sessions).

a.m. and 8:00 a.m. Eastern Time are not eligible for execution until the start of the Pre-Opening Session, or Regular Trading Hours,⁷ depending on the TIF selected by the User. Users may enter orders in advance of the trading session they intend the order to be eligible for. For example, Users may enter orders starting at 6:00 a.m. Eastern Time with a TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours.⁸ As stated above, Users may enter orders as early as 6:00 a.m. Eastern Time, but those orders would not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Some Users have requested the ability for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. Therefore, the Exchange is proposing to adopt the Early Trading Session as discussed herein.

Order entry and execution during the Early Trading Session would operate in the same manner as it does during the Pre-Opening Session. As amended, Exchange Rule 11.1(a)(1) would state that orders entered between 6:00 a.m. and 7:00 a.m. Eastern Time, rather than 6:00 a.m. and 8:00 a.m. Eastern Time, would not be eligible for execution until the start of the Early Trading Session, Pre-Opening Session, or Regular Trading Hours, depending on the TIF selected by the User. Exchange Rule 11.1(a)(1) will also be amended to state that the Exchange will not accept the following orders prior to 7:00 a.m. Eastern Time, rather than 8:00 a.m.: orders with a Post Only instruction,⁹ Intermarket

⁷ “Regular Trading Hours” is defined as “the time between 9:30 a.m. and 4:00 p.m. Eastern Time.” See Exchange Rule 1.5(y).

⁸ See Exchange Rule 11.6(q)(6).

⁹ See Exchange Rule 11.6(n)(4).

Sweep Orders (“ISOs”),¹⁰ Market Orders¹¹ with a TIF other than Regular Hours Only, orders with a Minimum Execution Quantity instruction¹² that also include a TIF of Regular Hours Only, and all orders with a TIF instruction of Immediate-or-Cancel (“IOC”)¹³ or Fill-or-Kill (“FOK”).¹⁴ At the commencement of the Early Trading Session, orders entered between 6:00 a.m. and 7:00 a.m. Eastern Time, rather than 6:00 a.m. and 8:00 a.m. Eastern Time, will be handled in time sequence, beginning with the order with the oldest time stamp, and will be placed on the EDGX Book,¹⁵ routed, cancelled, or executed in accordance with the terms of the order. As amended, Rule 11.1(a) would state that orders may be executed on the Exchange or routed away from the Exchange during Regular Trading Hours and during the Early Trading, Pre-Opening, Regular and Post Closing Sessions.

Operations. From the Members’ operational perspective, the Exchange’s goal is to permit trading for those that choose to trade, without imposing burdens on those that do not. Thus, for example, the Exchange will not require any Member to participate in the Early Trading Session, including not requiring registered market makers to make two-sided markets between 7:00 a.m. and 8:00 a.m., just as it does not require such

participation between 8:00 a.m. and 9:30 a.m.¹⁶ The Exchange will minimize Members' preparation efforts to the greatest extent possible by allowing Members to trade beginning at 7:00 a.m. with the same equipment, connectivity, order types, and data feeds they currently use from 8:00 a.m. onwards.

Opening Process. The Exchange will offer no opening process at 7:00 a.m., just as it offers no opening process at 8:00 a.m. today. Instead, at 7:00 a.m., the System will "wake up" by loading in price/time priority all open trading interest entered after 6:00 a.m.¹⁷ Also at 7:00 a.m., the Exchange will open the execution system and accept new eligible orders, just as it currently does at 8:00 a.m. Members will be permitted to enter orders beginning at 6:00 a.m. Market Makers will be permitted but not required to open their quotes beginning at 7:00 a.m. in the same manner they open their quotes today beginning at 8:00 a.m.

Order Types. Every order type that is currently available beginning at 8:00 a.m. will be available beginning at 7:00 a.m.¹⁸ All other order types, and all order type behaviors, will otherwise remain unchanged. The Exchange will not extend the expiration times of any orders. For example, an order that is currently available from 8:00 a.m. to 4:00 p.m. will be modified to be available from 7:00 a.m. to 4:00 p.m. An order that is available from 8:00 a.m. to 9:30 a.m. will be modified to be available from

¹⁶ See Exchange Rule 11.20(d)(2) (stating that for NMS stocks (as defined in Rule 600 under Regulation NMS) a Market Maker shall adhere to the pricing obligations established by this Rule during Regular Trading Hours).

7:00 a.m. to 9:30 a.m. Users must continue to enter a TIF instruction along with their order to indicate when the order is eligible for execution.¹⁹

Routing Services. The Exchange will route orders to away markets between 7:00 a.m. and 8:00 a.m., just as it does today between 8:00 a.m. and 9:30 a.m.²⁰ All routing strategies set forth in Exchange Rule 11.11 will remain otherwise unchanged, performing the same instructions they perform between 7:00 a.m. and 8:00 a.m. today.²¹

Order Processing. Order processing will operate beginning at 7:00 a.m. just as it does today beginning at 8:00 a.m. There will be no changes to the ranking, display, and execution processes or rules.

Data Feeds. The Exchange will report the best bid and offer on the Exchange to the appropriate network processor, as it currently does beginning 8:00 a.m.²² The Exchange's proprietary data feeds will be disseminated beginning at 7:00 a.m. using the same formats and delivery mechanisms with which the Exchange currently disseminates them beginning at 8:00 a.m.

