Item 1. Text of the Proposed Rule Change

(a) Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend Rule 11.11 and Rule 11.16, as well as its Fee Schedule, to delete references to the SWPB routing option. The text of the proposed rule change is provided in Exhibit 5.

(b) Not applicable.

(c) Not applicable.

Item 2. Procedures of the Self-Regulatory Organization

(a) The Exchange’s President (or designee) pursuant to delegated authority approved the proposed rule change on April 18, 2019.

(b) Please refer questions and comments on the proposed rule change to Pat Sexton, Executive Vice President, General Counsel, and Corporate Secretary, (312) 786-7467, or Rebecca Tenuta, (312) 786-7068, Cboe EDGX Exchange, Inc., 400 South LaSalle, Chicago, Illinois 60605.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Rule 11.11(g) (Routing Options) to delete the SWPB routing option under subparagraph (g)(10), as well as references to the SWPB routing option under Rule 11.16(e) (Limit Up-Limit Down Mechanism). The Exchange also proposes to amend its fee schedule to delete references to the SWPB routing options under fee code SW and under footnote 8. The Exchange intends to implement the proposed rule changes on May 1, 2019.

Currently, Rule 11.11(g) provides for a variety of routing away options under which the System¹ will consider the quotations only of accessible Trading Centers. The term “System routing table” refers to the proprietary process for determining the specific trading venues to which the System routes orders and the order in which it routes them.² Rule 11.13(g)(10) currently provides for SWPB as one of such routing options. SWPB is a routing option under which an order checks the System for available shares and then is sent to only Protected Quotations and only for displayed size. To the extent that any portion of the routed order is unexecuted, the remainder is posted to the EDGX Book at the order’s limit price, unless otherwise instructed by the User.³ Also, if at the time of entry, there is an insufficient share quantity in the SWPB order to fulfill the displayed size of all Protected Quotations, then the entire SWPB order will be cancelled back to the User immediately. Currently, Rule 11.16 provides for the Regulation NMS Plan to Address Extraordinary Market Volatility (the “Plan”) during a pilot period. Specifically, Rule 11.16(e)(5)(D)(2) provides a description of how the two current SWP routing strategies, SWPA and SPWB, are handled in accordance with the Plan when an order to buy utilizing an SWP routing strategy has a limit price that is greater than the Upper Price Band or if a sell order utilizing an SWP routing strategy has a limit price that is less than the Lower Price Band.

¹ The “System” is the Exchange’s electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away. See Exchange Rule 1.5(cc).

² The Exchange reserves the right to maintain a different System routing table for different routing options and to modify the System routing table at any time without notice. See Exchange Rule 11.11(g).

³ The term “User” is defined as “any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3.” See Exchange Rule 1.5(ee).

Additionally, current fee code SW is yielded on orders routed using SWPA or SWPB routing strategies, except for removal of liquidity from the New York Stock Exchange (“NYSE”).⁴ Current footnote 8 provides that fee code D will be yielded on orders routed using SWPA or SWPB if such strategy removes liquidity from NYSE.

The Exchange has determined that because few Users elect the SWPB routing option, which often experiences no usage for extended periods of time, the current demand does not warrant the infrastructure and ongoing maintenance expenses required to support these products. Therefore, the Exchange now proposes to delete SWPB as a routing option under Rule 11.11(g)(10) and references to the SWPB routing option under Rule 11.16(e)(5)(D)(2). The Exchange proposes to amend Rule 11.11(g) formatting accordingly, changing the numbering of current subparagraphs (g)(11) through (g)(14) to subparagraphs (g)(10) through (g)(13). The Exchange also proposes to amend its fee schedule to delete references to the SWPB routing option under fee code SW, as well as under footnote 8. The Exchange notes that Users seeking to route only to Protected Quotations for displayed size may use the other SWP routing option, SWPA.⁵

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶

Specifically, the Exchange believes the proposed rule change is consistent with the

⁴ Orders that yield fee code SW receive a discounted fee of \$0.0031 per share at or above \$1.00 and 0.30% of Dollar Value per share below \$1.00.

