1. Text of the Proposed Rule Change

(a) Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) proposes to amend its fee schedule related to the Options Regulatory Fee.

The text of the proposed rule change is attached as Exhibit 5. Material proposed to be added is underlined. Material proposed to be deleted is enclosed in brackets.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s Chief Regulatory Officer pursuant to delegated authority approved the proposed rule change on January 31, 2018.

(b) Please refer questions and comments on the proposed rule change to Joanne Moffic-Silver, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7462, or Kyle Edwards, (312) 786-7304, Counsel, Cboe BZX Exchange, Inc.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change.

(a) Purpose

The Exchange proposes to modify the fee schedule applicable to the Exchange’s options platform (“BZX Options”) to amend the rate of its Options Regulatory Fee (“ORF”). Currently, the Exchange charges an ORF in the amount of \$0.0009 per contract side. The Exchange proposes to decrease the amount of ORF from \$0.0009 per contract side to \$0.0005 per contract side. The proposed change to ORF should continue

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

to balance the Exchange's regulatory expenses against the anticipated revenue. The proposed fee change will be operative on February 1, 2018.

The per-contract ORF is assessed by the Exchange on each Member for all options transactions executed and cleared, or simply cleared, by the Member, that are cleared by OCC in the "customer" range, regardless of the exchange on which the transaction occurs. The ORF is collected indirectly from Members through their clearing firms by OCC on behalf of the Exchange. The ORF is also charged for transactions that are not executed by a Member but are ultimately cleared by a Member. Thus, in the case where a non-Member executes a transaction and a Member clears the transaction, the ORF is assessed to the Member who clears the transaction. Similarly, in the case where a Member executes a transaction and another Member clears the transaction, the ORF is assessed to the Member who clears the transaction.

Revenue generated from ORF, when combined with all of the Exchange's other regulatory fees and fines, is designed to recover a material portion of the regulatory costs to the Exchange of the supervision and regulation of TPH customer options business. Regulatory costs include direct regulatory expenses and certain indirect expenses for work allocated in support of the regulatory function. The direct expenses include in-house and third party service provider costs to support the day to day regulatory work such as surveillances, investigations and examinations. The indirect expenses include support from such areas as human resources, legal, information technology and accounting. These indirect expenses are estimated to be approximately 10% of BZX Options' total regulatory costs for 2018. Thus, direct expenses are estimated to be approximately 90% of total regulatory costs for 2018. In addition, it is BZX Options'

practice that revenue generated from ORF not exceed more than 75% of total annual regulatory costs. These expectations are estimated, preliminary and may change. There can be no assurance that our final costs for 2018 will not differ materially from these expectations and prior practice; however, the Exchange believes that revenue generated from the ORF, when combined with all of the Exchange's other regulatory fees and fines, will cover a material portion, but not all, of the Exchange's regulatory costs.³

The Exchange will continue to monitor the amount of revenue collected from the ORF to ensure that it, in combination with its other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. The Exchange monitors its regulatory costs and revenues at a minimum on a semi-annual basis. If the Exchange determines regulatory revenues exceed or are insufficient to cover a material portion of its regulatory costs, the Exchange will adjust the ORF by submitting a fee change filing to the Commission. The Exchange notifies Trading Permit Holders of adjustments to the ORF via regulatory circular. The Exchange endeavors to provide Trading Permit Holders with such notice at least 30 calendar days prior to the effective date of the change.

(b) Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the

³ The Exchange notes that its regulatory responsibilities with respect to compliance with options sales practice rules has been allocated to the Financial Industry Regulatory Authority, Inc. ("FINRA") under a 17d-2 Agreement. The ORF is not designed to cover the cost of options sales practice regulation.

Act.⁴ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁵ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using its facilities. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues or providers of routing services if they deem fee levels to be excessive.

The Exchange believes the decreased ORF is equitable and not unfairly discriminatory because it would be objectively allocated to Members in that it would be charged to all Members on all their transactions that clear as customer transactions at the OCC. The Exchange believes that decreasing the ORF is reasonable because the Exchange's collection of ORF needs to be balanced against the amount of regulatory revenue collected by the Exchange. The Exchange believes that the proposed adjustment noted herein will serve to continue to balance the Exchange's regulatory revenue against its anticipated regulatory costs.

The Exchange has designed the ORF to generate revenues that, when combined with all of the Exchange's other regulatory fees, will be less than or equal to the Exchange's regulatory costs, which is consistent with the Commission's view that regulatory fees be used for regulatory purposes and not to support the Exchange's business side. In this regard, the Exchange believes that the decreased level of the fee is reasonable and appropriate.

4. Self-Regulatory Organization's Statement on Burden on Competition

⁴ 15 U.S.C. 78f.