Trade Reporting. Trades executed between 7:00 a.m. and 8:00 a.m. will be reported to the appropriate network processor with the ".T" modifier, just as they are reported today between at 8:00 a.m. and 9:30 a.m.²³

Market Surveillance. The Exchange's commitment to high-quality regulation at all times will extend to 7:00 a.m. The Exchange will offer all surveillance coverage currently performed by the Exchange's surveillance systems, which will launch by the time trading starts at 7:00 a.m.

Clearly Erroneous Trade Processing. The Exchange will process trade breaks beginning at 7:00 a.m. pursuant to Exchange Rule 11.15, just as it does today beginning at 8:00 a.m.

Related changes to Rules 3.21, 11.8, 11.10, 11.15, 14.1, 14.2 and 14.3. The Exchange proposes to also make the following changes to Rules 3.21, 11.8, 11.10, 11.15, 14.1, 14.2 and 14.3 to reflect the adoption of the Early Trading Session:

- Rule 3.21, Customer Disclosures. In sum, Exchange Rule 3.21 prohibits Members from accepting an order from a customer for execution in the Pre-Opening or Post-Closing Session without disclosing to their customer that extended hours trading involves material trading risks, including the possibility of lower liquidity, high volatility, changing prices, unlinked markets, an exaggerated effect from news announcements, wider spreads and any other relevant risk. The Exchange proposes to amend Rule 3.21 to include the Early Trading Session as part of the Member's required disclosures to their customers.
- Rule 11.8, Orders and Modifiers. The Exchange proposes to amend the description of Limit Orders under Rule 11.8(b), ISOs under Rule 11.8(c), MidPoint Peg Orders under Rule 11.8(d), and Supplemental Peg Orders

under Rule 11.8(f) to account for the Early Trading Session.²⁴ As stated above, every order type that is currently available beginning at 8:00 a.m. will be available beginning at 7:00 a.m. for inclusion in the Early Trading Session.²⁵ All other order types, and all order type behaviors, will otherwise remain unchanged. Therefore, but for Market Orders under Rule 11.8(a) and Market Maker Peg Orders under Rule 11.8(e), each of the above rules for Limit Orders, ISOs, MidPoint Peg Orders, and Supplemental Peg Orders would be amended to state that those orders types are available during the Early Trading Session. Market Orders and Market Maker Peg Orders would not be eligible for execution during the Early Trading Session. Market Orders are only eligible for execution during the Regular Session.²⁶ Market Maker Peg Orders may currently be submitted to the Exchange starting at the beginning of the Pre-Opening Session, but the order will not be executable or automatically priced until the beginning of Regular Trading Hours. Rule 11.8(e)(7) would be amended to state that Market Maker Peg Orders may be submitted to the Exchange starting at the beginning of the Early Trading Session. Market

²⁴ The Exchange notes that the proposed rule change would operate in an identical manner to that proposed in SR-BATS-2016-01 and the language of the BATS and Exchange Rules differ to extent necessary to conform with existing Exchange rule text or to account for details or descriptions included in the Exchange Rules but not currently included in BATS rules based on the current structure of such rules. See supra note 3.

²⁵ See proposed amendments to Exchange Rule 11.1(a).

²⁶ See Exchange Rule 11.8(a)(5).

Maker Peg Orders would continue to not be executable or automatically priced until after the first regular way transaction on the listing exchange in the security, as reported by the responsible single plan processor.

- Rule 11.10, Order Execution and Routing. Exchange Rule 11.10(a)(2) discusses compliance with Regulation NMS and Trade Through Protections and states that the price of any execution occurring during the Pre-Opening Session or the Post-Closing Session must be equal to or better than the highest Protected Bid or lowest Protected Offer, unless the order is marked ISO or a Protected Bid is crossing a Protected Offer. The Exchange proposes to amend Rule 11.10(a)(2) to expand the rule's requirements to the Early Trading Session.
- Rule 11.15, Clearly Erroneous Executions. Exchange Rule 11.15 outlines under which conditions the Exchange may determine that an execution is clearly erroneous. The Exchange proposes to amend Rule 11.15 to include executions that occur during the Early Trading Session. Exchange Rule 11.15(c)(1) sets forth the numerical guidelines the Exchange is to follow when determining whether an execution was clearly erroneous during Regular Trading Hours or the Pre-Opening or Post-Closing Trading Session. Exchange Rule 11.15(c)(3) sets forth additional factors the Exchange may consider in determining whether a transaction is clearly erroneous. These factors include Pre-Opening and Post-Closing Trading Session executions. The Exchange proposes to amend Rule 11.15(c)(1) and (3) to include executions occurring during the Early Trading Session.