⁵ See Exchange Rule 11.11(g)(9).

⁶ 15 U.S.C. 78f(b).

Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, The Exchange does not believe that this proposal will permit unfair discrimination among customers, brokers, or dealers because the SWPB routing options will no longer be available to all Users. Also, the Exchange believes the proposed rule change to remove references to SWPB will remove impediments to the mechanism of a free and open market, thereby protecting investors and the public interest. As stated, the Exchange noted that few Users elect the SWPB routing option and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products. Therefore, the Exchange is discontinuing this routing option. The Exchange notes that routing through the Exchange is voluntary and Users are free to designate the alternative SWP routing option, SWPA, currently offered by the Exchange.⁹ In addition, the SWPB routing option is not a core product offering by the Exchange, nor is the Exchange required by the Act to offer such a product. By removing

references to a routing option that will no longer be offered by the Exchange, the Exchange believes the proposed rule change will remove impediments to the mechanism of a free and open market and protect investors by providing investors with increased transparency regarding rules that reflect routing options currently available on the Exchange.

Item 4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change to remove SWPB is not designed to address any competitive issues but rather to increase transparency by eliminating the SWPB routing option that is to be discontinued by the Exchange.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

Item 6. Extension of Time Period for Commission Action

Not applicable.

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of Act¹⁰ and Rule 19b-4(f)(6)¹¹ thereunder.

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6).

(b) The Exchange designates that the proposed rule change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, the Exchange has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The proposed amendment to remove the definition of SWPB within Rule 11.11(g), and references to SWPB under Rule 11.16(e) and the fee schedule does not significantly affect the protection of investors, but rather serves to benefit investors by increasing transparency as a result of the removal of references to a discontinued routing option within the Exchange's rules and fee schedule.

Furthermore, the Exchange believes that the proposed rule change does not impose any significant burden on competition as the removal of references to SWPB is not intended to address any competitive issues but is instead intended to increase transparency for investors regarding the Exchange's current routing offerings.

For the foregoing reasons, this rule filing qualifies as a "non-controversial" rule change under Rule 19b-4(f)(6), which renders the proposed rule change effective upon filing with the Commission. At any time within 60 days of the filing of this proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public

interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved. The Exchange respectfully requests that the Commission waive the 30-day operative delay period after which a proposed rule change under Rule 19b-4(f)(6) becomes effective. The Exchange believes that waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to modify its rules in a timely manner by eliminating rules that account for a service the Exchange intends to discontinue on May 1, 2019, thereby promptly increasing transparency and avoiding potential investor confusion during the operative delay period. Therefore, Exchange requests that the Commission waive the 30 day operative delay.

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amend Rule 11.11 and Rule 11.16, as well as its Fee Schedule, to Delete References to the SWPB Routing Option

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend Rule 11.11 and Rule 11.16, as well as its Fee Schedule, to delete references to the SWPB routing option. The text of the proposed rule change is provided in Exhibit 5.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 11.11(g) (Routing Options) to delete the SWPB routing option under subparagraph (g)(10), as well as references to the SWPB routing option under Rule 11.16(e) (Limit Up-Limit Down Mechanism). The Exchange also proposes to amend its fee schedule to delete references to the SWPB routing options under fee code SW and under footnote 8. The Exchange intends to implement the proposed rule changes on May 1, 2019.

