The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.³

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Executions to the close of business on October 20, 2020. Portions of Rule 11.15, explained in further detail below, are currently operating as a pilot program set to expire on April 20, 2020.⁴

On September 10, 2010, the Commission approved, on a pilot basis, changes to EDGA Rule 11.15 that, among other things: (i) provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁵ In 2013, the Exchange adopted a provision designed to address the operation of the Plan.⁶ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) a series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall

nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁷

On December 26, 2018, the Commission published the proposed Eighteenth Amendment⁸ to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the “Limit Up-Limit Down Plan” or the “Plan”)⁹ to allow the Plan to operate on a permanent, rather than pilot, basis. On April 8, 2019, the Exchange amended EDGA Rule 11.15 to untie the pilot program’s effectiveness from that of the Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019 in order allow the Exchange and other national securities exchanges additional time to consider further amendments, if any, to the clearly erroneous execution rules in light of the proposed Eighteenth Amendment to the Plan.¹⁰ On April 17, 2019, the Commission published an approval of the Eighteenth Amendment to allow the Plan to operate on a permanent, rather than pilot, basis.¹¹ Finally, on October 21, 2019, the Exchange amended EDGA Rule 11.15 to extend the pilot’s effectiveness to the close of business on April 20, 2020.¹²

¹² See supra note 4.

The Exchange now proposes to amend EDGA Rule 11.15 to extend the pilot's effectiveness to the close of business on October 20, 2020. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority ("FINRA") will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to EDGA Rule 11.15.

The Exchange does not propose any additional changes to EDGA Rule 11.15. The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a limited six month pilot basis. As the Plan was approved by the Commission to operate on a permanent, rather than pilot, basis the Exchange intends to assess whether additional changes should also be made to the operation of the clearly erroneous execution rules. Extending the effectiveness of EDGA Rule 11.15 for an additional six months should provide the Exchange and other national securities exchanges additional time to consider further amendments, if any, to the clearly erroneous execution rules.

(b) Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹³ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁴ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles

¹³ 15 U.S.C. 78f(b).

¹⁴ 15 U.S.C. 78f(b)(5).

of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁵ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that extending the clearly erroneous execution pilot under EDGA Rule 11.15 for an additional six months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended clearly erroneous executions rule should continue to be in effect on a pilot basis while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange understands that FINRA and other national

¹⁵ Id.

securities exchanges will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No comments were solicited or received on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹⁶ of the Act and Rule 19b-4(f)(6)¹⁷ thereunder. The proposed rule change effects a change that (A) does not significantly affect the protection of investors or the public interest; (B) does not impose any significant burden on competition; and (C) by its terms, does not become operative for thirty (30) days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.¹⁸

The proposed rule change would not significantly affect the protection of investors or the public interest because it seeks to extend the protections provided by the

clearly erroneous executions pilot program, without any changes, while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews. This proposed rule change would also not impose any significant burden on competition because the Exchange understands that the other national securities exchanges and FINRA will also file similar proposals with the Commission to extend their respective clearly erroneous execution pilot programs so that those rules may continue uninterrupted. Accordingly, the Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A) of the Act¹⁹ and paragraph (f)(6) of Rule 19b-4 thereunder.²⁰

At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization, or of the Commission.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on [insert date], Cboe EDGA Exchange, Inc. (the “Exchange” or “EDGA”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Executions to the close of business on October 20, 2020. Portions of Rule 11.15, explained in further detail below, are currently operating as a pilot program set to expire on April 20, 2020.⁵

On September 10, 2010, the Commission approved, on a pilot basis, changes to EDGA Rule 11.15 that, among other things: (i) provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁶ In 2013, the Exchange adopted a provision designed to address the

operation of the Plan.⁷ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) a series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁸

On December 26, 2018, the Commission published the proposed Eighteenth Amendment⁹ to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the “Limit Up-Limit Down Plan” or the “Plan”)¹⁰ to allow the Plan to operate on a permanent, rather than pilot, basis. On April 8, 2019, the Exchange amended EDGA Rule 11.15 to untie the pilot program’s effectiveness from that of the Plan and to extend the pilot’s effectiveness to the close of business on October

18, 2019 in order allow the Exchange and other national securities exchanges additional time to consider further amendments, if any, to the clearly erroneous execution rules in light of the proposed Eighteenth Amendment to the Plan.¹¹ On April 17, 2019, the Commission published an approval of the Eighteenth Amendment to allow the Plan to operate on a permanent, rather than pilot, basis.¹² Finally, on October 21, 2019, the Exchange amended EDGA Rule 11.15 to extend the pilot's effectiveness to the close of business on April 20, 2020.¹³

The Exchange now proposes to amend EDGA Rule 11.15 to extend the pilot's effectiveness to the close of business on October 20, 2020. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority ("FINRA") will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to EDGA Rule 11.15.

The Exchange does not propose any additional changes to EDGA Rule 11.15. The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a limited six month pilot basis. As the Plan was approved by the Commission to operate on a permanent, rather than pilot, basis the Exchange intends to assess whether additional changes should also be made to the operation of the clearly erroneous execution rules. securities exchanges additional time to consider further amendments, if any, to the clearly erroneous execution rules.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁴

Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that extending the clearly erroneous execution pilot under EDGA Rule 11.15 for an additional six months would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule change would also help assure

consistent results in handling erroneous trades across the U.S. equities markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the amended clearly erroneous executions rule should continue to be in effect on a pilot basis while the Exchange and the other national securities exchanges consider and develop a permanent proposal for clearly erroneous execution reviews.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange understands that FINRA and other national securities exchanges will also file similar proposals to extend their respective clearly erroneous execution pilot programs. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No comments were solicited or received on the proposed rule change.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate, it has become effective pursuant to

Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(6)¹⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