- Rule 14.1, Unlisted Trading Privileges. The Exchange proposes to amend Rules 14.1(c)(2), and Interpretation and Policies .01(a) and (b) to account for the proposed Early Trading Session. Specifically, the Exchange proposes to amend paragraph (c)(2) to state that an information circular distributed by the Exchange prior to the commencement of trading of a UTP Derivative Security²⁷ will include the risk of trading during the Early Trading Session, in addition to the Pre-Opening Session and Post-Closing Trading Session. In addition, the Exchange proposes to amend Interpretation and Policies .01(a) to add Early Trading Session to the paragraph's title and to state that if a UTP Derivative Security begins trading on the Exchange in the Early Trading Session or Pre-Opening Session and subsequently a temporary interruption occurs in the calculation or wide dissemination of the Intraday Indicative Value ("IIV") or the value of the underlying index, as applicable, to such UTP Derivative Security, by a major market data vendor, the Exchange may continue to trade the UTP Derivative Security for the remainder of the Early Trading Session and Pre-Opening Session. Lastly, the Exchange proposes to amend Interpretation and Policies .01(b) to add Early Trading Session to the paragraph's title and to amend subparagraph (2) of that section to state that if the IIV or the value of the underlying index continues not to be calculated or widely available as of the commencement of the Early

²⁷ See Exchange Rule 14.1(c).

Trading Session or Pre-Opening Session on the next business day, the Exchange shall not commence trading of the UTP Derivative Security in the Early Trading Session or Pre-Opening Session that day.

- Rule 14.2, Investment Company Units. The Exchange proposes to amend Rule 14.2(g) to state that transactions in Investment Company Units may occur during the Early Trading Session, in addition to during Regular Trading Hours and the Pre-Opening and Post Closing Sessions.
- Rule 14.3, Trust Issued Receipts. The Exchange proposes to amend Rule 14.3(d) to state that transactions in Trust Issued Receipts may occur during the Early Trading Session, in addition to during Regular Trading Hours and the Pre-Opening and Post-Closing Sessions.

TIF Instructions

The Exchange proposes to adopt three new TIF instructions under Rule 11.6(q).²⁸ Under Rule 11.1(a)(1), a User may designate when their order is eligible for execution by selecting the desired TIF instruction under Exchange Rule 11.6(q). Currently, orders entered between 6:00 a.m. and 8:00 a.m. Eastern Time are not eligible for execution until the start of the Pre-Opening Session, or Regular Trading Hours, depending on the TIF selected by the User. Users may enter orders in advance of the trading session they intend the order to be eligible for. For example, Users may enter orders starting at 6:00

²⁸ The Exchange also proposes to amend the descriptions of GTD under Rule 11.6(q)(4) and GTX under Rule 11.6(q)(5) to replace incorrect references to the Post-Market Session with Post-Closing Session, as Post-Closing Session is the correct defined term under Exchange Rule 1.5(r).

a.m. Eastern Time with a TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours.²⁹ As stated above, Users may enter orders as early as 6:00 a.m. Eastern Time, but those orders would not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m.

As discussed above, the Exchange proposed the Early Trading Session in response to User requests for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. Some Users, however, do not wish for their orders to be executed during the Early Trading Session and have requested their orders continue to not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Therefore, the Exchange proposes to adopt the following three new TIF instructions under Rule 11.6(q):

- Pre-Opening Session Plus (“PRE”). A limit order that is designated for execution during the Pre-Opening Session and Regular Trading Hours. Like the current Day TIF instruction,³⁰ any portion not executed expires at the end of Regular Trading Hours.
- Pre-Opening Session ‘til Extended Day (“PTX”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Like the current Good-‘til Extended

²⁹ See Exchange Rule 11.6(q)(6).

³⁰ See Exchange Rule 11.6(q)(2). This is also similar to the current Good-‘til Cancel (“GTC”) TIF instruction currently available on BZX and the BATS Y-Exchange, Inc. (“BYX”). See BZX and BYX Rules 11.9(b)(3).

Day (“GTX”) TIF instruction,³¹ any portion not executed expires at the end of the Post-Closing Session.

- Pre-Opening Session ‘til Day (“PTD”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Like the current Good-‘til Day (“GTD”) TIF instruction,³² any portion not executed will be cancelled at the expiration time assigned to the order, which can be no later than the close of the Post-Closing Trading Session.

Under each proposed TIF instruction, Users may designate that their orders only be eligible for execution starting with the Pre-Opening Session. This is similar to the existing TIF of Regular Hours Only, which designates that the order only be eligible for execution during Regular Trading Hours, which starts at 9:30 a.m. Eastern Time. In such case, a User may enter orders starting at 6:00 a.m. Eastern Time, but such order would not be eligible for execution until 9:30 a.m. Eastern Time. Likewise, under each of the proposed TIF instructions, a User may continue to enter orders as early as 6:00 a.m., but such orders would not be eligible for execution until 8:00 a.m. Eastern Time, the start of the Pre-Opening Session.³³ At the commencement of the Pre-Opening Session, orders entered between 6:00 a.m. and 8:00 a.m. Eastern Time with one of the proposed TIF instructions will be handled in time sequence, beginning with the order with the oldest

³¹ See Exchange Rule 11.6(q)(5).

³² See Exchange Rule 11.6(q)(4).

