

## BATS to Decommission TCP FAST PITCH Effective July 1, 2011

### **Overview**

Based on limited member usage, effective **Friday, July 1<sup>st</sup>, 2011**, BATS will cease offering depth of book market data via the TCP FAST PITCH protocol. Members actively using FAST PITCH are encouraged to begin migrating to either Multicast PITCH or TCP PITCH as soon as possible.

*Note: BATS Members in the US that are taking BATS European equities market data via FAST PITCH will need to convert to TCP PITCH by the same effective date.*

### **For More Information**

Please refer to the following technical specifications regarding Multicast and TCP PITCH migration options:

- [BATS US Equities/Options Connectivity Manual](#)
- [BATS US Equities/Options Multicast PITCH Specification](#)
- [BATS US Equities TCP PITCH Specification](#)

Please contact the Trade Desk or your Director of Sales regarding any questions related to your migration.