Currently, Rule 11.11(g) provides for a variety of routing away options under which the System⁵ will consider the quotations only of accessible Trading Centers. The term "System routing table" refers to the proprietary process for determining the specific trading

⁵ The "System" is the Exchange's electronic communications and trading facility designated by the Board through which securities orders of Users are consolidated for ranking, execution and, when applicable, routing away. See Exchange Rule 1.5(cc).

venues to which the System routes orders and the order in which it routes them.⁶ Rule 11.13(g)(10) currently provides for SWPB as one of such routing options. SWPB is a routing option under which an order checks the System for available shares and then is sent to only Protected Quotations and only for displayed size. To the extent that any portion of the routed order is unexecuted, the remainder is posted to the EDGX Book at the order's limit price, unless otherwise instructed by the User.⁷ Also, if at the time of entry, there is an insufficient share quantity in the SWPB order to fulfill the displayed size of all Protected Quotations, then the entire SWPB order will be cancelled back to the User immediately. Currently, Rule 11.16 provides for the Regulation NMS Plan to Address Extraordinary Market Volatility (the "Plan") during a pilot period. Specifically, Rule 11.16(e)(5)(D)(2) provides a description of how the two current SWP routing strategies, SWPA and SPWB, are handled in accordance with the Plan when an order to buy utilizing an SWP routing strategy has a limit price that is greater than the Upper Price Band or if a sell order utilizing an SWP routing strategy has a limit price that is less than the Lower Price Band. Additionally, current fee code SW is yielded on orders routed using SWPA or SWPB routing strategies, except for removal of liquidity from the New York Stock Exchange ("NYSE").⁸ Current footnote 8 provides that fee code D will be yielded on orders routed using SWPA or SWPB if such strategy removes liquidity from NYSE.

⁶ The Exchange reserves the right to maintain a different System routing table for different routing options and to modify the System routing table at any time without notice. See Exchange Rule 11.11(g).

⁷ The term "User" is defined as "any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3." See Exchange Rule 1.5(ee).

⁸ Orders that yield fee code SW receive a discounted fee of \$0.0031 per share at or above \$1.00 and 0.30% of Dollar Value per share below \$1.00.

The Exchange has determined that because few Users elect the SWPB routing option, which often experiences no usage for extended periods of time, the current demand does not warrant the infrastructure and ongoing maintenance expenses required to support these products. Therefore, the Exchange now proposes to delete SWPB as a routing option under Rule 11.11(g)(10) and references to the SWPB routing option under Rule 11.16(e)(5)(D)(2). The Exchange proposes to amend Rule 11.11(g) formatting accordingly, changing the numbering of current subparagraphs (g)(11) through (g)(14) to subparagraphs (g)(10) through (g)(13). The Exchange also proposes to amend its fee schedule to delete references to the SWPB routing option under fee code SW, as well as under footnote 8. The Exchange notes that Users seeking to route only to Protected Quotations for displayed size may use the other SWP routing option, SWPA.⁹

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open

market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, The Exchange does not believe that this proposal will permit unfair discrimination among customers, brokers, or dealers because the SWPB routing options will no longer be available to all Users. Also, the Exchange believes the proposed rule change to remove references to SWPB will remove impediments to the mechanism of a free and open market, thereby protecting investors and the public interest. As stated, the Exchange noted that few Users elect the SWPB routing option and has determined that the current demand does not warrant the infrastructure and ongoing maintenance expense required to support these products. Therefore, the Exchange is discontinuing this routing option. The Exchange notes that routing through the Exchange is voluntary and Users are free to designate the alternative SWP routing option, SWPA, currently offered by the Exchange.¹³ In addition, the SWPB routing option is not a core product offering by the Exchange, nor is the Exchange required by the Act to offer such a product. By removing references to a routing option that will no longer be offered by the Exchange, the Exchange believes the proposed rule change will remove impediments to the mechanism of a free and open market and protect investors by providing investors with increased transparency regarding rules that reflect routing options currently available on the Exchange.

¹² Id.

¹³ See supra note 9.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change to remove SWPB is not designed to address any competitive issues but rather to increase transparency by eliminating the SWPB routing option that is to be discontinued by the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6)¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action,

the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

Rule 11.11. Routing to Away Trading Centers

(a)-(f) No change.

(g) Routing Options. The System provides a variety of routing options. Routing options may be combined with all available order types and Times-in-Force instruction, with the exception of order types and Times-in-Force instruction whose terms are inconsistent with the terms of a particular routing option.