³³ Orders utilizing one of the proposed TIF instructions would not be eligible for execution during the proposed Early Trading Session.

time stamp, and will be placed on the EDGX Book, routed, cancelled, or executed in accordance with the terms of the order.³⁴

Lastly, the Exchange proposes to amend the following order types under Exchange Rule 11.8 to account for the three proposed TIF instructions:³⁵

- **Market Orders.** The proposed TIF instruction of PRE, PTX, and PTD would not be available to Market Orders. Under Exchange Rule 11.8(a)(2), a Market Order may only include a TIF instruction of IOC, RHO, FOK, or Day.
- **Limit Orders.** Rule 11.8(b)(2) describes the TIF instructions that may be attached to a Limit Order. The Exchange proposes to amend paragraph (b)(2) to add the TIF instructions of PRE, PTX, or PTD to the list of TIF instructions that a Limit Order may include.
- **ISOs.** Rule 11.8(c)(1) describes the TIF instructions that may be attached to an incoming ISO. The Exchange proposes to amend paragraph (c)(1) to state that an incoming ISO may have a TIF instruction of PRE, PTX, or PTD, in addition to Day, GTD, RHO, GTX, and IOC. Exchange Rule 11.8(c)(1) would be further amended to state that an incoming ISO with a

³⁴ See Exchange Rule 11.1(a).

³⁵ The Exchange notes that the proposed rule change would operate in an identical manner to that proposed in SR-BATS-2016-01 and the language of the BATS and Exchange Rules differ to extent necessary to conform with existing Exchange rule text or to account for details or descriptions included in the Exchange Rules but not currently included in BATS rules based on the current structure of such rules. See supra note 3.

Post Only and TIF instruction of PRE, PTX, or PTD, like those with an TIF instruction or GTD, GTX, or Day, will be cancelled without execution if, when entered, it is immediately marketable against an order with a Displayed instruction resting in the EDGX Book unless such order removes liquidity pursuant to Exchange Rule 11.6(n)(4).³⁶

- **MidPoint Peg Orders.** Rule 11.8(d)(1) describes the TIF instructions that may be attached to a MidPoint Peg Order. The Exchange proposes to amend paragraph (d)(1) to state that a MidPoint Peg Order may have a TIF instruction of PRE, PTX, or PTD, in addition to Day, FOK, IOC, RHO, GTX and GTD.
- **Market Maker Peg Orders.** The proposed TIF instruction of PRE, PTX, and PTD would not be available to Market Maker Peg Orders. Under Exchange Rule 11.8(e)(4), a Market Maker Peg Order may only include a TIF instruction of Day, RHO, or GTD.

Supplemental Peg. Rule 11.8(f)(1) describes the TIF instructions that may be attached to a Supplemental Peg Order. The Exchange proposes to amend paragraph (f)(1) to state that a Supplemental Peg Order may have a TIF instruction of PRE, PTX, or PTD, in addition to GTD, GTX, RHO and Day.

³⁶ Exchange Rule 11.6(n)(4) defined the Post Only instruction and states, in sum, that an order with a Post Only instruction and a Display-Price Sliding or Price Adjust instruction will remove contra-side liquidity from the EDGX Book if the order is an order to buy or sell a security priced below \$1.00 or if the value of such execution when removing liquidity equals or exceeds the value of such execution if the order instead posted to the EDGX Book and subsequently provided liquidity, including the applicable fees charged or rebates provided.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,³⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,³⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest. The Exchange also believes that the proposed rule change is non-discriminatory as it would apply to all Members uniformly. The proposed rule change in whole is designed to attract more order flow to the Exchange between 7:00 a.m. and 9:30 a.m. Eastern Time. Increased liquidity during this time will lead to improved price discovery and increased execution opportunities on the Exchange, therefore, promoting just and equitable principles of trade, and removing impediments to and perfecting the mechanism of a free and open market and a national market system.

Early Trading Session

The Exchange believes its proposal to adopt the Early Trading Session promotes just and equitable principles of trade, removes impediments to and perfects the mechanism of a free and open market and a national market system, prevents fraudulent and manipulative acts and practices, and, in general, protects investors and the public interest. The Exchange believes that the Early Trading Session will benefit investors, the national market system, Members, and the Exchange market by increasing competition

³⁷ 15 U.S.C. 78f.

³⁸ 15 U.S.C. 78f(b)(5).

for order flow and executions, and thereby spur product enhancements and lower prices. The Early Trading Session will benefit Members and the Exchange market by increasing trading opportunities between 7:00 a.m. and 8:00 a.m. without increasing ancillary trading costs (telecommunications, data, connectivity, etc.) and, thereby, decreasing average trading costs per share. The Exchange notes that trading during the proposed Early Trading Session has been available on NYSE Arca and Nasdaq.³⁹ The Exchange believes that the availability of trading between 7:00 a.m. and 8:00 a.m. has been beneficial to market participants including investors and issuers on other markets. Introduction of the Early Trading Session on the Exchange will further expand these benefits.

Additionally, the Exchange Act's goal of creating an efficient market system includes multiple policies such as price discovery, order interaction, and competition among markets. The Exchange believes that offering a competing trading session will promote all of these policies and will enhance quote competition, improve liquidity in the market, support the quality of price discovery, promote market transparency, and increase competition for trade executions while reducing spreads and transaction costs. Additionally, increasing liquidity during the Early Trading Session will raise investors' confidence in the fairness of the markets and their transactions, particularly due to the lower volume of trading occurring prior to opening.

