

## Cboe Town Hall on FLEX Trading on the New Cboe Options Exchange Platform

Reference ID: 2019092501

### Overview

Cboe will host a video Town Hall to provide details regarding trading FLEX instruments on the new Cboe Options technology platform, which is scheduled for October 7, 2019, *pending regulatory approval*. All firms interested in trading FLEX options on Cboe are strongly encouraged to attend. If not able to attend in person, participants may connect to the meeting using the information included below.

### Details

The Town Hall will cover the following topics:

- FLEX order entry and trading on the new platform, including the new Silexx front-end application
  - o Open Outcry (including open outcry exposure and crowd response; requirement to route orders to PAR; MMTNs)
  - o AIM auction (including eligible contra-order participants and auction responders)
  - o SAM auction (including eligible contra-order participants and auction responders)
  - o Single-sided auction (including eligible auction responders)
  - o Support for custom strike, custom expiration (except for VIX FLEX options), percentage terms, Asian and Cliquet products
- Silexx order entry
- Silexx CSV file uploads
- Participant authorization (brokers, Market-Makers and give-up firms)

For additional information, please refer to [Flex Info Notice](#)
