3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend its fee schedule to adopt a new tier under footnote 1, Add/Remove Volume Tiers. The Exchange currently offers six tiers under footnote 1 that offer reduced fees for displayed orders that add liquidity yielding fee codes B,⁴ V⁵ and Y,⁶ and two tiers that offer an enhanced rebate for orders that remove liquidity yielding fee codes BB,⁷ N,⁸ and W.⁹

The Exchange proposes to add a new tier under footnote 1, to be known as Tier 10, under which a Member would receive an enhanced rebate of \$0.0017 per share on orders that yield fee codes BB, N and W, where a Member has: (i) a Step-Up Remove TCV¹⁰ from January 2018 equal to or greater than 0.30%; and (ii) a remove ADV¹¹ equal

⁴ Fee code B is appended to displayed orders that add liquidity to BYX (Tape B). See the Exchange's fee schedule available at http://markets.cboe.com/us/equities/membership/fee_schedule/byx/.

⁵ Fee code V is appended to displayed orders that add liquidity to BYX (Tape A). Id.

⁶ Fee code Y is appended to displayed orders that add liquidity to BYX (Tape C). Id.

⁷ Fee code BB is appended to orders that remove liquidity from BYX (Tape B). Id.

⁸ Fee code N is appended to orders that remove liquidity from BYX (Tape C). Id.

⁹ Fee code W is appended to orders that remove liquidity from BYX (Tape A). See the Exchange's fee schedule available at http://markets.cboe.com/us/equities/membership/fee_schedule/byx/.

¹⁰ "Step-Up Remove TCV" means remove ADV as a percentage of TCV in the relevant baseline month subtracted from current remove ADV as a percentage of TCV. Id.

¹¹ "ADV" means average daily volume calculated as the number of shares added or removed, combined, per day. ADV are calculated on a monthly basis. Id.

to or greater than 0.70% of the TCV.¹² The Exchange proposes to implement the above changes to its fee schedule on March 1, 2018.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹³ in general, and furthers the objectives of Section 6(b)(4),¹⁴ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed tier is equitable and non-discriminatory in it would apply uniformly to all Members.

In addition, volume-based fees such as that proposed herein have been widely adopted by exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) the value to an exchange's market quality; (ii) associated higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns; and (iii) the introduction of higher volumes of orders into the price and volume discovery processes.

¹² "TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply. Id.

¹³ 15 U.S.C. 78f.

¹⁴ 15 U.S.C. 78f(b)(4).

The Exchange believes that the proposed tier is a reasonable, fair and equitable, and not an unfairly discriminatory allocation of fees and rebates, because it will provide Members with an additional incentive to reach certain thresholds on the Exchange.

In particular, the Exchange believes that the proposed Tier 10 to be added to footnote 1 is equitably allocated and reasonable because it will reward a Member's growth pattern on the Exchange and such increased volume will allow the Exchange to continue to provide and potentially expand its incentive programs. The Exchange further believes that the proposed tier is reasonable, fair and equitable because the liquidity from the proposed change would benefit all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. The Exchange also believes the proposed rebate of \$0.0017 per share for Tier 10 is reasonable in that it is equivalent to the top tier rebate to remove liquidity provided by Nasdaq BX.¹⁵ The proposed pricing structure is also not unfairly discriminatory in that it is available to all Members.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or from pricing offered by the Exchange's competitors. The proposed rates would apply uniformly to all Members, and Members

¹⁵ See the Nasdaq BX fee schedule available at http://www.nasdaqtrader.com/Trader.aspx?id=bx_pricing.

may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. Further, excessive fees would serve to impair an exchange's ability to compete for order flow and members rather than burdening competition. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

6. Extension of Time Period for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁶ and Rule 19b-4(f)(2) thereunder,¹⁷ the Exchange has designated this proposal as establishing or changing a due, fee, or other charge applicable to the Exchange's Members and non-members, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The Exchange proposes to amend its fee schedule to adopt a new tier under footnote 1, Add/Remove Volume Tiers. The Exchange currently offers six tiers under footnote 1 that offer reduced fees for displayed orders that add liquidity yielding fee codes B,⁶ V⁷ and Y,⁸ and two tiers that offer an enhanced rebate for orders that remove liquidity yielding fee codes BB,⁹ N,¹⁰ and W.¹¹

⁶ Fee code B is appended to displayed orders that add liquidity to BYX (Tape B). See the Exchange's fee schedule available at http://markets.cboe.com/us/equities/membership/fee_schedule/byx/.

⁷ Fee code V is appended to displayed orders that add liquidity to BYX (Tape A). Id.

¹¹ Fee code W is appended to orders that remove liquidity from BYX (Tape A). See the Exchange's fee schedule available at http://markets.cboe.com/us/equities/membership/fee_schedule/byx/.

The Exchange proposes to add a new tier under footnote 1, to be known as Tier 10, under which a Member would receive an enhanced rebate of \$0.0017 per share on orders that yield fee codes BB, N and W, where a Member has: (i) a Step-Up Remove TCV¹² from January 2018 equal to or greater than 0.30%; and (ii) a remove ADV¹³ equal to or greater than 0.70% of the TCV.¹⁴ The Exchange proposes to implement the above changes to its fee schedule on March 1, 2018.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹⁵ in general, and furthers the objectives of Section 6(b)(4),¹⁶ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to incent market participants to direct their order flow to the Exchange. The Exchange believes that the proposed tier is equitable and non-

discriminatory in it would apply uniformly to all Members.

In addition, volume-based fees such as that proposed herein have been widely adopted by exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) the value to an exchange's market quality; (ii) associated higher levels of market activity, such as higher levels of liquidity provision and/or growth patterns; and (iii) the introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes that the proposed tier is a reasonable, fair and equitable, and not an unfairly discriminatory allocation of fees and rebates, because it will provide Members with an additional incentive to reach certain thresholds on the Exchange.

In particular, the Exchange believes that the proposed Tier 10 to be added to footnote 1 is equitably allocated and reasonable because it will reward a Member's growth pattern on the Exchange and such increased volume will allow the Exchange to continue to provide and potentially expand its incentive programs. The Exchange further believes that the proposed tier is reasonable, fair and equitable because the liquidity from the proposed change would benefit all investors by deepening the Exchange's liquidity pool, offering additional flexibility for all investors to enjoy cost savings, supporting the quality of price discovery, promoting market transparency and improving investor protection. The Exchange also believes the proposed rebate of \$0.0017 per share for Tier 10 is reasonable in that it is equivalent to the top tier rebate to remove liquidity provided by Nasdaq BX.¹⁷ The proposed pricing structure is also not unfairly discriminatory in

that it is available to all Members.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or from pricing offered by the Exchange's competitors. The proposed rates would apply uniformly to all Members, and Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. Further, excessive fees would serve to impair an exchange's ability to compete for order flow and members rather than burdening competition. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act¹⁸ and paragraph (f) of Rule 19b-4 thereunder.¹⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