Although the Exchange will be operating with bifurcated pre-opening trading sessions, the Exchange notes that having bifurcated after hours trading sessions is not

³⁹ See supra note 5.

novel. For example, the CHX maintains two after hours trading sessions,⁴⁰ the Late Trading Session, which runs from 4:00 p.m. to 4:15 p.m. Eastern Time, and the Late Crossing Session, which runs from 4:15 p.m. to 5:00 Eastern Time. As such, the Exchange does not believe that the proposed rule change will disproportionately increase the complexity of the market.

The expansion of trading hours through the creation of the Early Trading Session promotes just and equitable principles of trade by providing market participants with additional options in seeking execution on the Exchange. Order entry and execution during the Early Trading Session would operate in the same manner as it does today during the Pre-Opening Session. In addition, the Exchange will report the best bid and offer on the Exchange to the appropriate network processor, and the Exchange's proprietary data feeds will be disseminated, beginning at 7:00 a.m. The proposal will, therefore, facilitate a well-regulated, orderly, and efficient market during a period of time that is currently underserved.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices because all surveillance coverage currently performed by the Exchange's surveillance systems will launch by the time trading starts at 7:00 a.m. Eastern Time. Further, the Exchange believes that the proposed rule change will protect investors and the public interest because the Exchange is updating its customer disclosure requirements to prohibit Members from accepting an order from a customer for execution in the Early Trading Session without disclosing to

⁴⁰ See supra note 6.

their customer that extended hours trading involves material trading risks, including the possibility of lower liquidity, high volatility, changing prices, unlinked markets, an exaggerated effect from news announcements, wider spreads and any other relevant risk.

TIF Instructions

The Exchange believes its proposed TIF instructions promote just and equitable principles of trade, and remove impediments to and perfect the mechanism of a free and open market and a national market system. The Exchange believes that the proposed TIF instructions will benefit investors by providing them with greater control over their orders. The proposed TIF instructions simply provide investors with additional optionality for when their orders may be eligible for execution.

In addition, Members will maintain the ability to cancel or modify the terms of their order at any time, including during the time from when the order is routed to the Exchange until the start of the Pre-Opening Session. As a result, a Member who utilizes the proposed TIF instructions, but later determines that market conditions favor execution during Early Trading Session, can cancel the order residing at the Exchange and enter a separate order to execute during the Early Trading Session.

The ability to select the trading sessions or time upon which an order is to be eligible for execution is not novel and is currently available on the Exchange and other market centers. For example, on the Exchange, a User may enter an order starting at 6:00 a.m. Eastern Time and select that such order not be eligible for execution until 9:30 a.m., the start of Regular Trading Hours using TIF instructions of Regular Hours Only.⁴¹ In

⁴¹ See Exchange Rule 11.6(q)(6). See also Nasdaq Rule 4703(a) (outlining TIF instructions that do not activate orders until 9:30 a.m. Eastern Time).

addition, like each of the proposed TIF instructions, Nasdaq utilizes a TIF, referred to as ESCN, under which an order using its SCAN routing strategy entered prior to 8:00 a.m. Eastern Time is not eligible for execution until 8:00 a.m. Eastern Time.⁴²

The Exchange proposed the Early Trading Session discussed above in response to User requests for their orders to be eligible for execution starting at 7:00 a.m. Eastern Time. However, some Users have requested their orders continue to not be eligible for execution until the start of the Pre-Opening Session at 8:00 a.m. Therefore, the Exchange proposed the three new TIF instructions in order for Users to designate their orders as eligible for execution as of the start of the Pre-Opening Session.

Members will maintain the ability to cancel or modify the terms of their order at any time, including during the time from when the order is routed to the Exchange until the start of the Pre-Opening Session. As a result, a Member who utilizes the proposed TIF instructions, but later determines that market conditions favor execution during Early Trading Session, can cancel the order residing at the Exchange and enter a separate order to execute during the Early Trading Session. While a User must make every effort to execute a marketable customer order it receives fully and promptly,⁴³ doing so might not result in the best execution possible for the customer. Such Users may wish to delay the execution of their orders until the start of the Pre-Opening Session for various reasons,

⁴² See Nasdaq Rule 4703(a). See also Nasdaq Rule 4703(a)(7).

⁴³ See Supplemental Material .01 to Financial Industry Regulatory Authority, Inc. (“FINRA”) Rule 5310.

including the characteristics of the market for the security as well as the amount of liquidity available in the market as part of their best execution obligations.⁴⁴

Specifically, FINRA Rule 5310(a)(1) provides that a Member must use reasonable diligence to ascertain the best market for a security and buy or sell in such market so that the resultant price to the customer is as favorable as possible under prevailing market conditions. And importantly, FINRA Rule 5310(a)(1)(A) states that one of the factors that will be considered in determining whether a member has used “reasonable diligence” is “the character of the market for the security (e.g., price, volatility, relative liquidity, and pressure on available communication).⁴⁵ As such, a Member conducting “reasonable diligence” may determine that due to the character of the Early Trading Session, along with considering other relevant factors, the Member wants to utilize the proposed TIF instructions.

Members will be accustomed to this additional analysis in determining whether to participate in the Early Trading Session, Pre-Opening Session, or Regular Trading Hours.

