

URL Change for Market Access Portal (MAP) Online Appointment System

Reference ID: C2018073000

Overview

Currently, Cboe Trading Permit Holders (TPHs) make appointment and bandwidth changes and conduct other Membership functions online using the Market Access Portal (MAP) located at <https://appointments.cboe.com>. Beginning August 1, 2018, access to MAP will transition to <https://map.cboe.com>.

Both URLs will work for one (1) month following the transition; however, Cboe encourages firms to begin using only the new URL when making changes to appointments, bandwidth, or permits, or when processing nominee rotations and parking space assignments.

As of September 1, 2018, <https://appointments.cboe.com> will no longer be supported.

More Information

Please contact [Membership Services](#) with any questions you may have regarding the upcoming transition.

We appreciate your continued support and will work hard every day to keep earning your business by powering your potential to stay ahead of an evolving market. As always, we are committed to our customers and to making markets better as your partner in trading.