⁵ 15 U.S.C. 78f(b)(4).

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The ORF is not intended to have any impact on competition. Rather, it is designed to enable the Exchange to recover a material portion of the Exchange's cost related to its regulatory activities. The Exchange is obligated to ensure that the amount of regulatory revenue collected from the ORF, in combination with its other regulatory fees and fines, does not exceed regulatory costs.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. The decreased ORF continues to also be comparable to ORFs charged by other options exchanges.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the fee schedule applicable to the Exchange's options platform ("BZX Options") to amend the rate of its Options Regulatory Fee ("ORF"). Currently, the Exchange charges an ORF in the amount of \$0.0009 per contract side. The Exchange proposes to decrease the amount of ORF from \$0.0009 per contract side to \$0.0005 per contract side. The proposed change to ORF should continue to balance the Exchange's regulatory expenses against the anticipated revenue. The proposed fee change will be operative on February 1, 2018.

The per-contract ORF is assessed by the Exchange on each Member for all options transactions executed and cleared, or simply cleared, by the Member, that are cleared by OCC in the "customer" range, regardless of the exchange on which the transaction occurs. The ORF is collected indirectly from Members through their clearing firms by OCC on behalf of the Exchange. The ORF is also charged for transactions that are not executed by a Member but are ultimately cleared by a Member. Thus, in the case

where a non-Member executes a transaction and a Member clears the transaction, the ORF is assessed to the Member who clears the transaction. Similarly, in the case where a Member executes a transaction and another Member clears the transaction, the ORF is assessed to the Member who clears the transaction.

Revenue generated from ORF, when combined with all of the Exchange's other regulatory fees and fines, is designed to recover a material portion of the regulatory costs to the Exchange of the supervision and regulation of TPH customer options business. Regulatory costs include direct regulatory expenses and certain indirect expenses for work allocated in support of the regulatory function. The direct expenses include in-house and third party service provider costs to support the day to day regulatory work such as surveillances, investigations and examinations. The indirect expenses include support from such areas as human resources, legal, information technology and accounting. These indirect expenses are estimated to be approximately 10% of BZX Options' total regulatory costs for 2018. Thus, direct expenses are estimated to be approximately 90% of total regulatory costs for 2018. In addition, it is BZX Options' practice that revenue generated from ORF not exceed more than 75% of total annual regulatory costs. These expectations are estimated, preliminary and may change. There can be no assurance that our final costs for 2018 will not differ materially from these expectations and prior practice; however, the Exchange believes that revenue generated from the ORF, when combined with all of the Exchange's other regulatory fees and fines, will cover a material portion, but not all, of the Exchange's regulatory costs.⁵

⁵ The Exchange notes that its regulatory responsibilities with respect to compliance with options sales practice rules has been allocated to the Financial Industry

The Exchange will continue to monitor the amount of revenue collected from the ORF to ensure that it, in combination with its other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. The Exchange monitors its regulatory costs and revenues at a minimum on a semi-annual basis. If the Exchange determines regulatory revenues exceed or are insufficient to cover a material portion of its regulatory costs, the Exchange will adjust the ORF by submitting a fee change filing to the Commission. The Exchange notifies Trading Permit Holders of adjustments to the ORF via regulatory circular. The Exchange endeavors to provide Trading Permit Holders with such notice at least 30 calendar days prior to the effective date of the change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁶ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁷ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using its facilities. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues or providers of routing services if they deem fee levels to be excessive.

The Exchange believes the decreased ORF is equitable and not unfairly

discriminatory because it would be objectively allocated to Members in that it would be charged to all Members on all their transactions that clear as customer transactions at the OCC. The Exchange believes that decreasing the ORF is reasonable because the Exchange's collection of ORF needs to be balanced against the amount of regulatory revenue collected by the Exchange. The Exchange believes that the proposed adjustment noted herein will serve to continue to balance the Exchange's regulatory revenue against its anticipated regulatory costs.

The Exchange has designed the ORF to generate revenues that, when combined with all of the Exchange's other regulatory fees, will be less than or equal to the Exchange's regulatory costs, which is consistent with the Commission's view that regulatory fees be used for regulatory purposes and not to support the Exchange's business side. In this regard, the Exchange believes that the decreased level of the fee is reasonable and appropriate.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The ORF is not intended to have any impact on competition. Rather, it is designed to enable the Exchange to recover a material portion of the Exchange's cost related to its regulatory activities. The Exchange is obligated to ensure that the amount of regulatory revenue collected from the ORF, in combination with its other regulatory fees and fines, does not exceed regulatory costs.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a

The decreased ORF continues to also be comparable to ORFs charged by other options exchanges.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and paragraph (f) of Rule 19b-4 thereunder.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