⁴⁴ A Member’s best execution obligation may also include cancelling an order when market conditions deteriorate and could result in an inferior execution or informing customers where the execution of their order may be delayed intentionally as the Member utilizes reasonable diligence to ascertain the best market for the security. See FINRA Rule 5130. See also FINRA Regulatory Notice 15-46, Best Execution. Guidance on Best Execution Obligations in Equity, Options, and Fixed Income Markets, (November 2015).

⁴⁵ Tellingly, these characteristics are reflected in the disclosure requirements mandated by Exchange Rule 3.21 before a Member may accept an order from a customer for execution in the Pre-Opening, Post-Closing, and proposed Early Trading Sessions.

The regulatory guidance with respect to best execution anticipates the continued evolution of execution venues:

[B]est execution is a facts and circumstances determination. A broker-dealer must consider several factors affecting the quality of execution, including, for example, the opportunity for price improvement, the likelihood of execution . . . , the speed of execution and the trading characteristics of the security, together with other non-price factors such as reliability and service.⁴⁶

To the extent there may be best execution obligations at issue, they are no different than the best execution obligations faced by brokers in the current market structure,⁴⁷ including the use of the currently available Regular Trading Hours TIF instruction or SCAN/ESCN routing strategy available on Nasdaq discussed above.⁴⁸ However, similar to why a Member may utilize the Regular Trading Hours TIF instruction, a User may wish to forgo a possible execution during the Early Trading Session and/or Pre-Opening Session if they believe doing so is consistent with their best execution obligations as they anticipate that the market for the security may improve

⁴⁶ See Securities Exchange Act Release No. 43950 (November 17, 2000), 65 FR 75414 (December 1, 2000) (“Disclosure of Order Execution and Routing Practices release”).

⁴⁷ The Commission has also indicated a User’s best execution obligation may not be satisfied simply by obtaining the best bid or offer (“BBO”). See Securities Exchange Act Release No. 37619A (September 6, 1996), 61 FR 48290 (September 12, 1996) (“Order Executions Obligations release”). While a User may seek the most favorable terms reasonably available under the circumstances of the transaction, such terms may not necessarily in every case be the best price available. *Id.* See also FINRA Regulatory Notice 15-46, Best Execution. Guidance on Best Execution Obligations in Equity, Options, and Fixed Income Markets, (November 2015).

⁴⁸ See supra note 42.

upon the start of the Pre-Opening Session and/or Regular Trading Hours.⁴⁹ Applicable best execution guidance contains no formulaic mandate as to whether or how brokers should direct orders. The optionality created by the proposed rule change simply represents one tool available to Members in order to meet their best execution obligations.

Lastly, the Exchange reminds Members of their regulatory obligations when submitting an order one of the proposed TIF instructions. The Market Access Rule under Rule 15c3-5 of the Act requires broker-dealers to, among other things, implement regulatory risk management controls and procedures that are reasonably designed to prevent the entry of orders that fail to comply with regulatory requirements that apply on a pre-order entry basis.⁵⁰ These pre-trade controls must, for example, be reasonably designed to assure compliance with Exchange trading rules and Commission rules under Regulation SHO⁵¹ and Regulation NMS.⁵² In accordance with the Market Access Rule, a Member's procedures must be reasonably designed to ensure compliance with their

⁴⁹ Exchange Rule 3.21 requires Member make certain disclosures to their customers prior to accepting an order for execution outside of Regular Trading Hours. These disclosures include, among other things, the risk of lower liquidity, higher volatility, wider spreads, and changing prices in extended hours trading as compared to regular market hours. See Exchange Rule 3.21(a) – (g).

applicable regulatory requirements, not just at the time the order is routed to the Exchange, but also at the time the order becomes eligible for execution.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that its proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will benefit investors, the national market system, Members, and the Exchange market by increasing competition for order flow and executions during the pre-market sessions, thereby spurring product enhancements and lowering prices. The Exchange believes the proposed Early Trading Session would enhance competition by enabling the Exchange to directly compete with NYSE Arca and Nasdaq for order flow and executions starting at 7:00 a.m., rather than 8:00 a.m. Eastern Time. In addition, the proposed TIF instructions will enhance competition by enabling the Exchange to offer functionality similar to Nasdaq.⁵³ The fact that the extending of the proposed Early Trading Session and TIF instructions are themselves a response to the competition provided by other markets is evidence of its pro-competitive nature.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or OthersThe Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties

(1) – (3) (No change).

(4) Good-‘til Day (“GTD”). An instruction the User may attach to an order specifying the time of day at which the order expires. Any unexecuted portion of an order with a TIF instruction of GTD will be cancelled at the expiration of the User’s specified time, which can be no later than the close of the Post-[Market]Closing Session.

(5) Good ‘til Extended Day (“GTX”). An instruction the User may attach to an order to buy or sell which, if not executed, will be cancelled by the close of the Post-[Market]Closing Session.

(6) (No change).

(7) Pre-Opening Session Plus (“PRE”). A limit order that is designated for execution during the Pre-Opening Session and Regular Trading Hours. Any portion not executed expires at the end of Regular Trading Hours.

(8) Pre-Opening Session ‘til Extended Day (“PTX”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Any portion not executed expires at the end of the Post-Closing Session.

(9) Pre-Opening Session ‘til Day (“PTD”). A limit order that is designated for execution during the Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. Any portion not executed will be cancelled at the expiration time assigned to the order, which can be no later than the close of the Post-Closing Session.

Rule 11.8. Order Types

Users may enter into the System the types of orders listed in this Rule 11.8, subject to the limitations set forth in this Rule or elsewhere in these Rules.

(a) Market Order. (No change).

(1) – (7) (No change).

(b) Limit Order. (No change).

(1) (No change).

(2) Time-in-Force. A Limit Order must have one of the following TIF instructions: IOC, FOK, Day, RHO, GTX, [or]GTD, PRE, PTX, or PTD. Unless otherwise instructed by the User, the System will automatically default a Limit Order to a TIF instruction of Day. Limit Orders with a TIF instruction of IOC that do not include a Book Only instruction and that cannot be executed in accordance with Rule 11.10(a)(4) on the System when reaching the Exchange will be eligible for routing away pursuant to Rule 11.11. A Limit Order with a TIF instruction of FOK is not eligible for routing away pursuant to Rule 11.11.

(3) – (5) (No change).

(6) Session. A Limit Order can be eligible for execution during the Early Trading Session, Pre-Opening Session, Regular Session and the Post-Closing Session.

(7) – (12) (No change).

(c) Intermarket Sweep Order (“ISO”). (No change).

(1) Time-in-Force. Incoming ISOs will have a TIF instruction of Day unless the User selects a TIF instruction of GTD, RHO, GTX, [or]IOC, PRE, PTX, or PTD. Incoming ISOs cannot include a TIF instruction of FOK. An incoming ISO with a Post Only and TIF instruction of GTD, GTX, [or]Day, PRE, PTX, or PTD will be cancelled without execution if, when entered, it is immediately marketable against an order with a Displayed instruction resting in the EDGX Book unless such order removes liquidity pursuant to Rule 11.6(n)(4).

A User entering an incoming ISO with TIF instruction of Day represents that such User has simultaneously routed one or more additional Limit Orders marked “ISO,” if necessary, to away Trading Center to execute against the full displayed size of any Protected Quotation for the security with a price that is superior or equal to the limit price of the ISO entered in the System.

(2) – (3) (No change).

(4) Session. Incoming ISOs may be submitted during the Early Trading Session, Pre-Opening Session, Regular Session and the Post-Closing Session.

(5) – (7) (No change).

(d) MidPoint Peg Order. (No change).

(1) Time-in-Force. A MidPoint Peg Limit Order may contain the following TIF instructions: Day, FOK, IOC, RHO, GTX, [or]GTD, PRE, PTX, or PTD. Any unexecuted portion of a MidPoint Peg Limit Order with a TIF instruction of Day, GTX, [or]GTD, PRE, PTX, or PTD that is resting on the EDGX Book will receive a new time stamp each time it is re-priced in response to changes in the midpoint of the NBBO.

(2) – (3) (No change).

(4) Session. MidPoint Peg Orders may be executed during the Early Trading Session, Pre-Opening Session, Regular Trading Hours, and the Post-Closing Session. However, a Minimum Execution Quantity instruction on a MidPoint Peg Order will not be applied during the Opening Process.

(5) – (6) (No change).

(e) Market Maker Peg Order. (No change).

(1) – (6) (No change).

(7) Session. Users may submit Market Maker Peg Orders to the Exchange starting at

the beginning of the Early Trading[Pre-Opening] Session, but such orders are not executable or automatically priced until after the first regular way transaction on the listing exchange in the security, as reported by the responsible single plan processor. The order expires at the end of Regular Trading Hours.

(8) – (13) (No change).

(f) Supplemental Peg Order. (No change).

(1) Time-in-Force. A Supplemental Peg Order may only include a TIF instruction of GTD, GTX, RHO, [or]Day, PRE, PTX, or PTD. Supplemental Peg Orders are not eligible to include a TIF instruction of IOC or FOK.

(2) – (3) (No change).

(4) Session. Supplemental Peg Orders are eligible for execution during the Early Trading Session, Pre-Opening Session, Regular Session, and Post-Closing Session. Supplemental Peg Orders are not eligible for execution in the Opening Process.

(5) – (6) (No change).

Rule 11.10. Order Execution

(a) (No change).

(1) (No change).

(2) Compliance with Regulation NMS. For any execution to occur during Regular Trading Hours, the price must be equal to or better than the Protected NBBO, unless the order is marked ISO or unless the execution falls within another exception set forth in Rule 611(b) of Regulation NMS. For any execution to occur during the Early Trading Session, Pre-Opening Session or the Post-Closing Session, the price must be equal to or better than the highest bid or lowest offer in the EDGX Book or disseminated by the responsible single plan processor, unless the order is marked ISO or a Protected Bid is crossing a Protected Offer. Notwithstanding the foregoing, in the event that a Protected Bid is crossing a Protected Offer, whether during or outside of Regular Trading Hours, unless an order is marked ISO, the Exchange will not execute any portion of a bid at a price more than the greater of 5 cents or 0.5 percent higher than the lowest Protected Offer or any portion of an offer that would execute at a price more than the greater of 5 cents or 0.5 percent lower than the highest Protected Bid. Upon instruction from a User, the Exchange will cancel any incoming order from such User in the event a Protected Bid is crossing a Protected Offer.

Rule 11.15. Clearly Erroneous Executions

(No change).

(a) – (b) (No change).

(c) *Thresholds.* Determinations of whether an execution is clearly erroneous will be made as follows:

(1) *Numerical Guidelines.* Subject to the provisions of paragraph (c)(3) below, a transaction executed during Regular Trading Hours or during the Early Trading, Pre-Opening and Post-Closing Session shall be found to be clearly erroneous if the price of the transaction to buy (sell) that is the subject of the complaint is greater than (less than) the Reference Price by an amount that equals or exceeds the Numerical Guidelines set forth below. The execution time of the transaction under review determines whether the threshold is Regular Trading Hours or Early Trading, Pre-Opening or Post-Closing Session (which occur before and after the Regular Trading Hours). The Reference Price will be equal to the consolidated last sale immediately prior to the execution(s) under review except for: (A) Multi-Stock Events involving twenty or more securities, as described in paragraph (c)(2) below; and (B) in other circumstances, such as, for example, relevant news impacting a security or securities, periods of extreme market volatility, sustained illiquidity, or widespread system issues, where use of a different Reference Price is necessary for the maintenance of a fair and orderly market and the protection of investors and the public interest.

executions occurred within a period of five minutes or less		
Multi-Stock Event – Filings involving twenty or more securities whose executions occurred within a period of five minutes or less	30%, subject to the terms of paragraph (c)(2) below	30%, subject to the terms of paragraph (c)(2) below
Leveraged ETF/ETN securities	Regular Trading Hours Numerical Guidelines multiplied by the leverage multiplier (i.e. 2x)	Regular Trading Hours Numerical Guidelines multiplied by the leverage multiplier (i.e. 2x)

(2) (No change).

(3) *Additional Factors.* Except in the context of a Multi-Stock Event involving five or more securities, an Official may also consider additional factors to determine whether an execution is clearly erroneous, including but not limited to, system malfunctions or disruptions, volume and volatility for the security, derivative securities products that correspond to greater than 100% in the direction of a tracking index, news released for the security, whether trading in the security was recently halted/resumed, whether the security is an initial public offering, whether the security was subject to a stock-split, reorganization, or other corporate action, overall market conditions, Early Trading, Pre-Opening and Post-Closing Session executions, validity of the consolidated tape trades and quotes, consideration of primary market indications, and executions inconsistent with the trading pattern in the stock. Each additional factor shall be considered with a view toward maintaining a fair and orderly market and the protection of investors and the public interest.

CHAPTER XIV. SECURITIES TRADED

Rule 14.1 Unlisted Trading Privileges

(a) – (b) (No change).

(c) (No change).

(1) (No change).

(2) Information Circular. The Exchange shall distribute an information circular prior

to the commencement of trading in each such UTP Derivative Security that generally includes the same information as contained in the information circular provided by the listing exchange, including: (a) the special risks of trading new derivative securities product; (b) the Exchange Rules that will apply to the new derivative securities product, including Rule 3.7; (c) information about the dissemination of value of the underlying assets or indexes; and (d) the risk of trading during the Early Trading Session (7:00 a.m. – 8:00 a.m.), Pre-Opening Session (8:00 a.m. – 9:30 a.m. Eastern Time) and the Post-Closing Session (4:00p.m. – 8:00p.m. Eastern Time) due to the lack of calculation or dissemination of the intra-day indicative value or a similar value.

(3) – (6) (No change).

Interpretations and Policies

.01 The Exchange will halt trading during Regular Trading Hours when required by, and in accordance with, Rule 14.1(c)(4)(A) and (B). The Exchange will halt trading during extended hours trading sessions as follows:

(a) Early Trading Session and Pre-Opening Sessions. If a UTP Derivative Security begins trading on the Exchange in the Early Trading Session or Pre-Opening Session and subsequently a temporary interruption occurs in the calculation or wide dissemination of the Intraday Indicative Value (“IIV”) or the value of the underlying index, as applicable, to such UTP Derivative Security, by a major market data vendor, the Exchange may continue to trade the UTP Derivative Security for the remainder of the Early Trading Session and Pre-Opening Session.

(b) Post- Closing Session and Next Business Day’s Early Trading Session and Pre-Opening Session.

(1) (No change).

(2) If the IIV or the value of the underlying index continues not to be calculated or widely available as of the commencement of the Early Session or Pre-Opening Session on the next business day, the Exchange shall not commence trading of the UTP Derivative Security in the Early Session or Pre-Opening Session that day. If an interruption in the calculation or wide dissemination of the IIV or the value of the underlying index continues, the Exchange may resume trading in the UTP Derivative Security only if calculation and wide dissemination of the IIV or the value of the underlying index resumes or trading in the UTP Derivative Security resumes in the listing market.

Rule 14.2. Investment Company Units

(No change).

(a) – (f) (No change).

(g) Hours of Trading. Any series of Investment Company Units so designated by the Exchange may be traded on the Exchange during Regular Trading Hours and Early Trading, Pre-Opening and Post-Closing Sessions.

Rule 14.3 Trust Issued Receipts

(a) – (c) (No change).

(d) Trading Hours. Transactions in Trust Issued Receipts may be effected during Regular Trading Hours and Early Trading, Pre-Opening and Post-Closing Sessions for each series.

(e) – (j) (No change).
